PREAMBLE

We, the people of the State of North Carolina, grateful to Almighty God, the Sovereign Ruler of Nations, for the preservation of the American Union and the existence of our civil, political and religious liberties, and acknowledging our dependence upon Him for the continuance of those blessings to us and our posterity, do, for the more certain security thereof and for the better government of this State, ordain and establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

That the great, general, and essential principles of liberty and free government may be recognized and established, and that the relations of this State to the Union and government of the United States and those of the people of this State to the rest of the American people may be defined and affirmed, we do declare that:

Section 1. *The equality and rights of persons.* We hold it to be self-evident that all persons are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, the enjoyment of the fruits of their own labor, and the pursuit of happiness.

Sec. 2. *Sovereignty of the people.* All political power is vested in and derived from the people; all government of right originates from the people, is founded upon their will only, and is instituted solely for the good of the whole.

Sec. 3. *Internal government of the State.* The people of this State have the inherent, sole, and exclusive right of regulating the internal government and police thereof, and of altering or abolishing their Constitution and form of government whenever it may be necessary to their safety and happiness; but every such right shall be exercised in pursuance of law and consistently with the Constitution of the United States.

Sec. 4. *Secession prohibited.* This State shall ever remain a member of the American Union; the people thereof are part of the American nation; there is no right on the part of this State to secede; and all attempts, from whatever source or upon whatever pretext, to dissolve this Union or to sever this Nation, shall be resisted with the whole power of the State.

Sec. 5. *Allegiance to the United States.* Every citizen of this State owes paramount allegiance to the Constitution and government of the United States, and no law or ordinance of the State in contravention or subversion thereof can have any binding force.

Sec. 6. *Separation of powers.* The legislative, executive, and supreme judicial powers of the State government shall be forever separate and distinct from each other.

Sec. 7. *Suspending laws.* All power of suspending laws or the execution of laws by any authority, without the consent of the representatives of the people, is injurious to their rights and shall not be exercised.

Sec. 8. *Representation and taxation.* The people of this State shall not be taxed or made subject to the payment of any impost or duty without the consent of themselves or their representatives in the General Assembly, freely given.

Sec. 9. *Frequent elections.* For redress of grievances and for amending and strengthening the laws, elections shall be often held.

Sec. 10. *Free elections.* All elections shall be free.

Sec. 11. *Property qualifications.* As political rights and privileges are not dependent upon or modified by property, no property qualification shall affect the right to vote or hold office.

Sec. 12. *Right of assembly and petition.* The people have a right to assemble together to consult for their common good, to instruct their representatives, and to apply to the General Assembly for redress of grievances; but secret political societies are dangerous to the liberties of a free people and shall not be tolerated.

Sec. 13. *Religious liberty.* All persons have a natural and inalienable right to worship Almighty God according to the dictates of their own consciences, and no human authority shall, in any case whatever, control or interfere with the rights of conscience.

Sec. 14. *Freedom of speech and press.* Freedom of speech and of the press are two of the great bulwarks of liberty and therefore shall never be restrained, but every person shall be held responsible for their abuse.

Sec. 15. *Education.* The people have a right to the privilege of education, and it is the duty of the State to guard and maintain that right.

Sec. 16. *Ex post facto laws.* Retrospective laws, punishing acts committed before the existence of such laws and by them only declared criminal, are oppressive, unjust, and incompatible with liberty, and therefore no ex post facto law shall be enacted. No law taxing retrospectively sales, purchases, or other acts previously done shall be enacted.

Sec. 17. *Slavery and involuntary servitude.* Slavery is forever prohibited. Involuntary servitude, except as a punishment for crime whereof the parties have been adjudged guilty, is forever prohibited.

Sec. 18. *Courts shall be open.* All courts shall be open; every person for an injury done him in his lands, goods, person, or reputation shall have remedy by due course of law; and right and justice shall be administered without favor, denial, or delay.

Sec. 19. *Law of the land; equal protection of the laws.* No person shall be taken, imprisoned, or disseized of his freehold, liberties, or privileges, or outlawed, or exiled, or in any manner deprived of his life, liberty, or property, but by the law of the land. No person shall be denied the equal protection of the laws; nor shall any person be subjected to discrimination by the State because of race, color, religion, or national origin.

Sec. 20. *General warrants.* General warrants, whereby any officer or other person may be commanded to search suspected places without evidence of the act committed, or to seize any person or persons not named, whose offense is not particularly described and supported by evidence, are dangerous to liberty and shall not be granted.

Sec. 21. *Inquiry into restraints on liberty.* Every person restrained of his liberty is entitled to a remedy to inquire into the lawfulness thereof, and to

remove the restraint if unlawful, and that remedy shall not be denied or delayed. The privilege of the writ of habeas corpus shall not be suspended.

Sec. 22. *Modes of prosecution.* Except in misdemeanor cases initiated in the District Court Division, no person shall be put to answer any criminal charge but by indictment, presentment, or impeachment. But any person, when represented by counsel, may, under such regulations as the General Assembly shall prescribe, waive indictment in noncapital cases.

Sec. 23. *Rights of accused.* In all criminal prosecutions, every person charged with crime has the right to be informed of the accusation and to confront the accusers and witnesses with other testimony, and to have counsel for defense, and not be compelled to give self-incriminating evidence, or to pay costs, jail fees, or necessary witness fees of the defense, unless found guilty.

Sec. 24. *Right of jury trial in criminal cases.* No person shall be convicted of any crime but by the unanimous verdict of a jury in open court. The General Assembly may, however, provide for other means of trial for misdemeanors, with the right of appeal for trial de novo.

Sec. 25. *Right of jury trial in civil cases.* In all controversies at law respecting property, the ancient mode of trial by jury is one of the best securities of the rights of the people, and shall remain sacred and inviolable.

Sec. 26. *Jury service.* No person shall be excluded from jury service on account of sex, race, color, religion, or national origin.

Sec. 27. *Bail, fines, and punishments.* Excessive bail shall not be required, nor excessive fines imposed, nor cruel or unusual punishments inflicted.

Sec. 28. *Imprisonment for debt.* There shall be no imprisonment for debt in this State, except in cases of fraud.

Sec. 29. *Treason against the State.* Treason against the State shall consist only of levying war against it or adhering to its enemies by giving them aid and comfort. No person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court. No conviction of treason or attainder shall work corruption of blood or forfeiture.

Sec. 30. *Militia and the right to bear arms.* A well regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice.

Sec. 31. *Quartering of soldiers.* No soldier shall in time of peace be quartered in any house without the consent of the owner, nor in time of war but in a manner prescribed by law.

Sec. 32. *Exclusive emoluments.* No person or set of persons is entitled to exclusive or separate emoluments or privileges from the community but in consideration of public services.

Sec. 33. *Hereditary emoluments and honors.* No hereditary emoluments, privileges, or honors shall be granted or conferred in this State.

Sec. 34. *Perpetuities and monopolies.* Perpetuities and monopolies are contrary to the genius of a free state and shall not be allowed.

Sec. 35. *Recurrence to fundamental principals.* A frequent recurrence to fundamental principles is absolutely necessary to preserve the blessings of liberty.

Sec. 36. *Other rights of the people.* The enumeration of rights in this Article shall not be construed to impair or deny others retained by the people.

ARTICLE II

(2) Each senate district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a senate district;

(4) When established, the senate districts and the apportionment of Senators shall remain unaltered until the return of another decennial census of population taken by order of Congress.

(1) Each Representative shall represent, as nearly as may be, an equal number of inhabitants, the number of inhabitants that each Representative represents being determined for this purpose by dividing the population of the district that he represents by the number of Representatives apportioned to that district;

(2) Each representative district shall at all times consist of contiguous territory;

(3) No county shall be divided in the formation of a representative district;

(4) When established, the representative districts and the apportionment of Representatives shall remain unaltered until the return of another decennial census of population taken by order of Congress.

Sec. 6. *Qualifications for Senator.* Each Senator, at the time of his election, shall be not less than 25 years of age, shall be a qualified voter of the State, and shall have resided in the State as a citizen for two years and in the district for which he is chosen for one year immediately preceding his election.

Sec. 7. *Qualifications for Representative.* Each Representative, at the time of his election, shall be a qualified voter of the State, and shall have resided in the district for which he is chosen for one year immediately preceding his election.

Sec. 8. *Elections.* The election for members of the General Assembly shall be held for the respective districts in 1972 and every two years thereafter, at the places and on the day prescribed by law.

Sec. 9. *Term of office.* The term of office of Senators and Representatives shall commence on the first day of January next after their election.

Sec. 10. *Vacancies.* Every vacancy occurring in the membership of the General Assembly by reason of death, resignation, or other cause shall be filled in the manner prescribed by law.

Sec. 11. *Sessions.*

(1) *Regular Sessions.* The General Assembly shall meet in regular session in 1973 and every two years thereafter on the day prescribed by law. Neither house shall proceed upon public business unless a majority of all of its members are actually present.

(2) *Extra sessions on legislative call.* The President of the Senate and the Speaker of the House of Representatives shall convene the General Assembly in extra session by their joint proclamation upon receipt by the President of the Senate of written requests therefor signed by three-fifths of all the members of the Senate and upon receipt by the Speaker of the House of Representatives of written requests therefor signed by three-fifths of all the members of the House of Representatives.

Sec. 12. *Oath of members.* Each member of the General Assembly, before taking his seat, shall take an oath or affirmation that he will support the Constitution and laws of the United States and the Constitution of the State of North Carolina, and will faithfully discharge his duty as a member of the Senate or House of Representatives.

Sec. 13. *President of the Senate.* The Lieutenant Governor shall be President of the Senate and shall preside over the Senate, but shall have no vote unless the Senate is equally divided.

Sec. 14. *Other officers of the Senate.*

(1) *President Pro Tempore - succession to presidency.* The Senate shall elect from its membership a President Pro Tempore, who shall become President of the Senate upon the failure of the Lieutenant Governor-elect to qualify, or upon succession by the Lieutenant Governor to the office of Governor, or upon the death, resignation, or removal from office of the President of the Senate, and who shall serve until the expiration of his term of office as Senator.

(2) *President Pro Tempore - temporary succession.* During the physical or mental incapacity of the President of the Senate to perform the duties of his office, or during the absence of the President of the Senate, the President Pro Tempore shall preside over the Senate.

(3) *Other officers.* The Senate shall elect its other officers.

Sec. 15. *Officers of the House of Representatives.* The House of Representatives shall elect its Speaker and other officers.

Sec. 16. *Compensation and allowances.* The members and officers of the General Assembly shall receive for their services the compensation and allowances prescribed by law. An increase in the compensation or allowances of members shall become effective at the beginning of the next regular session of the General Assembly following the session at which it was enacted.

Sec. 17. *Journals.* Each house shall keep a journal of its proceedings, which shall be printed and made public immediately after the adjournment of the General Assembly.

Sec. 18. *Protests.* Any member of either house may dissent from and protest against any act or resolve which he may think injurious to the public or to any individual, and have the reasons of his dissent entered on the journal.

Sec. 19. *Record votes.* Upon motion made in either house and seconded by one fifth of the members present, the yeas and nays upon any question shall be taken and entered upon the journal.

Sec. 20. *Powers of the General Assembly.* Each house shall be judge of the qualifications and elections of its own members, shall sit upon its own adjournment from day to day, and shall prepare bills to be enacted into laws. The two houses may jointly adjourn to any future day or other place. Either house may, of its own motion, adjourn for a period not in excess of three days.

Sec. 21. *Style of the acts.* The style of the acts shall be: "The General Assembly of North Carolina enacts:"

Sec. 22. *Action on bills.* All bills and resolutions of a legislative nature shall be read three times in each house before they become laws, and shall be signed by the presiding officers of both houses.

Sec. 23. *Revenue bills.* No laws shall be enacted to raise money on the credit of the State, or to pledge the faith of the State directly or indirectly for the payment of any debt, or to impose any tax upon the people of the State, or to allow the counties, cities, or towns to do so, unless the bill for the purpose shall have been read three several times in each house of the General Assembly and passed three several readings, which readings shall have been on three different days, and shall have been agreed to by each house respectively, and unless the yeas and nays on the second and third readings of the bill shall have been entered on the journal.

ARTICLE III

EXECUTIVE

Section 1. *Executive power.* The executive power of the State shall be vested in the Governor.

Sec. 2. *Governor and Lieutenant Governor: election, term, and qualifications.*

(1) *Election and term.* The Governor and Lieutenant Governor shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) *Qualifications.* No person shall be eligible for election to the office of Governor or Lieutenant Governor unless, at the time of his election, he shall have attained the age of 30 years and shall have been a citizen of the United States for five years and a resident of this State for two years immediately preceding his election. No person elected to the office of Governor or Lieutenant Governor shall be eligible for election to more than two consecutive terms of the same office.

Sec. 3. *Succession to office of Governor.*

(1) *Succession as Governor.* The Lieutenant Governor-elect shall become Governor upon the failure of the Governor-elect to qualify. The Lieutenant Governor shall become Governor upon the death, resignation, or removal from office of the Governor. The further order of succession to the office of Governor shall be prescribed by law. A successor shall serve for the remainder of the

term of the Governor whom he succeeds and until a new Governor is elected and qualified.

(2) *Succession as Acting Governor.* During the absence of the Governor from the State, or during the physical or mental incapacity of the Governor to perform the duties of his office, the Lieutenant Governor shall be Acting Governor. The further order of succession as Acting Governor shall be prescribed by law.

(3) *Physical incapacity.* The Governor may, by a written statement filed with the Attorney General, declare that he is physically incapable of performing the duties of his office, and may thereafter in the same manner declare that he is physically capable of performing the duties of his office.

(4) *Mental incapacity.* The mental incapacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of two-thirds of all the members of each house of the General Assembly. Thereafter, the mental capacity of the Governor to perform the duties of his office shall be determined only by joint resolution adopted by a vote of a majority of all the members of each house of the General Assembly. In all cases, the General Assembly shall give the Governor such notice as it may deem proper and shall allow him an opportunity to be heard before a joint session of the General Assembly before it takes final action. When the General Assembly is not in session, the Council of State, a majority of its members concurring, may convene it in extra session for the purpose of proceeding under this paragraph.

(5) *Impeachment.* Removal of the Governor from office for any other cause shall be by impeachment.

Sec. 4. *Oath of office for Governor.* The Governor, before entering upon the duties of his office, shall, before any Justice of the Supreme Court, take an oath or affirmation that he will support the Constitution and laws of the United States and of the State of North Carolina, and that he will faithfully perform the duties pertaining to the office of Governor.

Sec. 5. *Duties of Governor.*

(1) *Residence.* The Governor shall reside at the seat of government of this State.

(2) *Information to General Assembly.* The Governor shall from time to time give the General Assembly information of the affairs of the State and recommend to their consideration such measures as he shall deem expedient.

(3) *Budget.* The Governor shall prepare and recommend to the General Assembly a comprehensive budget of the anticipated revenue and proposed expenditures of the State for the ensuing fiscal period. The budget as enacted by the General Assembly shall be administered by the Governor.

The total expenditures of the State for the fiscal period covered by the budget shall not exceed the total of receipts during that fiscal period and the surplus remaining in the State Treasury at the beginning of the period. To insure that the State does not incur a deficit for any fiscal period, the Governor shall continually survey the collection of the revenue and shall effect the necessary economies in State expenditures, after first making adequate provision for the prompt payment of the principal of and interest on bonds and notes of the State according to their terms, whenever he determines that receipts during the fiscal period, when added to any surplus remaining in the State Treasury at the beginning of the period, will not be sufficient to meet budgeted expenditures.

This section shall not be construed to impair the power of the State to issue its bonds and notes within the limitations imposed in Article V of this Constitution, nor to impair the obligation of bonds and notes of the State now outstanding or issued hereafter.

(4) *Execution of laws.* The Governor shall take care that the laws be faithfully executed.

(5) *Commander in Chief.* The Governor shall be Commander in Chief of the military forces of the State except when they shall be called into the service of the United States.

(6) *Clemency.* The Governor may grant reprives, commutations, and pardons, after conviction, for all offenses (except in cases of impeachment), upon such conditions as he may think proper, subject to regulations prescribed by law relative to the manner of applying for pardons. The terms reprives, commutations, and pardons shall not include paroles.

(7) *Extra sessions.* The Governor may, on extraordinary occasions, by and with the advice of the Council of State, convene the General Assembly in extra session by his proclamation, stating therein the purpose or purposes for which they are thus convened.

(8) *Appointments.* The Governor shall nominate and by and with the advice and consent of a majority of the Senators appoint all officers whose appointments are not otherwise provided for.

(9) *Information.* The Governor may at any time require information in writing from the head of any administrative department or agency upon any subject relating to the duties of his office.

(10) *Administrative reorganization.* The General Assembly shall prescribe the functions, powers, and duties of the administrative departments and agencies of the State and may alter them from time to time, but the Governor may make such changes in the allocation of offices and agencies and in the allocation of those functions, powers, and duties as he considers necessary for efficient administration. If those changes affect existing law, they shall be set forth in executive orders, which shall be submitted to the General Assembly not later than the sixtieth calendar day of its session, and shall become effective and shall have the force of law upon adjournment sine die of the session, unless specifically disapproved by resolution of either house of the General Assembly or specifically modified by joint resolution of both houses of the General Assembly.

Sec. 6. *Duties of the Lieutenant Governor.* The Lieutenant Governor shall be President of the Senate, but shall have no vote unless the Senate is equally divided. He shall perform such additional duties as the General Assembly or the Governor may assign to him. He shall receive the compensation and allowances prescribed by law.

Sec. 7. *Other elective officers.*

(1) *Officers.* A Secretary of State, an Auditor, a Treasurer, a Superintendent of Public Instruction, an Attorney General, a Commissioner of Agriculture, a Commissioner of Labor, and a Commissioner of Insurance shall be elected by the qualified voters of the State in 1972 and every four years thereafter, at the same time and places as members of the General Assembly are elected. Their term of office shall be four years and shall commence on the first day of January next after their election and continue until their successors are elected and qualified.

(2) *Duties.* Their respective duties shall be prescribed by law.

(3) *Vacancies.* If the office of any of these officers is vacated by death, resignation, or otherwise, it shall be the duty of the Governor to appoint another to serve until his successor is elected and qualified. Every such vacancy shall be filled by election at the first election for members of the General Assembly that occurs more than 30 days after the vacancy has taken place, and the person chosen shall hold the office for the remainder of the unexpired term fixed in this Section. When a vacancy occurs in the office of any of the officers named in this Section and the term expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill the vacancy for the unexpired term of the office.

(4) *Interim officers.* Upon the occurrence of a vacancy in the office of any one of these officers for any of the causes stated in the preceding paragraph, the Governor may appoint an interim officer to perform the duties of that office until a person is appointed or elected pursuant to this Section to fill the vacancy and is qualified.

(5) *Acting officers.* During the physical or mental incapacity of any one of these officers to perform the duties of his office, as determined pursuant to this Section, the duties of his office shall be performed by an acting officer who shall be appointed by the Governor.

(6) *Determination of incapacity.* The General Assembly shall by law prescribe with respect to those officers, other than the Governor, whose offices are created by this Article, procedures for determining the physical or mental incapacity of any officer to perform the duties of his office, and for determining whether an officer who has been temporarily incapacitated has sufficiently recovered his physical or mental capacity to perform the duties of his office. Removal of those officers from office for any other cause shall be by impeachment.

(7) *Special Qualifications for Attorney General.* Only persons duly authorized to practice law in the courts of this State shall be eligible for appointment or election as Attorney General.

Sec. 8. *Council of State.* The Council of State shall consist of the officers whose offices are established by this Article.

Sec. 10. *Seal of State.* There shall be a seal of the State, which shall be kept by the Governor and used by him as occasion may require, and shall be called "The Great Seal of the State of North Carolina." All grants or commissions shall be issued in the name and by the authority of the State of North Carolina, sealed with "The Great Seal of the State of North Carolina," and signed by the Governor.

Sec. 11. *Administrative departments.* Not later than July 1, 1975, all administrative departments, agencies, and offices of the State and their respective functions, powers, and duties shall be allocated by law among and within not more than 25 principal administrative departments so as to group them as far as

practicable according to major purposes. Regulatory, quasi-judicial, and temporary agencies may, but need not, be allocated within a principal department.

ARTICLE IV

JUDICIAL

Section 1. *Judicial power.* The judicial power of the State shall, except as provided in Section 3 of this Article, be vested in a Court for the Trial of Impeachments and in a General Court of Justice. The General Assembly shall have no power to deprive the judicial department of any power or jurisdiction that rightfully pertains to it as a coordinate department of the government, nor shall it establish or authorize any courts other than as permitted by this Article.

Sec. 2. *General Court of Justice.* The General Court of Justice shall constitute a unified judicial system for purposes of jurisdiction, operation, and administration, and shall consist of an Appellate Division, a Superior Court Division, and a District Court Division.

Sec. 3. *Judicial powers of administrative agencies.* The General Assembly may vest in administrative agencies established pursuant to law such judicial powers as may be reasonably necessary as an incident to the accomplishment of the purposes for which the agencies were created. Appeals from administrative agencies shall be to the General Court of Justice.

Sec. 4. *Court for the Trial of Impeachments.* The House of Representatives solely shall have the power of impeaching. The Court for the Trial of Impeachments shall be the Senate. When the Governor or Lieutenant Governor is impeached, the Chief Justice shall preside over the Court. A majority of the members shall be necessary to a quorum, and no person shall be convicted without the concurrence of two-thirds of the Senators present. Judgment upon conviction shall not extend beyond removal from and disqualification to hold office in this State, but the party shall be liable to indictment and punishment according to law.

Sec. 5. *Appellate division.* The Appellate Division of the General Court of Justice shall consist of the Supreme Court and the Court of Appeals.

Sec. 6. *Supreme Court.*

(1) *Membership.* The Supreme Court shall consist of a Chief Justice and six Associate Justices, but the General Assembly may increase the number of Associate Justices to not more than eight. In the event the Chief Justice is unable, on account of absence or temporary incapacity, to perform any of the duties placed upon him, the senior Associate Justice available may discharge those duties.

(2) *Sessions of the Supreme Court.* The sessions of the Supreme Court shall be held in the City of Raleigh unless otherwise provided by the General Assembly.

Sec. 7. *Court of Appeals.* The structure, organization, and composition of the Court of Appeals shall be determined by the General Assembly. The Court shall have not less than five members, and may be authorized to sit in divisions, or other than en banc. Sessions of the Court shall be held at such times and places as the General Assembly may prescribe.

Sec. 8. *Retirement of Justices and Judges.* The General Assembly shall provide by general law for the retirement of Justices and Judges of the General Court of Justice, and may provide for the temporary recall of any retired Justice or Judge to serve on the court or courts of the division from which he was retired. The General Assembly shall also prescribe maximum age limits service as a Justice or Judge.

Sec. 9. *Superior Courts.*

(1) *Superior Court districts.* The General Assembly shall, from time to time, divide the State into a convenient number of Superior Court judicial districts and shall provide for the election of one or more Superior Court Judges for each district. Each regular Superior Court Judge shall reside in the district for which he is elected. The General Assembly may provide by general law for the selection or appointment of special or emergency Superior Court Judges not selected for a particular judicial district.

(2) *Open at all times; sessions for trial of cases.* The Superior Courts shall be open at all times for the transaction of all business except the trial of issues of fact requiring a jury. Regular trial sessions of the Superior Court shall be held at times fixed pursuant to a calendar of courts promulgated by the Supreme Court. At least two sessions for the trial of jury cases shall be held annually in each county.

(3) *Clerks.* A Clerk of the Superior Court for each county shall be elected for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. If the office of Clerk of the Superior Court becomes vacant otherwise than by the expiration of the term, or if the people fail to elect, the senior regular resident Judge of the Superior Court serving the county shall appoint to fill the vacancy until an election can be regularly held.

Sec. 10. *District Courts.* The General Assembly shall, from time to time, divide the State into a convenient number of local court districts and shall prescribe where the District Courts shall sit, but a District Court must sit in at least one place in each county. District judges shall be elected for each district for a term of four years, in a manner prescribed by law. When more than one District Judge is authorized and elected for a district, the Chief Justice of the Supreme Court shall designate one of the judges as Chief District Judge. Every District Judge shall reside in the district for which he is elected. For each county, the senior regular resident Judge of the Superior Court serving the county shall appoint for a term of two years, from nominations submitted by the Clerk of the Superior Court of the county, one or more Magistrates who shall be officers of the District Court. The number of District Judges and Magistrates shall, from time to time, be determined by the General Assembly. Vacancies in the office of District Judge shall be filled for the unexpired term in a manner prescribed by law. Vacancies in the office of Magistrate shall be filled for the unexpired term in the manner provided for original appointment to the office.

Sec. 11. *Assignment of Judges.* The Chief Justice of the Supreme Court, acting in accordance with rules of the Supreme Court, shall make assignments of Judges of the Superior Court and may transfer District Judges from one district to another for temporary or specialized duty. The principle of rotating Superior Court Judges among the various districts of a division is a salutary one and shall be observed. For this purpose the General Assembly may divide the State into a

number of judicial divisions. Subject to the general supervision of the Chief Justice of the Supreme Court, assignment of District Judges within each local court district shall be made by the Chief District Judge.

Sec. 12. *Jurisdiction of the General Court of Justice.*

(1) *Supreme Court.* The Supreme Court shall have jurisdiction to review upon appeal any decision of the courts below, upon any matter of law or legal inference. The jurisdiction of the Supreme Court over "issues of fact" and "questions of fact" shall be the same exercised by it prior to the adoption of this Article, and the Court may issue any remedial writs necessary to give it general supervision and control over the proceedings of the other courts. The Supreme Court also has jurisdiction to review, when authorized by law, direct appeals from a final order or decision of the North Carolina Utilities Commission.

(2) *Court of Appeals.* The Court of Appeals shall have such appellate jurisdiction as the General Assembly may prescribe.

(3) *Superior Court.* Except as otherwise provided by the General Assembly, the Superior Court shall have original general jurisdiction throughout the State. The Clerks of the Superior Court shall have such jurisdiction and powers as the General Assembly shall prescribe by general law uniformly applicable in every county of the State.

(4) *District Courts: Magistrates.* The General Assembly shall, by general law uniformly applicable in every local court district of the State, prescribe the jurisdiction and powers of the District Courts and Magistrates.

(5) *Waiver.* The General Assembly may by general law provide that the jurisdictional limits may be waived in civil cases.

(6) *Appeals.* The General Assembly shall by general law provide a proper system of appeals. Appeals from Magistrates shall be heard de novo, with the right of trial by jury as defined in this Constitution and the laws of this State.

Sec. 13. *Forms of action; rules of procedure.*

(1) *Forms of Action.* There shall be in this State but one form of action for the enforcement or protection of private rights or the redress of private wrongs, which shall be denominated a civil action, and in which there shall be a right to have issues of fact tried before a jury. Every action prosecuted by the people of the State as a party against a person charged with a public offense, for the punishment thereof, shall be termed a criminal action.

(2) *Rules of procedure.* The Supreme Court shall have exclusive authority to make rules of procedure and practice for the Appellate Division. The General Assembly may make rules of procedure and practice for the Superior Court and District Court Divisions, and the General Assembly may delegate this authority to the Supreme Court. No rule of procedure or practice shall abridge substantive rights or abrogate or limit the right of trial by jury. If the General Assembly should delegate to the Supreme Court the rule-making power, the General Assembly may, nevertheless, alter, amend, or repeal any rule of procedure or practice adopted by the Supreme Court for the Superior Court or District Court Divisions.

Sec. 14. *Waiver of jury trial.* In all issues of fact joined in any court, the parties in any civil case may waive the right to have the issues determined by a jury, in which case the finding of the judge upon the facts shall have the force and effect of a verdict by a jury.

Sec. 15. *Administration.* The General Assembly shall provide for an administrative office of the courts to carry out the provisions of this Article.

Sec. 16. *Terms of office and election of Justices of the Supreme Court, Judges of the Court of Appeals, and Judges of the Superior Court.* Justices of the Supreme Court, Judges of the Court of Appeals, and regular Judges of the Superior Court shall be elected by the qualified voters and shall hold office for terms of eight years and until their successors are elected and qualified. Justices of the Supreme Court and Judges of the Court of Appeals shall be elected by the qualified voters of the State. Regular Judges of the Superior Court may be elected by the qualified voters of the State or by the voters of their respective districts, as the General Assembly may prescribe.

Sec. 17. *Removal of Judges, Magistrates and Clerks.*

(1) *Removal of Judges by the General Assembly.* Any Justice or Judge of the General Court of Justice may be removed from office for mental or physical incapacity by joint resolution of two-thirds of all the members of each house of the General Assembly. Any Justice or Judge against whom the General Assembly may be about to proceed shall receive notice thereof, accompanied by a copy of the causes alleged for his removal, at least 20 days before the day on which either house of the General Assembly shall act thereon. Removal from office by the General Assembly for any other cause shall be by impeachment.

(2) *Additional method of removal of Judges.* The General Assembly shall prescribe a procedure, in addition to impeachment and address set forth in this Section, for the removal of a Justice or Judge of the General Court of Justice for mental or physical incapacity interfering with the performance of his duties which is, or is likely to become, permanent, and for the censure and removal of a Justice or Judge of the General Court of Justice for wilful misconduct in office, wilful and persistent failure to perform his duties, habitual intemperance, conviction of a crime involving moral turpitude, or conduct prejudicial to the administration of justice that brings the judicial office into disrepute.

(3) *Removal of Magistrates.* The General Assembly shall provide by general law for the removal of Magistrates for misconduct or mental or physical incapacity.

(4) *Removal of Clerks.* Any Clerk of the Superior Court may be removed from office for misconduct or mental or physical incapacity by the senior regular resident Superior Court Judge serving the county. Any Clerk against whom proceedings are instituted shall receive written notice of the charges against him at least ten days before the hearing upon the charges. Any Clerk so removed from office shall be entitled to an appeal as provided by law.

Sec. 18. *District Attorney and Prosecutorial Districts.*

(1) *District Attorneys.* The General Assembly shall, from time to time, divide the State into a convenient number of prosecutorial districts, for each of which a District Attorney shall be chosen for a term of four years by the qualified voters thereof, at the same time and places as members of the General Assembly are elected. Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a District Attorney. The District Attorney shall advise the officers of justice in his district, be responsible for the prosecution on behalf of the State of all criminal actions in the Superior Courts of his district, perform such duties related to appeals therefrom as the Attorney

General may require, and perform such other duties as the General Assembly may prescribe.

(2) *Prosecution in District Court Division.* Criminal actions in the District Court Division shall be prosecuted in such manner as the General Assembly may prescribe by general law uniformly applicable in every local court district of the State.

Sec. 19. *Vacancies.* Unless otherwise provided in this Article, all vacancies occurring in the offices provided for by this Article shall be filled by appointment of the Governor, and the appointees shall hold their places until the next election for members of the General Assembly that is held more than 30 days after the vacancy occurs, when elections shall be held to fill the offices. When the unexpired term of any of the offices named in this Article of the Constitution in which a vacancy has occurred, and in which it is herein provided that the Governor shall fill the vacancy, expires on the first day of January succeeding the next election for members of the General Assembly, the Governor shall appoint to fill that vacancy for the unexpired term of the office. If any person elected or appointed to any of these offices shall fail to qualify, the office shall be appointed to, held, and filled as provided in case of vacancies occurring therein. All incumbents of these offices shall hold until their successors are qualified.

Sec. 20. *Revenues and expenses of the judicial department.* The General Assembly shall provide for the establishment of a schedule of court fees and costs which shall be uniform throughout the State within each division of the General Court of Justice. The operating expenses of the judicial department, other than compensation to process servers and other locally paid non-judicial officers, shall be paid from State funds.

Sec. 21. *Fees, salaries, and emoluments.* The General Assembly shall prescribe and regulate the fees, salaries, and emoluments of all officers provided for in this Article, but the salaries of Judges shall not be diminished during their continuance in office. In no case shall the compensation of any Judge or Magistrate be dependent upon his decision or upon the collection of costs.

Sec. 22. *Qualification of Justices and Judges.* Only persons duly authorized to practice law in the courts of this State shall be eligible for election or appointment as a Justice of the Supreme Court, Judge of the Court of Appeals, Judge of the Superior Court, or Judge of District Court. This section shall not apply to persons elected to or serving in such capacities on or before January 1, 1981.

Sec. 8. *Health care facilities.* Notwithstanding any other provisions of this Constitution, the General Assembly may enact general laws to authorize the State, counties, cities or towns, and other State and local governmental entities to issue revenue bonds to finance or refinance for any such governmental entity or

any nonprofit private corporation, regardless of any church or religious relationship, the cost of acquiring, constructing, and financing health care facility projects to be operated to serve and benefit the public; provided, no cost incurred earlier than two years prior to the effective date of this section shall be refinanced. Such bonds shall be payable from the revenues, gross or net, of any such projects and any other health care facilities of any such governmental entity or nonprofit private corporation pledged therefor; shall not be secured by a pledge of the full faith and credit, or deemed to create an indebtedness requiring voter approval of any governmental entity; and may be secured by an agreement which may provide for the conveyance of title of, with or without consideration, any such project or facilities to the governmental entity or nonprofit private corporation. The power of eminent domain shall not be used pursuant hereto for nonprofit private corporations.

Sec. 9. *Capital projects for industry.* Notwithstanding any other provision of this Constitution, the General Assembly may enact general laws to authorize counties to create authorities to issue revenue bonds to finance, but not to refinance, the cost of capital projects consisting of industrial, manufacturing and pollution control facilities for industry and pollution control facilities for public utilities, and to refund such bonds.

All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

Sec. 10. *Joint ownership of generation and transmission facilities.* In addition to other powers conferred upon them by law, municipalities owning or operating facilities for the generation, transmission or distribution of electric power and energy and joint agencies formed by such municipalities for the purpose of owning or operating facilities for the generation and transmission of electric power and energy (each, respectively, "a unit of municipal government") may jointly or severally own, operate and maintain works, plants and facilities, within or without the State, for the generation and transmission of electric power and energy, or both, with any person, firm, association or corporation, public or private, engaged in the generation, transmission or distribution of electric power and energy for resale (each, respectively, "a co-owner") within this State or any state contiguous to this State, and may enter into and carry out agreements with respect to such jointly owned facilities. For the purpose of financing its share of the cost of any such jointly owned electric generation or transmission facilities, a unit of municipal government may issue its revenue bonds in the manner prescribed by the General Assembly, payable as to both principal and interest solely from and secured by a lien and charge on all or any part of the revenue derived, or to be derived, by such unit of municipal government from the ownership and operation of its electric facilities; provided, however, that no unit of municipal government shall be liable, either jointly or severally, for any acts,

omissions or obligations of any co-owner, nor shall any money or property of any unit of municipal government be credited or otherwise applied to the account of any co-owner or be charged with any debt, lien or mortgage as a result of any debt or obligation of any co-owner.

All such capital projects and all transactions therefor shall be subject to taxation to the extent such projects and transactions would be subject to taxation if no public body were involved therewith; provided, however, that the General Assembly may provide that the interest on such revenue bonds shall be exempt from income taxes within the State.

The power of eminent domain shall not be exercised to provide any property for any such capital project.

(2) *Residence period for presidential elections.* The General Assembly may reduce the time of residence for persons voting in presidential elections. A person made eligible by reason of a reduction in time of residence shall possess the other qualifications set out in this Article, shall only be entitled to vote for President and Vice President of the United States or for electors for President and Vice President, and shall not thereby become eligible to hold office in this State.

(3) *Disqualification of felon.* No person adjudged guilty of a felony against this State or the United States, or adjudged guilty of a felony in another state that also would be a felony if it had been committed in this State, shall be permitted to vote unless that person shall be first restored to the rights of citizenship in the manner prescribed by law.

Sec. 9. *Dual office holding.*

(1) *Prohibitions.* It is salutary that the responsibilities of self-government be widely shared among the citizens of the State and that the potential abuse of authority inherent in the holding of multiple offices by an individual be avoided. Sec. 10. *Continuation in office.* In the absence of any contrary provision, all officers in this State, whether appointed or elected, shall hold their positions until other appointments are made or, if the offices are elective, until their successors are chosen and qualified.

ARTICLE VII

"§ 36B-1. *Definitions.*—As used in this Chapter, the following terms have the meanings specified:

(1) 'institution' means an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes;

(2) 'institutional fund' means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (i) a fund held for an institution by a trustee that is not an institution or (ii) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund or (iii) funds other than endowment funds held by a governmental organization;

(3) 'endowment fund' means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument;

(4) 'governing board' means the body responsible for the management of an institution or of an institutional fund;

(5) 'historic dollar value' means the aggregate fair value in dollars of (i) an endowment fund at the time it became an endowment fund, (ii) each subsequent donation to the fund at the time it is made, and (iii) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.

(6) 'gift instrument' means a will, deed, trust, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or held by an institution as an institutional fund.

"§ 36B-2. *Appropriation of appreciation.*—The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized

and unrealized, in the fair value of the assets of an endowment fund over the historic dollar value of the fund as is prudent under the standard established by G.S. 36B-6. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

"§ 36B-3. *Rule of construction.*—G.S. 36B-2 does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only 'income', 'interest', 'dividends', or 'rents, issues or profits', or 'to preserve the principal intact', or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this act.

"§ 36B-4. *Investment authority.*—In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the governing board, subject to any specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may, subject to G.S. 36B-6:

(1) invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or secured obligation of individuals, and obligations of any government or subdivision or instrumentality thereof;

(2) retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable;

(3) include all or any part of an institutional fund in any pooled or common fund maintained by the institution; and

(4) invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or similar organizations in which funds are commingled and investment determinations are made by persons other than the governing board.

"§ 36B-5. *Delegation of investment management.*—Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may:

(1) delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds;

(2) contract with independent investment advisors, investment counsel or managers, banks, or trust companies, so to act; and

(3) authorize the payment of reasonable compensation for investment advisory or management services.

"§ 36B-6. *Standard of conduct.*—In the administration of the powers to appropriate net appreciation, to make and retain investments, and to delegate investment management of institutional funds, members of a governing board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing they shall consider long and short term needs of the institution in carrying out its educational, religious, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

"§ 36B-7. *Release of restrictions on use or investment.*—(a) With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

(b) If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the Superior Court for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The Attorney General shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an endowment fund to a fund that is not an endowment fund.

(c) A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

(d) This section does not limit the application of G.S. 36A-53 or of the doctrine of *cy-pres.*

"§ 36B-8. *Conflict with other law.*—To the extent that the provisions of this Chapter are inconsistent with the provisions of either Chapter 36A or Chapter 55A, the provisions of this Chapter shall control. The provisions of this Chapter shall not apply to The University of North Carolina.

"§ 36B-9. *Uniformity of application and construction.*—This act shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this act among those states which enact it.

"§ 36B-10. *Short title.*—This act may be cited as the 'Uniform Management of Institutional Funds Act'."

Sec. 2. The Revisor of Statutes shall cause the commentary to each section of Chapter 36B to be printed in the General Statutes. AN ACT TO ASSURE CONTINUITY OF CARE FOR INDIVIDUALS WITH MENTAL RETARDATION.

The General Assembly of North Carolina enacts:

Section 1. G.S. 122-55.8 is rewritten to read:

"§ 122-55.8. *Assurance for continuity of care for individuals with mental retardation.*—(a) Any individual with mental retardation admitted for residential care or treatment for other than respite or emergency care to any residential facility operated under the authority of this Chapter and supported all or in part by State appropriated funds has the right to residential placement in an alternative facility if the client is in need of placement and if the original facility can no longer provide the necessary care or treatment.

(b) The operator of a residential facility providing residential care or treatment, for other than respite or emergency care, for individuals with mental retardation shall notify the area authority serving the client's county of residence of his intent to close a facility or to discharge a client who may be in need of continuing care at least 60 days prior to the closing or discharge.

The operator's notification to the area authority of intent to close a facility or to discharge a client who may be in need of continuing care constitutes the operator's acknowledgement of the obligation to continue to serve the client until:

(1) The area authority determines that the client is not in need of continuing care;
(2) The client is moved to an alternative residential placement; or
(3) 60 days have elapsed;

whichever occurs first.

In cases in which the safety of the client who may be in need of continuing care, of other clients, of the staff of the residential facility, or of the general public, is concerned, this 60-day notification period may be waived by securing an emergency placement in a more secure and safe facility. The operator of the residential facility shall notify the area authority that an emergency placement has been arranged within 24 hours of the placement. The area authority and the Secretary shall retain their respective responsibilities upon receipt of this notice.

(c) An individual who may be in need of continuing care may be discharged from a residential facility without further claim for continuing care against the area authority or the State if:

(1) After the parent or guardian, if the client is a minor or an adjudicated incompetent adult, or the client, if an adult not adjudicated incompetent, has entered into a contract with the operator upon the client's admission to the original residential facility, the parent, guardian, or client who entered into the contract refuses to carry out the contract, or
(2) After an alternative placement for a client in need of continuing care is located, the parent or guardian who admitted the client to the residential facility, if the client is a minor or an

adjudicated incompetent adult, or the client if an adult not adjudicated incompetent, refuses the alternative placement.

(d) Decisions made by the area authority regarding the need for continued placement or regarding the availability of an alternative placement of a client may be appealed pursuant to the appeals process of the area authority and subsequently to the Secretary or the Commission under their rules. If the appeal process extends beyond the operator's 60-day obligation to continue to serve the client, the Secretary shall arrange a temporary placement in a State facility for the mentally retarded pending the outcome of the appeal.

(e) The area authority that serves the county of residence of the client is responsible for assessing the need for continuity of care and for the coordination of the placement among available public and private facilities whenever the authority is notified that a client may be in need of continuing care. If an alternative placement is not available beyond the operator's 60-day obligation to continue to serve the client, the Secretary shall arrange for a temporary placement in a State facility for the mentally retarded. The area authority shall retain responsibility for coordination of placement during a temporary placement in a State facility.

(f) The Secretary is responsible for coordinative and financial assistance to the area authority in the performing of its duties and for assuring a continuity of care placement beyond the operator's 60-day obligation period.

(g) The area authority's financial responsibility, through local and allocated State resources, is limited to:

(1) Costs relating to the identification and coordination of alternative placements;

(2) If the original facility is an area facility, maintenance of the client in the original facility for up to 60 days; and

(3) Release of allocated categorical State funds used to support the care or treatment of the specific client at the time of alternative placement if the Secretary requires the release.

(h) In accordance with G.S. 143B-147(a)(1) the Commission shall develop programmatic rules to implement this section, and, in accordance with Part 3 of Article 2F of Chapter 122 of the General Statutes, the Secretary shall adopt budgetary rules to implement this section.

"§ 105-113.69. *License tax; effect of license.*—The taxes imposed in Parts 2 and 3 of this Article are license taxes on the privilege of engaging in the activity authorized by the license. Licenses issued by the State or a local government under this Article authorize the licensee to engage in only those activities that are authorized by the corresponding ABC permit. The activities authorized by each retail ABC permit are described in Article 10 of Chapter 18B, and the activities authorized by each commercial ABC permit are described in Article 11 of that Chapter.

"§ 105-113.70. *Issuance, duration, transfer of license.*—(a) Issuance, Qualifications. Each person who receives an ABC permit shall obtain the corresponding license, if any, under this Article. All State licenses are issued by the Secretary. All local licenses are issued by the city or county where the establishment for which the license is sought is located. The information required to be provided and the qualifications for a State or local license are the same as the information and qualifications required for the corresponding ABC permit. Upon proper application and payment of the prescribed tax, issuance of a State or local license is mandatory if the applicant holds the corresponding ABC permit. No license may be issued under this Article until the applicant has received from the ABC Commission the applicable permit for that activity, and no county license may be issued for an establishment located in a city in that county until the applicant has received from the city the applicable license for that activity.

(b) Duration. All licenses issued under this section are annual licenses for the period from May 1 to April 30.

(c) Transfer. A license may not be transferred from one person to another or from one location to another.

(d) License Exclusive. Neither the State nor a local government may require a license for activities related to the manufacture or sale of alcoholic beverages other than the licenses stated in this Article.

"§ 105-113.71. *Local government may refuse to issue license.*—(a) Refusal to Issue. Notwithstanding G.S. 105-113.70, the governing board of a city or county may refuse to issue a license if it finds that the applicant committed any act or permitted any activity in the preceding year that would be grounds for suspension or revocation of his permit under G.S. 18B-104. Before denying the license, the governing board shall give the applicant an opportunity to appear at a hearing before the board and to offer evidence. The applicant shall be given at least 10 days' notice of the

hearing. At the conclusion of the hearing the board shall make written findings of fact based on the evidence at the hearing. The applicant may appeal the denial of a license to the superior court for that county, if notice of appeal is given within 10 days of the denial.

(b) Local Exceptions. The governing bodies of the following counties and cities in their discretion may decline to issue on-premises unfortified wine licenses: the counties of Alamance, Alexander, Ashe, Avery, Chatham, Clay, Duplin, Granville, Greene, Haywood, Jackson, Macon, Madison, McDowell, Montgomery, Nash, Pender, Randolph, Robeson, Sampson, Transylvania, Vance, Watauga, Wilkes, Yadkin; any city within any of those counties; and the cities of Greensboro, Aulander, Pink Hill, and Zebulon.

"§ 105-113.72. *Cancellation, revocation of license.*—(a) Basis. When the ABC Commission certifies to the Secretary that an ABC permit has been canceled or revoked, the Secretary shall immediately cancel or revoke the corresponding license. The Secretary may revoke a license for failure to pay a license tax or an alcoholic beverage excise tax or for failure to furnish a proper bond.

(b) Tax not Refundable. A person whose license is canceled or revoked is not entitled to a refund of taxes.

"§ 105-113.73. *Misdemeanor.*—Except as otherwise expressly provided, violation of a provision of the ABC law is a misdemeanor and is punishable as provided in G.S. 14-3.

"Part 2. State Licenses.

The city may charge an annual tax of not more than twenty-five percent (25%) of the annual tax for the equivalent State license as set by G.S. 105-113.74.

"Part 4. Excise Taxes, Distribution of Tax Revenue.

"§ 105-113.80. *Excise taxes on beer, wine, and liquor.*—(a) Beer. An excise tax is levied on the sale of malt beverages at the rate of:

(1) forty-eight and three hundred eighty-seven one thousandths cents (48.387¢) per gallon on malt beverages in barrels holding at least seven and three-fourths gallons; and

(2) fifty-three and three hundred seventy-six one thousandths cents (53.376¢) per gallon on malt beverages in cans, bottles, barrels, or other containers holding less than seven and three-fourths gallons.

(b) Wine. An excise tax of twenty-one cents (21¢) per liter is levied on the sale of unfortified wine, and an excise tax of twenty-four cents (24¢) per liter is levied on the sale of fortified wine.

(c) Liquor. An excise tax of twenty-two and one-half percent (22 ½%) of the retail price is levied on liquor sold in ABC stores. Pursuant to G.S. 18B-804(b), the price of liquor on which this tax is computed is the distiller's price plus (i) the State ABC warehouse freight and bailment

charges, and (ii) a markup for local ABC boards. This tax is in lieu of sales and use taxes; accordingly, liquor is exempt from those taxes as provided in G.S. 105-164.13(37).

"§ 105-113.81. *Exemptions.*—(a) Major Disaster. Wholesalers and importers of malt beverages and wine are not required to remit excise taxes on malt beverages or wine rendered unsalable by a major disaster. To qualify for this exemption, the wholesaler or importer shall prove to the satisfaction of the Secretary that a major disaster occurred. A major disaster is the destruction, spoilage, or rendering unsalable of 50 or more cases, or the equivalent, of malt beverages or 25 or more cases, or the equivalent, of wine.

(b) Sales to Oceangoing Vessels. Wholesalers and importers of malt beverages and wine are not required to remit excise taxes on malt beverages and wine sold and delivered for use on oceangoing vessels. An oceangoing vessel is a ship that plies the high seas in interstate or foreign commerce, in the transport of freight or passengers, or both, for hire exclusively. To qualify for this exemption the beverages shall be delivered to an officer or agent of the vessel for use on that vessel. Sales made to officers, agents, crewmen, or passengers for their personal use are not exempt.

(c) Sales to Armed Forces. Wholesalers and importers of malt beverages and wine are not required to remit excise taxes on malt beverages and wine sold to the United States Armed Forces. The Secretary may require malt beverages and wine sold to the Armed Forces to be marked 'For Military Use Only' to facilitate identification of those beverages.

(d) Out-of-State Sales. Wholesalers and importers of malt beverages and wine are not required to remit excise taxes on malt beverages and wine shipped out of this State for resale outside the State.

(e) Tasting. Resident breweries and wineries are not required to remit excise taxes on malt beverages and wine given free of charge to customers, visitors, and employees on the manufacturer's licensed premises for consumption on those premises.

"§ 105-113.82. *Distribution of part of beer and wine taxes.*—(a) Amount, Method. The Secretary shall annually distribute the following percentages of the net amount of excise taxes collected on the sale of malt beverages and wine to the counties and cities in which the retail sale of these beverages is authorized:

(1) Of the tax on malt beverages levied under G.S. 105-113.80(a), twenty-three and three-fourths percent (23 ¾ %);
(2) Of the tax on unfortified wine levied under G.S. 105-113.80(b), sixty-two percent (62%); and
(3) Of the tax on fortified wine levied under G.S. 105-113.80(b), twenty-two percent (22%).

If malt beverages, unfortified wine, or fortified wine may be licensed to be sold at retail in both a county and a city located in the county, both the county and city shall receive a portion of the amount of excise tax to be distributed, that portion to be determined on the basis of population. If one of these beverages may be licensed to be sold at retail in a city located in a county in which the sale of the beverage is otherwise

prohibited, only the city shall receive a portion of the amount of excise tax to be distributed, that portion to be determined on the basis of population. The amounts to be distributed under subdivisions (1), (2), and (3) shall be computed separately.

(b) Reduction in Amount Distributed. Where the sale of malt beverages, unfortified wine, or fortified wine is prohibited in a defined area of a city or county in which the sale of the beverage is authorized, the amount otherwise distributable to the city or county on the basis of population under subsection (a) shall be reduced in the same ratio that the area of the defined area bears to the total area of the city or county, unless the defined area is a city. If the defined area in a county is a city, the reduction in the amount otherwise distributable to the county under subsection (a) shall be based on population instead of area. All reductions shall be retained by the State.

(c) Exception. Notwithstanding subsection (a), in a county in which ABC stores have been established by petition, revenue shall be distributed as though the entire county had approved the retail sale of a beverage whose retail sale is authorized in part of the county.

(d) Time. The distribution shall be made within 60 days after September 30 of each year and shall be based on collections during the preceding 12-month period ending September 30.

(e) Population Estimates. To determine the population of a city or county for purposes of the distribution required by this section, the Secretary shall use the most recent annual estimate of population certified by the State Budget Officer.

(f) City Defined. As used in this section, the term 'city' means a city as defined in G.S. 153A-1(1) or an urban service district defined by the governing body of a consolidated city-county.

(g) Use of Funds. Funds distributed to a county or city under this section may be used for any public purpose.

"Part 5. Administration.

"§ 105-113.83. *Payment of excise taxes.*—(a) Liquor. The excise tax on liquor levied under G.S. 105-113.80(c) is payable monthly by the local ABC board to the Secretary. The tax shall be paid on or before the 15th day of the month following the month in which the tax was collected.

(b) Beer and Wine. The excise taxes on malt beverages and wine levied under G.S. 105-113.80(a) and (b), respectively, are payable to the Secretary by the resident wholesaler or importer who first handles the beverages in this State. The taxes on malt beverages and wine shall be paid only once on the same beverages. The tax shall be paid on or before the 15th day of the month following the month in which the beverage is first sold or otherwise disposed of in this State by the wholesaler or importer. When excise taxes are paid on wine or malt beverages, the wholesaler or importer shall submit to the Secretary verified reports on forms provided by the Secretary detailing sales records for the month for which the taxes are paid. The report shall indicate the amount of excise tax due, contain the information required by the Secretary, and indicate separately any transactions to which the excise tax does not apply.

(c) Railroad Sales License. This section does not affect the duty of a holder of a State railroad sales license to remit excise taxes on alcoholic beverages sold by that licensee in this State, as provided in G.S. 105-113.76.

"§ 105-113.84. *Invoices; report of resident brewery, resident winery, or nonresident vendor.*—(a) Invoice. When a resident brewery, resident winery, or nonresident vendor sells or delivers wine or malt beverages to a North Carolina wholesaler or importer, he shall give that wholesaler or importer two copies of the sales invoice. He shall also file one copy with the Secretary. The invoice shall state:

(1) the name and address of the licensee making the sale or delivery;
(2) the name, address, and license number of the wholesaler or importer receiving the beverages;
(3) the kind of beverage sold or delivered; and
(4) the exact quantities of beverages sold or delivered, specified by size and type of container.

(b) Monthly Report. Each resident brewery, resident winery, or nonresident vendor that sells or delivers wine or malt beverages in North Carolina shall prepare and file with the Secretary a monthly report, on a form provided by the Secretary, stating the exact quantities of those beverages sold to North Carolina wholesalers or importers during the previous month. The report shall specify the size and type of containers sold. The report shall be filed on or before the 15th day of the month following the month in which the beverages are sold or delivered.

"§ 105-113.85. *Discount.*—Each wholesaler or importer who remits the excise taxes on malt beverages or wine may deduct from the amount payable by him a discount of four percent (4%). This discount covers losses due to spoilage and breakage, expenses incurred in preparing the records and reports required by this Article, and the expense of furnishing a bond. No discount is allowed on taxpaid beverages given as free goods for advertising.

"§ 105-113.86. *Bonds.*—(a) Wholesalers and Importers. Each holder of a malt beverage wholesaler license, a wine wholesaler license, or an importer license shall furnish a bond, secured by a corporate surety, in an amount of not less than five thousand dollars ($5,000) nor more than fifty thousand dollars ($50,000) to cover his tax liability. The bond shall be conditioned on compliance with this Article, shall be payable to the State, and shall be in a form acceptable to the Secretary. The Secretary shall proportion the bond amount to the anticipated tax liability of the wholesaler or importer. The Secretary shall periodically review the sufficiency of bonds furnished by wholesalers and importers, and shall increase the amount of a bond required of a wholesaler or importer when the amount of the bond furnished no longer covers the wholesaler's or importer's anticipated tax liability.

(b) Nonresident Vendors. The Secretary may require the holder of a nonresident vendor license to furnish a bond, secured by a corporate surety, in an amount not to exceed two thousand dollars ($2,000). The bond shall be conditioned on compliance with this Article, shall be payable to the State, and shall be in a form acceptable to the Secretary.

"§ 105-113.87. *Refund for excise tax paid on sacramental wine.*—(a) Refund Allowed. A person who purchases wine for the purpose stated in

G.S. 18B-103(8) may obtain a refund from the Secretary for the amount of the excise tax levied under this Article. The Secretary shall make refunds annually.

(b) Application. An applicant for a refund authorized by this section shall file a written request with the Secretary for the refund due for the prior calendar year on or before April 15. The Secretary may by rule prescribe what information and records shall be supplied by the applicant to qualify for the refund.

(c) Late Application. An application for a refund filed later than required in subsection (b) shall be accepted by the Secretary but shall be subject to the following late penalties: an application filed by May 15, twenty-five percent (25%); an application filed after May 15 but no later than October 15, fifty percent (50%). No refund may be made if the application is filed after October 15.

"§ 105-113.88. *Record keeping requirements.*—(a) Requirement. Every person licensed under this Article shall maintain complete and accurate records of all purchases and sales of alcoholic beverages taxable under this Article. These records shall be kept separate from all other records the person keeps. Each person shall also maintain copies of all reports filed with the Secretary and invoices, sales tickets, and other data that substantiate those reports.

(b) Length of Time Records Shall Be Kept. Every person licensed under this Article shall keep the records, reports, and other information required by this section for three years.

"§ 105-113.89. *Other applicable administrative provisions.*—The administrative provisions of Article 9 of this Chapter apply to this Article. In addition, the following administrative provisions of Schedule B of this Chapter apply to the license taxes levied under this Article: G.S. 105-103, 105-104, 105-105, 105-108, 105-109, 105-110, and 105-112. In applying the provisions of Schedule B to this Article, the month 'May' shall be substituted for the month 'July'."

The General Assembly of North Carolina enacts:

Section 1. A city or county in addition to the authority conferred upon them by any general or local law, may by ordinance regulate in any portion or portions of its zoning jurisdiction, the uses of buildings and structures for trade, industry, residence, recreation, public activities or other purposes, and the uses of land for trade, industry, residence, recreation, agriculture, water supply conservation, soil conservation, forestry or other purposes. Provided, however, that no county ordinance may affect bona fide farms, but any use of farm property for nonfarm purposes is subject to such county ordinance.

For any or all of these purposes, the city or county may divide its zoning jurisdiction into districts of any number, shape, and area that may be deemed best suited to carry out the purposes of this act; and within those districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structure or land. All regulations shall be uniform for each class or kind of building throughout each district, but the regulations in one district may differ from those in other districts; provided, however, that the city or county may provide for the creation of conditional use districts in addition to general use districts.

It is the purpose and intent of this act to permit a city or county to create general use districts in which a variety of uses are permitted, and also to create conditional use districts in which uses are permitted only upon the issuance by the governing board of a conditional use permit prescribing the conditions under which such use will be permitted.

A person petitioning for rezoning of a tract of land, where conditional use districts are authorized by ordinance, may elect to request general use district zoning for said tract, or he may elect to request conditional use district zoning for said tract.

If the petitioner elects to petition for general use district zoning, the governing board may not consider the intended use in determining whether to approve or disapprove the petition, but shall consider the full range of uses permitted within the requested general use district. If the petition is approved, the rezoned property may be used for any of the uses permitted in the applicable general use district.

If the petitioner elects to petition for conditional use district zoning, the petitioner must specify the actual use or uses intended for the property specified in the petition, and the intended use or uses must be permitted in the corresponding general use district either by right or by conditional use. If the petition is for conditional use district zoning, the governing board is to approve or disapprove the petition on the basis of the uses requested. If the petition is approved, the governing board shall issue a conditional use permit authorizing the requested use or uses with such reasonable conditions as the governing board determines to be desirable in promoting public health, safety, and general welfare. Every decision of the governing board to issue or deny a conditional use permit shall be subject to review by the Superior Court by proceedings in the nature of certiorari.

The conditions contained in a conditional use permit issued by the governing board may include: Location of the proposed use or uses on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas; the timing of development; and such other matters as the governing board may find appropriate or the petitioner may propose.

'Wages' shall include commissions, bonuses, any sums paid to an employee by an employer pursuant to an order of any court, the National Labor Relations Board, or any other lawfully constituted adjudicative agency or by private agreement, consent, or arbitration for loss of pay by reason of discharge, and the cash value of all remuneration in any medium other than cash. The reasonable cash value of remuneration in any medium other than cash shall be estimated and determined in accordance with rules prescribed by the Commission; provided, if the remuneration of an individual is not based upon a fixed period or duration of time or if the individual's wages are paid at irregular intervals or in such manner as not to extend regularly over the period of employment, the wages for any week or for any calendar quarter for the purpose of computing an individual's right to unemployment benefits only

shall be determined in such manner as may by authorized regulations be prescribed. The regulations shall, so far as possible, secure results reasonably similar to those that would prevail if the individual were paid his wages at regular intervals. The term 'wages' shall not include the amount of any payment with respect to services to, or on behalf of, an individual in its employ under a plan or system established by an employing unit which makes provision for individuals in its employ generally or for a class or classes of such individuals (including any amount paid by an employing unit for insurance or annuities, or into a fund, to provide for any such payment), on account of (i) retirement, or (ii) sickness or accident disability, or (iii) medical and hospitalization expenses in connection with sickness or accident disability or (iv) death. However, in the case of payments made to an employee or any of his dependents on account of sickness or accident disability, only payments which are received under a worker's compensation law shall be excluded from the term 'wages'. Furthermore, the term 'wages' shall not include payment by an employer without deduction from the remuneration of the employee of the tax imposed upon an employee under the Federal Insurance Contributions Act.

b. 'Wages' shall not include any payment made to, or on behalf of, an employee or his beneficiary from or to a trust which qualifies under the conditions set forth in Sections 401(a)(1) and (2) of the Internal Revenue Code of 1954, or under or to an annuity plan which at the time of the payment meets the requirements of Sections 401(a)(3), (4), (5) and (6) of the Code and exempt from tax under Section 501(a) of the Code at the time of the payment, unless the payment is made to an employee of the trust as remuneration for services rendered as an employee and not as beneficiary of the trust.

c. For the purposes of this Chapter, the term 'wages' includes the reasonable amount of gratuities, including tips, that an employee receives directly from a customer and reports to the employer and that the employer considers as salary for the purpose of meeting minimum wage requirements. Effective January 1, 1987, and as long as the Federal Unemployment Tax Act, 26 USC 3301 *et seq.*, contains materially identical requirements, the term 'wages' includes tips which are:

(1) received while performing services that constitute employment; and

(2) included in a written statement furnished to the employer pursuant to the requirements of the Internal Revenue Code."

(I) compensation shall be denied on the basis of such services for any week which commences during a period between two successive academic years or terms if the individual performs such services in the first of the academic years or terms and there is a reasonable assurance that the individual will perform such services in the second of the academic years or terms, except that

(II) if compensation is denied to any individual for any week under subclause (I) and the individual was not offered an opportunity to perform such services for the educational institution for the second of the academic years or terms, the individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of subclause (I); and,

(iii) With respect to any services described in clause (i) or (ii), compensation payable on the basis of such services shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess, and there is a reasonable assurance that such individual will perform such services in the period immediately following the vacation period or holiday recess; and,

"ARTICLE 9.

"Instruments to secure equity lines of credit.

"§ 45-81. *Definition.*—(a) The term 'equity line of credit' means an agreement in writing between a lender and a borrower for an extension of credit pursuant to which:

(1) At any time within a specified period not to exceed 15 years the borrower may request and the lender is obligated to provide, by honoring negotiable instruments drawn by the borrower or otherwise, advances up to an agreed aggregate limit;

(2) Any repayments of principal by the borrower within the specified period will reduce the amount of advances counted against the aggregate limit; and

(3) The borrower's obligation to the lender is secured by a mortgage or deed of trust relating to real property which mortgage or deed of trust shows on its face the maximum principal amount which may be secured at any one time and that it secures an equity line of credit governed by the provisions of this Article.

(b) As used in subdivision (a)(1) of this section, 'lender is obligated' means that the lender is contractually bound to provide advances. The contract must set forth any events of default by the borrower, or other events not within the lender's control, which may relieve the lender from his obligation, and must state whether or not the lender has reserved the right to cancel or terminate the obligation.

(c) At any time when the balance of all outstanding sums secured by a mortgage or deed of trust pursuant to the provisions of this Article is zero, the lender shall, upon the request of the borrower, make written entry upon the security instrument showing payment and satisfaction of the instrument; provided, however, that such security instrument shall remain in full force and effect for the term set forth therein absent the borrower's request for such written entry. Payments made by the lender for insurance, taxes, and assessments and other payments made by the lender pursuant to the deed of trust shall have the same priority as if made at the time of the execution of the mortgage or deed of trust, notwithstanding the maximum principal amount set forth in the mortgage or deed of trust.

"§ 45-83. *Future advances statute shall not apply.*—The provisions of Article 7 of this Chapter shall not apply to an equity line of credit or the instrument securing it, if the instrument shows on its face that it secures an equity line of credit governed by the provisions of this Article.

"§ 45-84. *Article not exclusive.*—Except as otherwise provided in G.S. 45-83, the provisions of this Article are not exclusive, and no mortgage or deed of trust which secures a line of credit or other obligation shall be invalidated by failure to comply with the provisions of this Article."

"§ 113A-164.2. *Declaration of policy and purpose.*—(a) The continued population growth and land development in North Carolina have made it necessary and desirable that areas of natural significance be identified and preserved before they are destroyed. These natural areas are irreplaceable as laboratories for scientific research, as reservoirs of natural materials for uses that may not now be known, as habitats for plant and animal species and biotic communities, as living museums where people may observe natural biotic and environmental systems and the interdependence

of all forms of life, and as reminders of the vital dependence of the health of the human community on the health of the other natural communities.

(b) It is important to the people of North Carolina that they retain the opportunity to maintain contact with these natural communities and environmental systems of the earth and to benefit from the scientific, aesthetic, cultural, and spiritual values they possess. The purpose of this Article is to establish and maintain a State Registry of Natural Heritage Areas and to prescribe methods by which nature preserves may be dedicated for the benefit of present and future citizens of the State.

"§ 113A-164.3. *Definitions.*—As used in this Article, unless the context requires otherwise:

(1) 'Articles of dedication' means the writing by which any estate, interest, or right in a natural area is formally dedicated as a nature preserve as authorized in G.S. 113A-164.6.

(2) 'Dedicate' means to transfer to the State an estate, interest, or right in a natural area in any manner authorized in G.S. 113A-164.6.

(3) 'Natural area' means an area of land, water, or both land and water, whether publicly or privately owned, that (i) retains or has reestablished its natural character, (ii) provides habitat for rare or endangered species of plants or animals, (iii) or has biotic, geological, scenic, or paleontological features of scientific or educational value.

(4) 'Nature preserve' means a natural area that has been dedicated pursuant to G.S. 113A-164.6.

(2) Cooperate or contract with any federal, State, or local government agency, private conservation organization, or person in carrying out the purposes of this Article.

(3) Maintain a Natural Heritage Program to provide assistance in the selection and nomination for registration or dedication of natural areas. The Program shall include classification of natural heritage resources, an inventory of their locations, and a data bank for that information. The Program shall cooperate with the Department of Agriculture in the selection and nomination of areas that contain habitats for endangered and rare plant species, and shall cooperate with the Wildlife Resources Commission in the selection and nomination of areas that contain habitats for endangered and rare animal species. Information from the natural heritage data bank may be made available to public agencies and private persons for environmental assessment and land management purposes. Use of the inventory data for any purpose inconsistent with the Natural

Heritage Program may not be authorized. The Program shall include other functions as may be assigned for registration, dedication, and protection of natural areas and nature preserves.

(4) Prepare a Natural Heritage Plan that shall govern the Natural Heritage Program in the creation of a system of registered and dedicated natural areas.

"§ 113A-164.5. *Registration of natural areas.*—(a) The Secretary shall maintain a State Registry of voluntarily protected natural areas to be called the North Carolina Registry of Natural Heritage Areas. Registration of natural areas shall be accomplished through voluntary agreement between the owner of the natural area and the Secretary. State owned lands may be registered by agreement with the agency to which the land is allocated. Registration agreements may be terminated by either party at any time, and termination removes the area from the Registry.

(b) A natural area shall be registered when an agreement to protect and manage the natural area for its specified natural heritage resource value has been signed by the owner and the Secretary. The owner of a registered natural area shall be given a certificate signifying the inclusion of the area in the Registry.

"§ 113A-164.6. *Dedication of nature preserves.*—(a) The State may accept the dedication of nature preserves on lands deemed by the Secretary to qualify as outstanding natural areas. Articles of dedication shall be recorded in the Office of the Register of Deeds in the county or counties in which the natural area is located.

(b) Articles of dedication may:

(1) Contain restrictions and other provisions relating to management, use, development, transfer, and public access, and may contain any other restrictions and provisions as may be necessary or advisable to further the purposes of this Article;

provide procedures to be followed in case of violation of the restrictions;

(3) Recognize and create reversionary rights, transfers upon conditions or with limitations, and gifts over; and

(4) Vary in provisions from one nature preserve to another in accordance with differences in the characteristics and conditions of the several areas.

(c) Subject to the approval of the Governor and Council of State, the State may enter into amendments of any articles of dedication upon finding that the amendment will not permit an impairment, disturbance, use, or development of the area inconsistent with the purposes of this Article. If the fee simple estate in the nature preserve is not held by the State under this Article, no amendment may be made without the written consent of the owner of the other interests therein.

"§ 113A-164.7. *Nature preserves held in trust.*—Lands dedicated for nature preserves pursuant to this Article are held in trust by the State for those uses and purposes expressed in this Article for the benefit of the people of North Carolina. These lands shall be managed and protected according to regulations adopted by the Secretary. Lands dedicated as a nature preserve pursuant to G.S. 113A-164.6 may not be used for any purpose inconsistent with the provisions of this Article, or disposed of, by the State without a finding by the Governor and Council of State that the other use or disposition is in the best interest of the State.

AN ACT TO PERMIT CITIES AND COUNTIES TO PROVIDE PUBLIC SERVICES THROUGH CONTRACTS WITH PRIVATE AGENCIES.

Whereas, the North Carolina Supreme Court, in the 1979 case of Hughey v. Cloninger, held that there must be specific statutory authority for a local government to take advantage of this constitutional provision; and

Whereas, it would be very difficult and cumbersome to amend each relevant section of the General Statutes to specifically authorize private provision of each separate service of city or county government; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Article 3 of Chapter 160A of the General Statutes is amended by adding a new section to read:

Section 1. Subchapter IX of Chapter 58 of the General Statutes is amended by adding a new Article to read:

"ARTICLE 35.
"Asset Protection Act.

"§ 58-410. *Title.*—This Article shall be known and may be cited as the 'Asset Protection Act'.

"§ 58-411. *Purposes.*—The purposes of this Article are to require insurers to maintain unencumbered assets in amounts equal to reserve liabilities; to provide preferential claims against insurers' assets in favor of owners, beneficiaries, assignees, and holders of insurance policies and

certificates; and to prevent the pledging, hypothecation, or encumbrance of assets in excess of certain amounts without a prior written order of the Commissioner.

"§ 58-412. *Scope.*—This Article applies to all domestic insurers and to all kinds of insurance written by those insurers under this Chapter and General Statutes Chapter 57. This Article does not apply to variable contracts for which separate accounts are required to be maintained nor to county farm mutual companies.

"§ 58-413. *Definitions.*—As used in this Article:

(1) 'Assets' means all property, real or personal, tangible or intangible, legal or equitable, owned by an insurer.

(2) 'Claimants' means any owners, beneficiaries, assignees, certificate holders, or third party beneficiaries of any insurance benefit or right arising out of and within the coverage of an insurance policy covered by this Article.

(3) 'Reserve assets' means those assets of an insurer that are authorized investments for policy reserves in accordance with this Chapter and G.S. 57-8.

(4) 'Reserve liabilities' means those liabilities that are required to be established by an insurer for all of its outstanding insurance policies in accordance with this Chapter and G.S. 57-8.

"§ 58-414. *Exception.*—(a) This Article does not apply to those reserve assets of an insurer that are held, deposited, pledged, hypothecated, or otherwise encumbered as provided in this section to secure, offset, protect, or meet those reserve liabilities of the insurer that are established, incurred, or required under the provisions of a reinsurance agreement whereby the insurer has reinsured the insurance policy liabilities of a ceding insurer, provided:

(1) The ceding insurer and the reinsurer are both licensed to transact business in this State;

(2) Pursuant to a written agreement between the ceding insurer and the reinsurer, reserve assets substantially equal to the reserve liabilities required to be established by the reinsurer on the reinsured business are either (i) deposited by or are withheld from the reinsurer and are in the custody of the ceding insurer as security for the payment of the reinsurer's obligations under the reinsurance agreement, and such assets are held subject to withdrawal by and under the separate or joint control of the ceding insurer, or (ii) deposited and held in a trust account for that purpose and under those conditions with a State or national bank domiciled in this State.

(b) The Commissioner has the right to examine any of such assets, reinsurance agreements, or deposit arrangements at any time in accordance with his authority to make examinations of insurers as conferred by other provisions of this Chapter.

"§ 58-415. *Prohibition of hypothecation.*—(a) Every insurer subject to this Article shall at all times have and maintain free and unencumbered assets in an amount equal to its reserve liabilities. No insurer shall pledge, hypothecate, or otherwise encumber its assets in an amount in excess of the amount of its capital and surplus. No insurer shall pledge, hypothecate,

or otherwise encumber more than ten percent (10%) of its reserve assets. The Commissioner, upon application made to him, may issue a written order approving the pledging, hypothecation, or encumbrance of any of the assets of an insurer in any amount upon a finding that the pledging, hypothecation, or encumbrance will not adversely affect the solvency of the insurer.

(b) Any insurer that pledges, hypothecates, or otherwise encumbers any of its assets shall within 10 days thereafter report in writing to the Commissioner the amount and identity of the assets so pledged, hypothecated, or encumbered and the terms and conditions of the transaction. In addition, the insurer shall file, along with its statement under G.S. 58-21, a statement sworn to by the chief executive officer of the insurer that: (i) Title to assets in an amount equal to the reserve liability of the insurer that are not pledged, hypothecated, or otherwise encumbered is vested in the insurer; (ii) the only assets of the insurer that are pledged, hypothecated, or otherwise encumbered are as identified and reported in the sworn statement and no other assets of the insurer are pledged, hypothecated, or otherwise encumbered; and (iii) the terms and provisions of the transaction of the pledge, hypothecation, or encumbrance are as reported in such sworn statement.

(c) Any person that accepts a pledge, hypothecation, or encumbrance of any asset of an insurer, as security for a debt or other obligation of the insurer, not in accordance with this Article, is deemed to have accepted the asset subject to a superior, preferential, and automatically perfected lien in favor of claimants: Provided, that said lien does not apply to the assets of an insurer in a delinquency proceeding under Article 17A of this Chapter if the Commissioner or the court, whichever is appropriate, approves the pledge, hypothecation, or encumbrance of the assets.

(d) In the event of the liquidation of any insurer subject to this Article, claimants of the insurer shall have a prior and preferential claim against all assets of the insurer except those that have been pledged, hypothecated, or encumbered in accordance with this Article. Subject to G.S. 58-155.15(a), all claimants have equal status; and their prior and preferential claims are superior to any claim or cause of action against the insurer by any other person."

AN ACT TO AMEND THE CHARTER OF THE TOWN OF GARNER CONCERNING ZONING REGULATIONS.

The General Assembly of North Carolina enacts:

Section 1. Article VI of the Garner Town Charter, as set forth in Section 1 of Chapter 333 of the Session Laws of 1977 is amended by adding three new sections to read:

"Section 6.3. Conditional Use Zoning.

A. In addition to the authority contained in Article 19 of Chapter 160A of the General Statutes, the Town may provide within its land use

ordinance for the creation and amendment of conditional use zoning districts in accordance with the provisions of this section and other applicable law. Within a conditional use district, uses shall be permissible only upon the issuance by the Board of Aldermen of a conditional use permit. This differentiates these conditional use districts from general use districts, in which a variety of uses are permissible, some requiring only a site permit from the zoning administrator, some a special use permit issued by the board of adjustment, and some a conditional use permit issued by the board of aldermen.

B. In establishing any conditional use district, the board of aldermen may, in lieu of setting forth all of the regulations applicable to such district, incorporate by reference all of the regulations applicable to any other general use zoning district created by the town's land use ordinance, subject to such exceptions and additions as the board, in the exercise of its legislative discretion, deems appropriate. The ordinance creating the conditional use district may not set forth exceptions that are less stringent than those of the referenced general use district, but may provide (by way of illustration without limitation) that only one or a few of the uses permitted within the referenced general use district shall be permissible within the conditional use district, or that increased setback distances shall apply within the conditional use district.

C. A conditional use zoning district may be applied to particular property only upon the submission by the property owner or a person acting on his behalf of a petition seeking an amendment to the official zoning map to have the zoning classification of his property changed to such conditional use zoning district.

"Section 6.4. Overlay Districts.

A. In addition to the authority conferred in Article 19 of Chapter 160A of the General Statutes, the Town may provide within its land use ordinance for the creation and amendments of overlay zoning districts in accordance with the provisions of this section and the applicable law. These overlay districts may be applied to certain designated areas within which development should be made subject to certain restrictions over and above those applicable to the underlying General Use Districts.

B. Overlay Districts may be established in designated areas where critical concern is recognized for protection of natural systems (such as the groundwater, surfacewater, drainageways, flood hazard areas, areas of poor soils, etc.), and for promotion of quality in man-made systems (such as preserving or improving scenic views along major thoroughfares, etc.), or for achieving other public objectives (such as infill development or other forms of revitalization) in specially designated areas.

C. Within these Overlay Districts, any development that occurs must be in compliance not only with the regulations applicable to the underlying General Use Districts but also with the additional requirements of the overlay districts. In instances of conflict, the Overlay District regulations shall take precedence.

"Section 6.5. Aesthetics Standards for Special Planning Districts.

A. The Board of Aldermen may, under authority of Section 6.4 of this charter or other provisions of law, establish an overlay district applicable to designated special planning districts within the town's planning

jurisdiction. Within these districts, the town may adopt regulations providing for special setback lines, buffer areas, screening, and landscaping and other matters affecting aesthetics in these districts. The Board may provide that not only shall these regulations apply to new developments but that developments in existence on the effective date of such regulations shall comply with them within a reasonable period of not less than three years as established in the ordinance.

B. Nothing in this section shall be interpreted to diminish in any way any authority otherwise available to the Town, including without limitation the authority to require the termination of nonconforming uses or situations after a reasonable amortization period."

Sec. 2. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 6th day of June, 1985.

The General Assembly of North Carolina enacts:

Section 1. Section 2 of the Charter of the Town of Holly Springs, as found in Chapter 110 of the 1951 Session Laws is amended by adding a new subdivision to read:

"(7) In addition to the authority conferred upon it by general or local law, the Town of Holly Springs may create, through the legislative process, general use zoning districts, in which a variety of uses are permitted; conditional use zoning districts, in which limited uses are permitted only upon approval by the Town; overlay zoning districts, which are applied coincidental with the general or conditional use district; and transitional zoning regulations.

The overlay zoning districts may impose additional regulations on some property within the underlying general or conditional use district and not on all properties within those districts.

A person petitioning for rezoning of a tract of land where conditional use districts or overlay districts are authorized by ordinance, may elect to request a general use district, a conditional use district, or an overlay district for the tract. If the petitioner elects to petition for the general use or overlay district zoning, and if the petition is approved, the rezoned property may be used for any of the uses permitted in the applicable general use or overlay district. If the petitioner elects to petition for conditional use district zoning, the petition must specify the actual use or uses, and all other development regulations authorized by State law, which are intended for the property specified in the petition. The intended use or uses and development regulations must be permitted in the corresponding general use district. If the petition is for conditional use district zoning, the Town Board of Commissioners is to approve or disapprove the petition on the basis of the specific use or uses and development regulations requested. If the petition is approved, the Town Board of Commissioners shall issue a conditional use permit authorizing

the requested use with such reasonable conditions as the Town Board of Commissioners determines to be desirable in promoting public health, safety and general welfare.

The conditions contained in a conditional use permit issued by the Town Board of Commissioners may include: location of the proposed use on the property; the number of dwelling units; the location and extent of support facilities such as parking lots, driveways, and access streets; location and extent of buffer areas and other special purpose areas; the timing of development; and such other matters as the Town Board of Commissioners may find appropriate or the petitioner may propose, including architectural review or controls.

It is the further intent of this subdivision to permit the creation of districts for specific uses and the imposition of reasonable conditions in order to secure the public health, safety and welfare, and ensure that substantial justice be done."

In computing such period, the day of publication is not to be included, but the day of the hearing shall be included.

only as special uses; and overlay zoning districts which may be applied coincidentally with general or special use districts and which may impose additional regulations on all or part of the underlying district or districts. The County of Wake may promulgate transitional zoning regulations to minimize the effect of potential or proposed development upon dissimilar adjoining districts or uses.

A person petitioning for rezoning of a tract of land where special use districts are authorized by ordinance may elect to request a general use district, a special use district, or an overlay district for the tract. If the petitioner requests a general use or an overlay district zoning and if the petition is approved, the rezoned property may be used for any of the uses permitted in the applicable general use or overlay district. If the petitioner requests special use district zoning, the petition must specify the proposed use or uses for all property specified in the petition and must specify all State and local development regulations which will apply to the property if developed as proposed. The use or uses proposed for a special use district must be permitted uses in the corresponding general use district.

(2) Report to the Board of Commissioners each appointment or removal of an officer or employee at the next Board meeting following such appointment or removal.

(3) Direct and supervise the administration of all departments, offices and agencies of the Town, subject to the general direction and control of the Board, except as otherwise provided by law.

(4) Attend all meetings of the Board, unless excused therefrom, and recommend any measures that he deems expedient.

(5) Prepare and submit the annual budget and capital program to the Board.

(6) Keep the Board fully advised as to the financial condition of the Town and annually submit to the Board, and make available to the public, a complete report of the finances and administrative activities of the Town at the end of the fiscal year.

(7) Make any other reports that the Board may require concerning the operation of the Town departments, offices and agencies subject to his direction and control.

(8) Perform any other duties that may be required or authorized by the Board, or as required by law.

"Sec. 4.3. *Town Attorney.* The Board of Commissioners shall appoint a Town Attorney who shall be licensed to engage in the practice of law in the State of North Carolina. Upon request by the Board of Commissioners, it shall be the duty of the Town Attorney to defend suits against the Town; to advise the Mayor, Board of Commissioners and other Town officials with respect to the affairs of the Town; to draft legal documents relating to the affairs of the Town; to inspect and pass upon agreements, contracts, franchises and other instruments with which the Town may be concerned; to attend meetings of the Board of Commissioners, and to perform other duties as the Board may direct.

"Sec. 4.4. *Town Clerk.* The Board of Commissioners shall appoint a Town Clerk to keep a journal of the proceedings of the Board, to maintain in a safe place all records and documents pertaining to the affairs of the Town, and to perform such other duties as may be required by law or as the Board of Commissioners may direct.

"Sec. 4.5. *Town Finance Officer.* The Town Manager shall appoint a Town Finance Officer to perform the duties of the finance officer as required by the Local Government Budget and Fiscal Control Act.

"Sec. 4.6. *Town Tax Collector.* The Town Manager shall appoint a Town Tax Collector to collect all taxes, licenses, fees and other revenues accruing to the Town, subject to the General Statutes, the provisions of this Charter and the ordinances of the Town. The Town Tax Collector shall diligently comply with and enforce all the laws of North Carolina relating to the collection of taxes and other revenues by municipalities.

"Sec. 4.7. *Consolidation of Functions.* The Board of Commissioners may provide for the consolidation of any two or more positions of Town Manager, Town Clerk, Town Tax Collector and Town Finance Officer, or may assign the functions of any one or more of these positions to the holder or holders of any other of these positions, subject to the Local Government Budget and Fiscal Control Act.

"Sec. 4.8. *Other Administrative Officers and Employees.* Consistent with applicable State laws, the Board of Commissioners may establish other positions, provide for the appointment of other administrative officers and employees, and generally organize the Town government in order to promote the orderly and efficient administration of the affairs of the Town.

"ARTICLE V. PUBLIC IMPROVEMENTS.

"Sec. 5.1. *Assessments for Street and Sidewalk Improvements; Petition Unnecessary.* (a) In addition to any authority which is now or hereafter may be granted by general law to the Town for making street improvements the Board of Commissioners is hereby authorized to make street improvements and to assess the cost thereof against abutting property owners in accordance with the provisions of this Section.

(b) The Board of Commissioners may order street improvements and assess the cost thereof against the abutting property owners, exclusive of the costs incurred at street intersections, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes without the necessity of a petition, upon the finding by the Board as fact:

(1) That the street improvement project does not exceed 2,000 linear feet, and

(2) That such street or part thereof is unsafe for vehicular traffic, and it is in the public interest to make such improvements, or

(3) That it is in the public interest to connect two streets, or portions of a street already improved, or

(4) That it is in the public interest to widen a street, or part thereof, which is already improved, provided, that assessments for widening any street or portion of street without a petition shall be limited to the cost of widening and otherwise improving such streets in accordance with the street classification and thoroughfare or major street plan for the particular street or part thereof to be widened and improved under the authority granted by this Article.

(c) For the purpose of this Article, the term 'street improvement' shall include grading, regrading, surfacing, resurfacing, widening, paving, repaving, the acquisition of right-of-way, and the construction or reconstruction of curbs, gutters and street drainage facilities.

(d) In addition to any authority which is now or may hereafter be granted by general law to the Town for making sidewalk improvements, the Board is hereby authorized without the necessity of a petition, to make or to order to be made sidewalk improvements or repairs according to standards and specifications of the Town, and to assess the total cost thereof against abutting property owners, according to one or more of the assessment bases set forth in Article 10 of Chapter 160A of the North Carolina General Statutes; provided however, that regardless of the assessment basis or bases employed, the Board of Commissioners may order the cost of sidewalk improvements made only on one side of a street to be assessed against property owners abutting both sides of such street.

(e) In ordering street or sidewalk improvements without a petition and assessing the cost thereof under authority of this Article, the Board shall comply with the procedure provided by Article 10, Chapter 160A of the General Statutes, except those provisions relating to the petition of property owners and the sufficiency thereof.

(f) The effect of the act of levying assessments under the authority of this Article shall for all purposes be the same as if the assessments were levied under authority of Article 10 of Chapter 160A of the General Statutes.

"Sec. 5.2. *Establishment of Proposed Street Lines.* (a) Whenever, in the opinion of the Board of Commissioners, it is in the best interest of the Town to do so, the Board may make provision for the ultimate widening or extension or both of existing streets and for opening new streets, and for the gradual acquisition of the lands necessary for such improvements, in accordance with the procedure established by this Section.

(b) Platting of Proposed Street Lines. From and after the time of adoption of a major street plan by the Board of Commissioners and the Board of Transportation pursuant to provisions of G.S. 136-66.2, the Board shall have power to request, make, or cause to be made, from time to time, surveys for the exact locating of the lines of new, extended, widened or narrowed streets and highways in the whole or any portion of the Town and the area within its outside zoning and subdivision control jurisdiction. Personnel making such surveys are empowered to enter upon lands, make examinations or surveys, and place and maintain necessary monuments thereon, at reasonable times and with due care for the property. A plat or plats of the area or areas thus surveyed shall be prepared on which are indicated the locations of the lines recommended as the planned or mapped lines of future streets, street extensions, street widenings, or street narrowings. The preparation of such plat or plats shall not in and of itself constitute or be deemed to constitute the opening or establishment of any streets or the taking or acceptance of any land for street purposes.

(c) Adoption of Official Map; Hearing; Notice. Following the preparation of such plats, the Board may officially adopt a map or maps of planned new streets and highways, extensions, widenings, narrowings, or vacations of streets within the Town and the territory within its

extraterritorial zoning and subdivision control jurisdiction. Before taking any such action, the Board shall hold a public hearing thereon, notice of the time and place of which shall have been given once a week for two successive weeks in a newspaper having general circulation in the Town and by posting such notice at four public places in the Town and at four public places within the affected area outside the corporate boundaries. Such notice shall be published or posted for the first time not less than 15 days prior to the date fixed for said hearing. Following adoption of such map or maps the Board shall certify a copy to the Register of Deeds of Wake County, which copy shall be duly filed. The placing of any street or street line upon any official map or maps shall not in and of itself constitute or be deemed to constitute the opening or establishment of any street or the taking or acceptance of any land for street purposes.

(d) Right of Town to Acquire Property Before Improvement. From and after the time of adoption and certification to the Register of Deeds of any such map or maps, it shall be unlawful to build upon any land within the lines of proposed streets shown thereon or to repair or otherwise improve any existing buildings within such lines until the Board shall have been given an opportunity to purchase or otherwise acquire the property for street purposes as provided by this Section. To that end, any person proposing to build upon such land or to make repairs or improvements to any existing building on such land shall, in writing, notify the Board of the nature and estimated cost of such building, repairs or improvements. The Board shall then determine whether it will take necessary steps to acquire the land prior to construction of said building or the making of said repairs or improvements. If the Board fails, within 60 days from the receipt of such notice, to acquire, adopt a formal resolution directing an appropriate officer to acquire, or institute condemnation proceedings to acquire the property, then the owner or other person giving notice may proceed to erect the building or to make the repairs or improvements described in such notice. The building inspector is authorized to withhold and refrain from issuing, for a period not exceeding 60 days from receipt by the Board of the notice herein prescribed, any building permit for the erection of any building within the lines, or for the making of any repairs or improvements to existing buildings within such lines.

(e) Failure to Give Written Notice; Bar to Recovery for Value of Improvements. If any person, firm or corporation builds upon any land included within the proposed street lines, or repairs or otherwise improves that part of any existing building within such lines, without giving the Board an opportunity to acquire the property free from improvements, as provided in this Section, the Board shall not be required to pay for the value of such building, repairs, or improvements in any proceeding subsequently brought to acquire the land for the purpose shown on the officially adopted map or maps.

(f) Failure of the Town to Act; No limit to Subsequent Condemnation. The failure of the Board of Commissioners to take action under Subsection (d) of this Section within 60 days after notice shall not have the effect of limiting the right of the Board at any subsequent time to condemn the land in question. In such case, however, the owner shall be entitled to full compensation as now provided by law for the building, repairs, or

improvements made after the failure of the Board to take action within the prescribed period.

"Sec. 5.3. *Acceptance of Dedications.* In addition to any other authority granted the Town to acquire land for streets and other purposes, the Town shall have power to accept by resolution the dedication of any land or interest in land for street, utility or other Town purposes, both inside and outside the coporate limits, whether such dedication is made or offered by deed, by recorded plat or otherwise. Notwithstanding the provisions of G.S. 136-96 or any other provisions of law, the acceptance of a street or street easement by resolution adopted pursuant to this Section shall constitute a completed dedication and acceptance, and such dedication shall not thereafter be withdrawn except with written permission of the Board.

"Sec. 5.4. *Cleaning and Repair of Sidewalks.* It shall be the duty of every property owner in the Town to maintain in good and safe repair and to keep clean and free of debris, trash, ice, snow, and other obstacles upon the sidewalks abutting his property.

The Board of Commissioners may by ordinance establish a procedure whereby Town employees may repair or may clean any sidewalk or remove therefrom any debris, trash, ice or snow upon failure of the abutting property owner, after adequate notice and opportunity to be heard, to do so. In such event, the cost of such repair, cleaning, or removal shall become a lien upon the abutting property equivalent to the lien for ad valorem taxes and may thereafter be collected either by suit in the name of the Town or by foreclosure of the lien in the same manner and subject to the same rules, regulations, costs and penalties as provided by law for the foreclosure of the lien on real estate for ad valorem taxes.

"ARTICLE VI. SPECIAL PROVISIONS.

"Sec. 6.1. *Police Officers' Jurisdiction.* All policemen and other law enforcement officers of the Town charged with the duty of making arrests or otherwise enforcing the criminal laws are hereby authorized and empowered to make arrests, enforce the criminal laws and to serve any and all process at any point or place in Wake County within a distance of one mile from the corporate limits of the Town, but not within the corporate limits of any other municipality.

"Sec. 6.2. *Settlement of Claims.* The Board of Commissioners may authorize the Town Manager to settle claims against the Town for personal injury or damage to property when the amount involved does not exceed the sum of one thousand dollars ($1,000) and does not exceed the actual loss sustained, including loss of time, medical expenses, and any other expense actually incurred. All such settlements shall be approved by the Town Attorney.

"Sec. 6.3. *Conditional Use Zoning.* (a) In addition to the authority contained in Article 19 of Chapter 160A of the General Statutes, the Town may provide within its land use ordinance for the creation and amendment of conditional use zoning districts in accordance with the provisions of this Section and other applicable law. Within a conditional use district, uses

shall be permissible only upon the issuance by the Board of Commissioners of a conditional use permit. This differentiates these conditional use districts from general use districts, in which a variety of uses are permissible, but subject to specific site development standards.

(b) In establishing any conditional use district, the Board of Commissioners may, in lieu of setting forth all of the regulations applicable to such district, incorporate by reference all of the regulations applicable to any other general use zoning district created by the Town's land use ordinance, subject to such exceptions and additions as the Board, in the exercise of its legislative discretion, deems appropriate. The ordinance creating the conditional use district may not set forth exceptions that are less stringent than those of the referenced general use district, but may provide (by way of illustration without limitation) that only one or a few of the uses permitted within the referenced general use district shall be permissible within the conditional use district, or that increased setback distances shall apply within the conditional use district.

(c) A conditional use zoning district may be applied to particular property only upon the submission by the property owner or a person acting on his behalf of a petition seeking an amendment to the official zoning map to have the zoning classification of his property changed to such conditional use zoning district.

"Sec. 6.4. *Overlay Districts.* (a) In addition to the authority conferred in Article 19 of Chapter 160A of the General Statutes, the Town may provide within its land use ordinance for the creation and amendments of overlay zoning districts in accordance with the provisions of this section and the applicable law. These overlay districts may be applied to certain designated areas within which development should be made subject to certain restrictions over and above those applicable to the underlying general use districts.

(b) Overlay districts may be established in designated areas where critical concern is recognized for protection of natural systems (such as the groundwater, surfacewater, drainageways, flood hazard areas, areas of poor soils, etc.), and for promotion of quality in man-made systems (such as preserving or improving scenic views along major thoroughfares, etc.), or for achieving other public objectives (such as infill development or other forms of revitalization) in specially designated areas.

(c) Within these overlay districts, any development that occurs must be in compliance not only with the regulations applicable to the underlying general use districts but also with the additional requirements of the overlay districts. In instances of conflict, the overlay district regulations shall take precedence."

Sec. 2. The purpose of this act is to revise the Charter of the Town of Apex and to consolidate herein certain acts concerning the property, affairs and government of the Town. It is intended to continue without interruption those provisions of prior acts which are consolidated into this act, so that all rights and liabilities that have accrued are preserved and may be enforced.

Sec. 3. This act shall not be deemed to repeal, modify or in any manner affect any of the following acts, portions of acts, or amendments

thereto, whether or not such acts, portions of acts, or amendments are expressly set forth herein:

(1) Any acts concerning the property, affairs or government of public schools in the Town of Apex.

(2) Any acts validating, confirming, approving, or legalizing official proceedings, actions, contracts, or obligations of any kind.

Sec. 4. The following acts or portions of acts, having served the purposes for which they were enacted, or having been consolidated into this act are hereby repealed: Chapter 996 of the Session Laws of 1951, except for Section 34 of that act; and Chapter 581 of the Session Laws of 1957. All clauses of laws omitted from this section and in conflict with the provisions of this act are also hereby repealed.

Sec. 5. No provision of this act is intended, nor shall be construed, to affect in any way any rights or interests, whether public or private:

(1) Now vested or accrued, in whole or in part, the validity of which might be sustained or preserved by reference to any provisions of law repealed by this act.

(2) Derived from, or which might be sustained or preserved in reliance upon, action heretofore taken pursuant to or within the scope of any provisions of law repealed by this act.

Sec. 6. No law heretofore repealed expressly or by implication, and no law granting authority which has been exhausted, shall be revived by:

(1) The repeal herein of any act repealing such law, or

(2) Any provision of this act that disclaims an intention to repeal or affect enumerated or designated laws.

Sec. 7. (a) All existing ordinances and resolutions of the Town of Apex and all existing rules or regulations of departments or agencies of the Town of Apex, not inconsistent with the provisions of this act, shall continue in full force and effect until repealed, modified or amended.

(b) No action or proceeding of any nature, whether civil or criminal, judicial or administrative, or otherwise, pending at the effective date of this act by or against the Town of Apex or any of its departments or agencies shall be abated or otherwise affected by the adoption of this act.

Sec. 8. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable.

Sec. 9. Whenever a reference is made in this act to a particular provision of the General Statutes, and such provision is later amended, repealed or superseded, the reference shall be deemed amended to refer to the amended General Statute, or to the General Statute which most clearly corresponds to the statutory provision which is repealed or superseded.

Sec. 10. This act is effective upon its ratification; provided, that the Mayor and Board of Commissioners in office at the time this Charter takes effect shall continue in office until their successors are elected and qualify.

In the General Assembly read three times and ratified, this the 7th day of June, 1985.

H.B. 690 **CHAPTER 357**

AN ACT CONCERNING LOCAL MATTERS IN ORANGE AND CHATHAM COUNTIES.

The General Assembly of North Carolina enacts:

Section 1. Chapter 660 of the Session Laws of 1969 (the Carrboro Town Charter) is amended by adding a new section to read:

"Sec. 5.05. *Off-Street Parking Fund.* The Board of Aldermen may establish a fund into which payments from individual firms, persons, corporations, or property owners shall be deposited for the purpose of providing off-street parking facilities, and from which appropriations shall be made exclusively for the purpose of organizing, establishing, developing, or enlarging off-street parking facilities within the Town. The Board of Aldermen may provide in its land use ordinance that all developers must either provide adequate off-street parking (on site or off site) to serve their developments, or pay a fee to the Town's off-street parking facilities fund based on the number of required parking spaces not provided."

Sec. 2. Chapter 660 of the Session Laws of 1969 (the Carrboro Town Charter) is amended by adding a new Article to Chapter V, Subchapter E, to read:

"ARTICLE 4. IMPACT FEES.

"Sec. 5.131. *Impact Fees Authorized.* (a) The Board of Aldermen may provide by ordinance for a system of impact fees to be paid by developers to help defray the costs to the town of constructing certain capital improvements, the need for which is created in substantial part by the new development that takes place within the town and its extraterritorial planning area.

(b) For purposes of this Article, the term capital improvements includes capital improvements to public streets, bridges, sidewalks, bikeways, and on and off street surface water drainage ditches, pipes, culverts, and other drainage facilities.

(c) An ordinance adopted under this Article may be made applicable to all development that occurs within the town and its extraterritorial planning area, as established by local act or pursuant to the procedures set forth in G.S. 160A-360.

(d) The town may, with the approval of the Orange County Board of Commissioners, construct capital improvements outside the town limits but within the town's extraterritorial planning area and may cooperate with the State in the construction of capital improvements to State highway system streets within this area as well as within the town.

"Sec. 5.132. *Amount of Fees.* (a) In establishing the amount of any impact fee, the town shall endeavor to approach the objective of having every development contribute to a capital improvements fund an amount of revenue that bears a reasonable relationship to that development's fair share of the costs of the capital improvements that are needed in part because of that development. In fulfilling this objective, the Board of Aldermen shall, among other steps and actions:

(1) Estimate the total cost of improvements by category (e.g., streets, sidewalks, drainage ways, etc.) that will be needed to provide in a reasonable manner for the public health, safety and welfare of persons residing within the town and its extraterritorial planning area during a reasonable planning period not to exceed 20 years. The Board may divide the town and its extraterritorial area into two or more districts and estimate the costs of needed improvements within each district. These estimates shall be periodically reviewed and updated, and the planning period used may be changed from time to time.

(2) Establish a percentage of the total costs of each category of improvement that, in keeping with the objective set forth above, should fairly be borne by those paying the impact fee.

(3) Establish a formula that fairly and objectively apportions the total costs that are to be borne by those paying impact fees among various types of developments. By way of illustration without limitation:

a. In the case of street improvements, the impact fee may be related to the number of trips per day generated by different types of uses according to recognized estimates;

b. In the case of drainage improvements, the impact fee may be related to the size of a development, the amount of impervious surface the development has, or other factors that bear upon the degree to which a development contributes to the need for drainage improvements made at public expense.

"Sec. 5.133. *Capital Improvements Reserve Funds; Expenditures.* (a) Impact fees received by the town shall be deposited in a capital improvements reserve fund or funds established under Chapter 159 of the General Statutes, Article 3, Part 2. Such funds may be expended only on the type of capital improvements for which such impact fees were established, and then only in accordance with the provision of subsection (b) of this section.

(b) In order to ensure that impact fees paid by a particular development are expended on capital improvements that benefit that development, the town shall establish for each category of capital improvement for which it collects an impact fee at least two geographical districts or zones, and impact fees generated by developments within those districts or zones must be spent on improvements that are located within or that benefit property located within those districts or zones.

"Sec. 5.134. *Credits for Improvements.* An ordinance adopted under this Article shall make provision for credits against required fees when a developer installs improvements of a type that generally would be paid for by the town out of a capital reserve account funded by impact fees. The ordinance may spell out the circumstances under which a developer will be allowed to install such improvements and receive such credits.

"Sec. 5.135. *Appeals Procedure.* An ordinance adopted under this Article may provide that any person aggrieved by a decision regarding an impact fee may appeal to the Carrboro Board of Adjustment. If the ordinance establishes an appeals procedure, it shall spell out the time within which the appeal must be taken to the board of adjustment, the

possible grounds for an appeal and the board's authority in the matter, whether the fee must be paid prior to resolution of the appeal, and other procedural or substantive matters related to appeals. Any decision by the board of adjustment shall be subject to review by the superior court by proceedings in the nature of *certiorari* in the same manner as is provided in G.S. 160A-388(e).

"Sec. 5.136. *Payment of Impact Fees.* An ordinance adopted under this Article shall spell out when in the process of development approval and construction impact fees shall be paid and by whom. By way of illustration without limitation, the ordinance may provide that an applicant for a building permit shall submit the impact fee along with the permit application and that building permits shall not be issued until the impact fee has been paid.

"Sec. 5.137. *Refunds.* If this Article or any ordinance adopted thereunder is declared to be unconstitutional or otherwise invalid, then any impact fees collected shall be refunded to the person paying them together with interest at the rate established under G.S. 105-241.1, being the same rate paid by the Secretary of Revenue on refunds for tax overpayments.

"Sec. 5.138. *Limitations on Actions.* (a) Any action contesting the validity of an ordinance adopted under this Article must be commenced not later than nine months after the effective date of such ordinance.

(b) Any action seeking to recover an impact fee must be commenced not later than nine months after the impact fee is paid."

Sec. 3. Chapter 660 of the Session Laws of 1969 (the Carrboro Town Charter) is amended by adding a new section to Chapter VII to read:

"Sec. 8.02. *Recreation Fees in Lieu of Facilities.* The Board of Aldermen may establish a fund into which payments from developers or property owners may be deposited for the purpose of providing open space areas or recreational facilities and from which appropriations shall be made exclusively for the purpose of acquiring or improving open space areas or recreational facilities that are reasonably expected to benefit or serve the residents of the development generating such funds. The Board of Aldermen may provide in its land use ordinance that all developers or developers of certain types of projects shall either provide open space and recreational facilities according to standards set forth in the ordinance or pay a fee in accordance with a town-established schedule to the town's open space and recreational facilities fund. The town may also provide in the land use ordinance that under specified circumstances such fee shall be required in lieu of the reservation or dedication of open space or recreational facilities."

Sec. 4. G.S. 153A-18 is amended by adding a new subsection (c) to read:

"(c) Two or more counties may establish the boundary between them pursuant to subsection (a), above, by the use of base maps prepared from orthophotography, which base maps show the monuments of the United States Geological Survey and North Carolina State Plane Coordinate System established pursuant to Chapter 102 of the General Statutes. Upon ratification of the location of the boundary determined from orthophotography by the board of commissioners of each county, the map

showing the boundary and the monuments of the United States Geological Survey and North Carolina State Plane Coordinate System shall be recorded in the Office of the Register of Deeds of each county and in the Secretary of State's office. The map shall contain a reference to the date of each resolution of ratification and to the page in the minutes of each board of commissioners where the resolution may be found. Upon recordation, the map is conclusive as to the location of the boundary."

Sec. 5. Section 4 of this act applies to Orange and Chatham Counties only.

Sec. 6. Chapter 660 of the Session Laws of 1969, (the Carrboro Town Charter) is amended by adding a new Section 5.90 to read:

"Sec. 5.90. *Sprinkler Systems.* Notwithstanding any provision of the North Carolina State Building Code or any general or local law to the contrary, the Board of Aldermen may adopt an ordinance requiring that sprinkler systems be installed in all of the following types of buildings constructed within the town or its extraterritorial planning jurisdiction: (i) buildings in excess of 50 feet in height; (ii) nonresidential buildings containing at least 5,000 square feet of floor surface area; or (iii) buildings designed for assembly occupancy (as defined in the North Carolina State Building Code) that accommodate more than 25 people. This ordinance applies to existing buildings only to the extent and under the circumstances that the provisions of the North Carolina State Building Code apply to preexisting buildings."

Sec. 7. This act is effective upon ratification.

The General Assembly of North Carolina enacts:

Section 1. Article 16 of Chapter 153A of the General Statutes is amended by designating the existing Article as Part 1, "County Service Districts", and by adding a new Part 2, to read as follows:

"Part 2.
"County Research and Production Service Districts.

"§ 153A-310. *Purposes for which districts may be established.*—The board of commissioners of any county may define a county research and

production service district in order to finance, provide, and maintain for the district any service, facility, or function that a county or a city is authorized by general law to provide, finance, or maintain. Such a service, facility, or function shall be financed, provided, or maintained in the district either in addition to or to a greater extent than services, facilities, or functions are financed, provided, or maintained for the entire county.

"§ 153A-311. *Definition of research and production service district.*—(a) Standards. The board of commissioners may by resolution establish a research and production service district for any area of the county that, at the time the resolution is adopted, meets the following standards:

(1) All real property in the district is being used for or is subject to covenants that limit its use to research or scientifically oriented production or for associated commercial or institutional purposes.
(2) The district contains at least 4,000 acres.
(3) The district includes research and production facilities that in combination employ at least 5,000 persons.
(4) All real property located in the district was at one time or is currently owned by a nonprofit corporation, which developed or is developing the property as a research and production park.
(5) A petition requesting creation of the district signed by at least fifty percent (50%) of the owners of real property in the district who own at least fifty percent (50%) of total area of the real property in the district has been presented to the board of commissioners. In determining the total area of real property in the district and the number of owners of real property, there shall be excluded (1) real property exempted from taxation and real property classified and excluded from taxation and (2) the owners of such exempted or classified and excluded property.
(6) The district has no more than 25 permanent residents.
(7) There exists in the district an association of owners and tenants, to which at least seventy-five percent (75%) of the owners of real property belong, which association can make the recommendations provided for in G.S. 153A-312.
(8) There exist deed-imposed conditions, covenants, restrictions, and reservations that apply to all real property in the district other than property owned by the federal government.
(9) No part of the district lies within the boundaries of any incorporated city or town.

The Board of Commissioners may establish a research and production service district if, upon the information and evidence it receives, the Board finds that:

(1) The proposed district meets the standards set forth in this subsection; and
(2) It is impossible or impracticable to provide on a countywide basis the additional or higher levels of services, facilities, or functions proposed for the district; and
(3) It is economically feasible to provide the proposed services, facilities, or functions to the district without unreasonable or burdensome tax levies.

(b) Multi-county districts. If an area that meets the standards for creation of a research and production service district lies in more than one county, the boards of commissioners of those counties may adopt concurrent resolutions establishing a service district, even if that portion of the district lying in any one of the counties does not by itself meet the standards. Each of the county boards of commissioners shall follow the procedure set out in this section for creation of a service district.

If a multi-county service district is established, as provided in this subsection, the boards of commissioners of the counties involved shall jointly determine whether the same appraisal and assessment standards apply uniformly throughout the district. This determination shall be set out in concurrent resolutions of the boards. If the same appraisal and assessment standards apply uniformly throughout the district, the boards of commissioners of all the counties shall levy the same rate of tax for the district, so that a uniform rate of tax is levied for district purposes throughout the district. If the boards determine that the same standards do not apply uniformly throughout the district, the boards shall agree on the extent of divergence between the counties and on the resulting adjustments of tax rates that will be necessary in order that an effectively uniform rate of tax is levied for district purposes throughout the district.

The boards of commissioners of the counties establishing a multi-county service district pursuant to this subsection may, by concurrent resolution, provide for the administration of services within the district by one county on behalf of all the establishing counties.

(c) Report. Before the public hearing required by subsection (d), the board of commissioners shall cause to be prepared a report containing:

(1) A map of the proposed district, showing its proposed boundaries;

(2) A statement showing that the proposed district meets the standards set out in subsection (a); and

(3) A plan for providing one or more services, facilities, or functions to the district.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(d) Hearing and notice. The board of commissioners shall hold a public hearing before adopting any resolution defining a service district under this section. Notice of the hearing shall state the date, hour, and place of the hearing and its subject, and shall include a map of the proposed district and a statement that the report required by subsection (c) is available for public inspection in the office of the clerk to the board. The notice shall be published at least once not less than one week before the date of the hearing. In addition, it shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the proposed district. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed and his certificate is conclusive in the absence of fraud.

(e) Effective date. The resolution defining a service district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board of commissioners.

"§ 153A-312. *Advisory Committee.*—The board or boards of commissioners, in the resolution establishing a research and production service district, shall also provide for an advisory committee for the district. Such a committee shall have at least 10 members, serving terms as set forth in the resolution; one member shall be the representative of the developer of the research and production park. The resolution shall provide for the appointment or designation of a chairman. The board of commissioners or, in the case of a multi-county service district, the boards of commissioners shall appoint the members of the advisory committee. If a multi-county service district is established, the concurrent resolutions establishing the district shall provide how many members of the advisory committee are to be appointed by each board of commissioners. Before making the appointments, the appropriate board shall request the association of owners and tenants, required by G.S. 153A-311(a), to submit a list of persons to be considered for appointment to the committee; the association shall submit at least two names for each appointment to be made. Except as provided in the next two sentences, the board of commissioners shall make the appointments to the committee from the list of persons submitted. In addition, the developer of the research and production park shall appoint one person to the advisory committee as the developer's representative on the committee. In addition, in a single county service district, the board of commissioners may make two additional appointments of such other persons as the board of commissioners deems appropriate, and in a multi-county service district, each board of county commissioners may make one additional appointment of such other person as that board of commissioners deems appropriate. Whenever a vacancy occurs on the committee in a position filled by appointment by a board of commissioners, the appropriate board, before filling the vacancy, shall request the association to submit the names of at least two persons to be considered for the vacancy; and the board shall fill the vacancy by appointing one of the persons so submitted, except that if the vacancy is in a position appointed by the board of commissioners under the preceding sentence of this section, the board of commissioners making that appointment shall fill the vacancy with such person as that board of commissioners deems appropriate.

Each year, before adopting the budget for the service district and levying the tax for the district, the board or boards of commissioners shall request recommendations from the advisory committee as to the level of services, facilities, or functions to be provided for the district for the ensuing year. The board or boards of commissioners shall, to the extent permitted by law, expend the proceeds of any tax levied for the district in the manner recommended by the advisory board.

"§ 153A-313. *Extension of service districts.*—(a) Standards. A board of commissioners may by resolution annex territory to a research and production service district upon finding that:

(1) The conditions, covenants, restrictions, and reservations required by G.S. 153A-311(a)(8) that apply to all real property in the

research district, other than property owned by the federal government, also apply or will apply to the property, other than property owned by the federal government, to be annexed.

(2) One hundred percent (100%) of the owners of real property in the area to be annexed have petitioned for annexation.

(3) The district, following the annexation, will continue to meet the standards set out in G.S. 153A-311(a).

(4) The area to be annexed requires the services, facilities, or functions financed, provided, or maintained for the district.

(5) The area to be annexed is contiguous to the district.

(b) Report. Before the public hearing required by subsection (c), the board shall cause to be prepared a report containing:

(1) A map of the district and the adjacent territory proposed to be annexed, showing the present and proposed boundaries of the district; and

(2) A statement showing that the area to be annexed meets the standards and requirements of subsection (a) of this section.

The report shall be available for public inspection in the office of the clerk to the board for at least four weeks before the date of the public hearing.

(c) Hearing and notice. The board shall hold a public hearing before adopting any resolution extending the boundaries of a service district. Notice of the hearing shall state the date, hour and place of the hearing and its subject, and shall include a statement that the report required by subsection (b) of this section is available for inspection in the office of the clerk to the board. The notice shall be published at least once not less than four weeks before the hearing. In addition, the notice shall be mailed at least four weeks before the date of the hearing by any class of U.S. mail which is fully prepaid to the owners as shown by the county tax records as of the preceding January 1 (and at the address shown thereon) of all property located within the area to be annexed. The person designated by the board to mail the notice shall certify to the board that the mailing has been completed, and the certificate shall be conclusive in the absence of fraud.

(d) Effective Date. The resolution extending the boundaries of the district shall take effect at the beginning of a fiscal year commencing after its passage, as determined by the board.

"§ 153A-314. *Required provision or maintenance of services.*—(a) New District. When a county or counties define a research and production service district, it or they shall provide, maintain, or let contracts for the services for which the district is being taxed within a reasonable time, not to exceed one year, after the effective date of the definition of the district.

(b) Extended District. When a territory is annexed to a research and production service district, the county or counties shall provide, maintain, or let contracts for the services provided or maintained throughout the district to property in the area annexed to the district within a reasonable time, not to exceed one year, after the effective date of the annexation.

"§ 153A-315. *Abolition of service districts.*—A board or boards of county commissioners may by resolution abolish a research and production service district upon finding that (i) a petition requesting abolition, signed by at least fifty percent (50%) of the owners of real property in the district who

own at least fifty percent (50%) of the total area of real property in the district, has been submitted to the board or boards; and (ii) there is no longer a need for such service district. In determining the total area of real property in the district and the number of owners of real property, there shall be excluded (1) real property exempted from taxation and real property classified and excluded from taxation and (2) the owners of such exempted or classified and excluded property. The board or boards shall hold a public hearing before adopting a resolution abolishing a district. Notice of the hearing shall state the date, hour, and place of the hearing, and its subject, and shall be published at least once not less than one week before the date of the hearing. The abolition of any service district shall take effect at the end of a fiscal year following passage of the resolution, as determined by the board or boards. If a multi-county service district is established, it may be abolished only by concurrent resolution of the board of commissioners of each county in which the district is located.

"§ 153A-316. *Taxes authorized; rate limitation.*—A county may levy property taxes within a research and production service district in addition to those levied throughout the county, in order to finance, provide, or maintain for the district services provided therein in addition to or to a greater extent than those financed, provided, or maintained for the entire county. In addition, a county may allocate to a service district any other revenues whose use is not otherwise restricted by law. The proceeds of taxes only within a service district may be expended only for services provided for the district.

Property subject to taxation in a newly established district or in an area annexed to an existing district is that subject to taxation by the county as of the preceding January 1.

Such additional property taxes may not be levied within any district established pursuant to this Article in excess of a rate of ten cents ($.10) on each one hundred dollars ($100.00) value of property subject to taxation."

Sec. 2. No municipality may annex any or all of the following described territory in Durham or Wake Counties pursuant to Parts 2 or 3 of Article 4A of Chapter 160A of the General Statutes, or under any procedure other than Parts 1 or 4 of that Article:

The General Assembly of North Carolina enacts:

Section 1. G.S. 115C-47 is amended by adding a new subdivision to read:

"(28) To enter lease purchase contracts for automobiles. Local boards may purchase automobiles by installment contracts that create in the property purchased a security interest to secure payment of the purchase

The lease purchase contract shall provide that there be no recourse for default in payments under the contract other than return of the automobile. The taxing power of any tax levying authority is not and may not be pledged directly or indirectly to secure any moneys due the seller."

Sec. 2. The second sentence of G.S. 115C-522(a) is amended by rewriting the proviso to read: "Provided, that no contracts shall be made by any local school administrative unit for purchases unless provision has been made in the budget of the unit to pay for the purchases, unless surplus funds are on hand to pay for the purchases, or unless the contracts are made pursuant to G.S. 115C-47(28) and adequate funds are available to pay in the current fiscal year the sums obligated for the current fiscal year, and in order to protect the State purchase contractor, it is made the duty of the governing authorities of the local units to pay for these purchases promptly and in accordance with the terms of the contract of purchase."

"§ 66-180. *Definitions.*—As used in this Article, unless the context requires otherwise:

(3) 'Franchise agreement' means a written or oral contract or agreement between a dealer and a wholesaler, manufacturer, or distributor by which the dealer is granted the right to sell or distribute goods or services, or use a trade name, trademark, service mark, logo type, or advertising or other commercial symbol.

(5) 'Net cost' means the price the dealer paid the supplier for the inventory, less all applicable discounts allowed, plus the amount the dealer paid for freight costs from the supplier's location to the dealer's location, plus reasonable cost of assembly or disassembly performed by the dealer.

(6) 'Supplier' means a wholesaler, manufacturer, or distributor who enters into a franchise agreement with a dealer.

(7) 'Termination' of a franchise agreement means the termination, cancellation, nonrenewal, or noncontinuance of the agreement.

"§ 66-181. *Usage of trade.*—The terms 'utility' and 'industrial', when used to refer to equipment, implements, machinery, attachments, or repair parts, shall have the meaning commonly used and understood among dealers and suppliers of farm equipment as a usage of trade in accordance with G.S. 25-1-205(2).

"§ 66-182. *Notice of termination of franchise agreements.*—(a) Notwithstanding any agreement to the contrary, a supplier who terminates a franchise agreement with a dealer shall notify the dealer of the termination not less than 90 days prior to the effective date of the termination; however, the supplier may immediately terminate the agreement at any time after the occurrence of any of the following events:

(1) A petition under bankruptcy or receivership law has been filed against the dealer;

(2) The dealer has made an intentional misrepresentation with the intent to defraud the supplier;

(3) Default by the dealer under a chattel mortgage or other security agreement between the dealer and the supplier;

(4) Close out or sale of a substantial part of the dealer's business related to the handling of goods; the commencement or dissolution or liquidation of the dealer if the dealer is a partnership or corporation; or a change, without the prior written approval of the supplier, in the location of the dealer's principal place of business under the agreement;

(6) Revocation or discontinuance of any guarantee of the dealer's present or future obligations to the supplier.

(b) Notwithstanding any agreement to the contrary, a dealer who terminates a franchise agreement with a supplier shall notify the supplier of the termination not less than 30 days prior to the effective date of the termination.

"§ 66-183. *Supplier's duty to repurchase.*—(a) Whenever a dealer enters into a franchise agreement in which the dealer agrees to maintain an inventory, and the agreement is terminated by either party, the supplier shall repurchase the dealer's inventory as provided in this Article unless the dealer chooses to keep the inventory.

(b) Whenever a dealer enters into a franchise agreement in which the dealer agrees to maintain an inventory, and the dealer or the majority stockholder of the dealer, if the dealer is a corporation, dies or becomes incompetent, the supplier shall, at the option of the heir, personal representative, or guardian of the dealer, or the person who succeeds to the stock of the majority stockholder, repurchase the inventory as if the agreement had been terminated. The heir, personal representative, guardian, or succeeding stockholder has one year from the date of the death of the dealer or majority stockholder to exercise the option under this Article.

"§ 66-184. *Repurchase terms.*—(a) The supplier shall repurchase from the dealer within 90 days after termination of the franchise agreement

all inventory previously purchased from the supplier that remains unsold on the date of termination of the agreement.

(b) The supplier shall pay the dealer:

(2) Ninety percent (90%) of the current net price of all new, unused, undamaged repair parts; and

(3) Eighty-five percent (85%) of the current net price of all new, unused, undamaged, superseded repair parts.

(c) The supplier may, within 90 days after the date of termination of the franchise agreement, audit the dealer's books or records to verify the eligibility of the inventory for repurchase.

(d) The supplier shall pay the cost of shipping the inventory from the dealer's location and shall pay the dealer five percent (5%) of the current net price of all new, unused, undamaged repair parts returned, to cover the cost of handling, packing, and loading. The supplier may perform the handling, packing, and loading instead of paying the five percent (5%) for the services. The dealer and the supplier may each furnish a representative to inspect all parts and certify their acceptability when packed for shipment.

(e) The supplier shall pay the full repurchase amount to the dealer not later than 30 days after receipt of the inventory. If the dealer has any outstanding debts to the supplier, then the repurchase amount may be credited to the dealer's account.

"§ 66-185. *Exceptions to repurchase requirement.*—This Article does not require the repurchase from a dealer of:

(1) A repair part with a limited storage life or otherwise subject to deterioration, such as gaskets or batteries, except for industrial 'press on' or industrial pneumatic tires;

(2) A single repair part that is priced as a set of two or more items;

(3) A repair part that, because of its condition, is not resalable as a new part without repackaging or reconditioning;

(5) Any inventory that the dealer chooses to keep;

(6) Any inventory that was ordered by the dealer after either party's receipt of notice of termination of the franchise agreement; and

(7) Any inventory that was acquired by the dealer from a source other than the supplier.

"§ 66-186. *Uniform commercial practice.*—(a) This Article does not affect a security interest of the supplier in the inventory of the dealer.

(b) A repurchase of inventory under this Article shall not be subject to the bulk sales provisions of Article 6 of Chapter 25 of the General Statutes.

"§ 66-187. *Warranty obligations.*—(a) Whenever a supplier and a dealer enter into a franchise agreement, the supplier shall pay any warranty claim made by the dealer for warranty parts or service within 30 days

after its approval. The supplier shall approve or disapprove a warranty claim within 30 days after its receipt. If a claim is not specifically disapproved in writing within 30 days after its receipt it is approved and payment must follow within 30 days.

(b) Whenever a supplier and a dealer enter into a franchise agreement, the supplier shall indemnify and hold harmless the dealer against any judgment for damages or any settlement agreed to by the supplier, including court costs and a reasonable attorney's fee, arising out of a complaint, claim, or lawsuit including negligence, strict liability, misrepresentation, breach of warranty, or recision of the sale, to the extent the judgment or settlement relates to the manufacture, assembly, or design of inventory, or other conduct of the supplier beyond the dealer's control.

"§ 66-188. *Failure to repurchase; civil remedy.*—(a) If a supplier fails or refuses to repurchase any inventory covered under the provisions of this Article within the time periods established in G.S. 66-184, the supplier is civilly liable for one hundred percent (100%) of the current net price of the inventory, any freight charges paid by the dealer, the dealer's reasonable attorney's fee and court costs, and interest on the current net price of the inventory computed at the legal rate of interest from the 91st day after termination of the franchise agreement.

(b) Notwithstanding any agreement to the contrary, and in addition to any other legal remedies available, any person who suffers monetary loss due to a violation of this Article or because he refuses to accede to a proposal for an arrangement that, if consummated, is in violation of this Article, may bring a civil action to enjoin further violations and to recover damages sustained by him together with the costs of the suit, including a reasonable attorney's fee.

(c) A civil action commenced under the provisions of this Article shall be brought within four years after the violation complained of is or reasonably should have been discovered, whichever occurs first."

H.B. 1005 **CHAPTER 443**

AN ACT TO CONFORM PAYMENTS OF NORTH CAROLINA ESTIMATED TAX PENALTIES FOR INDIVIDUALS TO FEDERAL ESTIMATED TAX PAYMENT PENALTIES.

The General Assembly of North Carolina enacts:

Section 1. G.S. 105-163.11 through G.S. 105-163.14 are repealed.

Sec. 2. G.S. 105-163.15 is rewritten to read:

"§ 105-163.15. *Failure by individual to pay estimated income tax; penalty.*—(a) In the case of any underpayment of the estimated tax by an individual, there shall be added to the tax imposed under Article 4 for the taxable year an amount determined by applying the applicable annual rate established under G.S. 105-241.1(i) to the amount of the underpayment for the period of the underpayment.

(b) For purposes of subsection (a), the amount of the underpayment shall be the excess of the required installment, over the amount, if any, of the installment paid on or before the due date for the installment. The period of the underpayment shall run from the due date for the installment to whichever of the following dates is the earlier: (i) the fifteenth day of the fourth month following the close of the taxable year, or (ii) with respect to any portion of the underpayment, the date on which such portion is paid. A payment of estimated tax shall be credited against unpaid required installments in the order in which such installments are required to be paid.

(c) For purposes of this section there shall be four required installments for each taxable year with the time for payment of the installments as follows:

(1) First installment - April 15 of taxable year;
(2) Second installment - June 15 of taxable year;
(3) Third installment - September 15 of taxable year; and
(4) Fourth installment - January 15 of following taxable year.

(d) Except as provided in subsection (e) the amount of any required installment shall be twenty-five percent (25%) of the required annual payment. The term 'required annual payment' means the lesser of:

(1) Eighty percent (80%) of the tax shown on the return for the taxable year, or, if no return is filed, eighty percent (80%) of the tax for that year; or

(2) One hundred percent (100%) of the tax shown on the return of the individual for the preceding taxable year, if the preceding taxable year was a taxable year of 12 months and the individual filed a return for that year.

(e) In the case of any required installment, if the individual establishes that the annualized income installment is less than the amount determined under subsection (d), the amount of the required installment shall be the annualized income installment, and any reduction in a required installment resulting from the application of this subsection shall be recaptured by increasing the amount of the next required installment determined under subsection (d) by the amount of the reduction and by increasing subsequent required installments to the extent that the reduction has not previously been recaptured.

In the case of any required installment, the annualized income installment is the excess, if any, of (i) an amount equal to the applicable percentage of the tax for the taxable year computed by placing on an annualized basis the taxable income for months in the taxable year ending before the due date for the installment, over (ii) the aggregate amount of any prior required installments for the taxable year. The taxable income shall be placed on an annualized basis under rules prescribed by the Secretary. The applicable percentages for the required installments are as follows:

(1) First installment - twenty percent (20%);

(2) Second installment - forty percent (40%);

(3) Third installment - sixty percent (60%); and

(4) Fourth installment - eighty percent (80%).

(f) No addition to the tax shall be imposed under subsection (a) if the tax shown on the return for the taxable year reduced by the tax withheld under Article 4A is less than forty dollars ($40.00) or if the individual did not have any liability for tax under Division II of Article 4 for the preceding taxable year.

(g) For purposes of this section, the term 'tax' means the tax imposed by Division II of Article 4 minus the credits against the tax allowed by Article 4. The amount of the credit allowed under Article 4A for withheld income tax for the taxable year is considered a payment of estimated tax, and an equal part of that amount is considered to have been paid on each due date of the taxable year, unless the taxpayer establishes the dates on which all amounts were actually withheld, in which case the amounts so withheld are considered payments of estimated tax on the dates on which such amounts were actually withheld.

(h) If, on or before January 31 of the following taxable year, the taxpayer files a return for the taxable year and pays in full the amount computed on the return as payable, no addition to tax shall be imposed

under subsection (a) with respect to any underpayment of the fourth required installment for the taxable year.

(i) Notwithstanding the other provisions of this section, an individual who is a farmer or fisherman for a taxable year is required to make only one installment payment of tax for that year. This installment is due on or before January 15 of the following taxable year but may be paid without penalty or interest on or before March 1 of that year. The amount of the installment payment shall be the lesser of:

(1) Sixty-six and two-thirds percent (66-⅔%) of the tax shown on the return for the taxable year, or, if no return is filed, sixty-six and two-thirds percent (66-⅔%) of the tax for that year; or

(2) One hundred percent (100%) of the tax shown on the return of the individual for the preceding taxable year, if the preceding taxable year was a taxable year of 12 months and the individual filed a return for that year.

An individual is a farmer or fisherman for any taxable year if the individual's gross income from farming or fishing, including oyster farming, for the taxable year is at least sixty-six and two-thirds percent (66-⅔%) of the total gross income from all sources for the taxable year, or the individual's gross income from farming or fishing, including oyster farming, shown on the return of the individual for the preceding taxable year is at least sixty-six and two-thirds percent (66-⅔%) of the total gross income from all sources shown on the return.

(j) In applying this section to a taxable year beginning on any date other than January 1, there shall be substituted, for the months specified in this section, the months that correspond thereto. This section shall be applied to taxable years of less than 12 months in accordance with rules prescribed by the Secretary.

(k) This section shall not apply to any estate or trust."

Sec. 3. G.S. 105-163.16(b) is rewritten to read:

"(b) If the amount of estimated tax paid under G.S. 105-163.15 exceeds the taxes imposed by Article 4 of this Chapter against which the estimated tax so paid may be credited under the provisions of this Article, the excess shall be considered an overpayment by the taxpayer, and, notwithstanding the provisions of G.S. 105-266 and G.S. 105-266.1, this overpayment by the taxpayer shall be refunded by the Secretary under the provisions of this section unless the taxpayer elects to apply the overpayment to his estimated income tax liability for the following year pursuant to G.S. 105-269.4."

Sec. 4. This act shall become effective for taxable years beginning on or after January 1, 1986.

In the General Assembly read three times and ratified, this the 21st day of June, 1985.

H.B. 532 **CHAPTER 449**

AN ACT TO AUTHORIZE DARE COUNTY TO LEVY AN OCCUPANCY TAX.

The General Assembly of North Carolina enacts:

Section 1. Occupancy Tax.

(a) Authorization and Scope. The Dare County Board of Commissioners may by resolution, after not less than 10 days' public notice

and after a public hearing held pursuant thereto, levy a room occupancy tax of three percent (3%) of the gross receipts derived from the rental of the following in Dare County:

(1) Any room, lodging, or similar accommodation subject to sales tax under G.S. 105-164.3(4); and

(2) A campsite.

This tax does not apply to accommodations furnished by nonprofit charitable, educational, or religious organizations when furnished in furtherance of their nonprofit purpose. This tax is in addition to any State or local sales tax.

(b) Collection. Every operator of a business subject to the tax levied under this act shall, on and after the effective date of the levy of the tax, collect the tax. This tax shall be collected as part of the charge for furnishing a taxable accommodation. The tax shall be stated and charged separately from the sales records, and shall be paid by the purchaser to the operator of the business as trustee for and on account of Dare County. The tax shall be added to the sales price and shall be passed on to the purchaser instead of being borne by the operator of the business. The Dare County Tax Collector shall design, print, and furnish to all appropriate businesses and persons in the county the necessary forms for filing returns and instructions to ensure the full collection of the tax.

An operator of a business who collects the occupancy tax levied under this act may deduct from the amount remitted by him to the county a discount of three percent (3%) of the amount collected.

(c) Administration. The county shall administer a tax levied under this act. A tax levied under this act is due and payable to the county tax collector in monthly installments on or before the 15th day of the month following the month in which the tax accrues. Every person, firm, corporation, or association liable for the tax shall, on or before the 15th day of each month, prepare and render a return on a form prescribed by the county. The return shall state the total gross receipts derived in the preceding month from rentals and sales upon which the tax is levied. A return filed with the Dare County Tax Collector under this act is not a public record as defined by G.S. 132-1 and may not be disclosed except as required by law.

(d) Penalties. A person, firm, corporation, or association who fails or refuses to file the return required by this act shall pay a penalty of ten dollars ($10.00) for each day's omission. In case of failure or refusal to file the return or pay the tax for a period of 30 days after the time required for filing the return or for paying the tax, there shall be an additional tax, as a penalty, of five percent (5%) of the tax due in addition to any other penalty, with an additional tax of five percent (5%) for each additional month or fraction thereof until the tax is paid.

Any person who willfully attempts in any manner to evade a tax imposed under this act or who willfully fails to pay the tax or make and file a return shall, in addition to all other penalties provided by law, be guilty of a misdemeanor and shall be punishable by a fine not to exceed one thousand dollars ($1,000) and imprisonment not to exceed six months.

(e) Use and Distribution of Tax Revenue. Dare County shall distribute two-thirds of the net proceeds of the tax, on a monthly basis,

to the Towns of Kill Devil Hills, Kitty Hawk, Manteo, Nags Head, and Southern Shores in proportion to the amount of ad valorem taxes levied by each town for the preceding fiscal year. The county shall retain the remaining one-third of the net proceeds. Revenue distributed to a town or retained by the county under this subsection may be used only for tourist-related purposes, including construction and maintenance of public facilities and buildings, garbage, refuse, and solid waste collection and disposal, police protection, and emergency services.

As used in this subsection, "net proceeds" means gross proceeds less the cost to the county of administering and collecting the tax.

(f) Repeal. A tax levied under this act may be repealed by a resolution adopted by the Dare County Board of Commissioners. Repeal of a tax levied under this act shall become effective on the first day of a month and may not become effective until the end of the fiscal year in which the repeal resolution was adopted. Repeal of a tax levied under this act does not affect a liability for a tax that attached before the effective date of the repeal, nor does it affect a right to a refund of a tax that accrued before the effective date of the repeal.

Sec. 2. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 24th day of June, 1985.

"§ 20-379. *To investigate motor carriers under its control; visitation and inspection.*—(a) The Division shall from time to time visit the places of business and investigate the books and papers of all motor carriers to ascertain if all the orders, rules and regulations of the North Carolina Utilities Commission and the Division have been complied with, and shall have full power and authority to examine all officers, agents and

employees of such motor carriers, and all other persons, under oath or otherwise, and to compel the production of papers and the attendance of witnesses to obtain the information necessary for carrying into effect and otherwise enforcing the provisions of this Article and Chapter 62 of the General Statutes.

(b) Officers of the Division may during all reasonable hours enter upon any premises occupied by any motor carrier for the purpose of making the examinations and tests and exercising any power provided for in this Article and in Chapter 62 of the General Statutes, and may set up and use on such premises any apparatus and appliances necessary therefor. Such motor carrier shall have the right to be represented at the making of such examinations, tests and inspections.

"§ 20-380. *To investigate accidents involving motor carriers; to promote general safety program.*—The Division may conduct a program of accident prevention and public safety covering all motor carriers with special emphasis on highway safety and transport safety and may investigate the causes of any accident on a highway involving a motor carrier. The Division may adopt rules and regulations for the safety of the public as affected by motor carriers and the safety of motor carrier employees. The Division shall cooperate with and coordinate its activities for motor carriers with other programs of the North Carolina Utilities Commission, the North Carolina Insurance Department, the North Carolina Industrial Commission and other organizations engaged in the promotion of highway safety and employee safety.

"§ 20-381. *Additional powers and duties of Division applicable to motor vehicles.*—The Division is hereby vested with the following powers and duties:

(1) To prescribe qualifications and maximum hours of service of drivers and their helpers, and rules regulating safety of operation and equipment; and in the interest of uniformity of intrastate and interstate rules and regulations applicable within the State with respect to maximum hours of service of vehicle drivers and their helpers, and safety of operation and equipment, the Division may adopt and enforce the rules and regulations adopted and promulgated by the United States Department of Transportation with respect thereto, insofar as it finds the same to be practical and advantageous for application in this State and not in conflict with this Article. In order to promote safety of operation of motor carriers, the Division may avail itself of the assistance of any other agency of the State having special knowledge of such matters and it may make such investigations and tests as may be deemed necessary to promote safety of equipment and operation of vehicles upon the highways.

(2) The Division and its duly authorized inspectors and agents shall have authority at any time to enter upon the premises of any motor carrier, subject to the provisions of this Article, for the purpose of inspecting any motor vehicle and equipment used by such motor carriers

in the transportation of passengers and property, and to prohibit the use by any motor carrier of any motor vehicle or parts thereof or equipment thereon adjudged by such agents and inspectors to be unsafe for use in the transportation of passengers and property upon the public highways of this State; and when such agents or inspectors shall discover any motor vehicle of such motor carrier in actual use upon the highways in the transportation of passengers and property to be unsafe or any parts thereof or any equipment thereon to be unsafe, such agents or inspectors may, if they are of the opinion that further use of such vehicle, parts or equipment are imminently dangerous, stop such vehicle and require the operator thereof to discontinue its use and to substitute therefor a safe vehicle, parts or equipment at the earliest possible time and place, having regard for both the convenience and the safety of the passengers and property. When an inspector or agent stops a motor vehicle on the highway, under authority of this section, and the motor vehicle is in operative condition and its further movement is not dangerous to the passengers and property and to the users of the highways, it shall be the duty of the inspector or agent to guide the vehicle to the nearest point of substitution or correction of the defect. Such agents or inspectors shall also have the right to stop any motor vehicle which is being used upon the public highways for the transportation of passengers and property by a motor carrier subject to the provisions of this Article and to eject therefrom any driver or operator who shall be operating or be in charge of such motor vehicle while under the influence of intoxicating liquors. It shall be the duty of all inspectors and agents of the Division to make a written report, upon a form prescribed by the Division, of inspections of all motor equipment and a copy of each such written report, disclosing defects in such equipment, shall be served promptly upon the motor carrier operating the same, either in person by the inspector or agent or by mail. Such agents and inspectors shall also make and serve a similar written report in cases where a motor vehicle is operated in violation of the laws of this State or of the orders, rules and regulations of the North Carolina Utilities Commission or Division.

(3) To relieve the highways of all undue burdens and safeguard traffic thereon by promulgating and enforcing reasonable rules, regulations and orders designed and calculated to minimize the dangers attending transportation on the highways of all commodities including explosives or highway flammable or combustible liquids, substances or gases.

"§ 20-382. *Interstate carriers.*—(a) This Article shall apply to persons and vehicles engaged in interstate commerce over the highways of this State, except insofar as the provisions of this Article may be inconsistent with, or shall contravene, the Constitution or laws of the United States, and the Division may, in its discretion, require such carriers to file with it copies of their respective interstate authority or register their exempt operation and registration of their vehicles operated in the State, and to observe such reasonable rules and regulations as the Division may deem advisable in the administration of this Article and for the protection of persons and property upon the highways of the State.

(b) The Division or its authorized representative is authorized to confer with and to hold joint hearings with the authorities of other states or with

the Interstate Commerce Commission or its representatives, or any other federal or State agency in connection with any matter arising under this Chapter, or under the Federal Motor Carrier Act, or under any other federal law which may directly or indirectly affect the interests of the people of this State or the policy declared by this Chapter or by the Interstate Commerce Act.

(c) Any person operating a for-hire motor vehicle in interstate commerce over the highways of this State without having properly registered with the Division its respective exempt operation or a copy of its interstate authority and each vehicle operated in this State shall be subject to a penalty of seventy-five dollars ($75.00), which shall be added to the registration fees provided in G.S. 20-385 and said penalty shall be collected with said registration fee from any carrier operating on the highways of North Carolina without registering his interstate authority by inspectors and officers of the Division in accordance with rules and regulations duly adopted by the Division before said vehicle shall be permitted to operate further upon the highways of North Carolina.

(d) No motor carrier, whether operating as a regulated carrier or exempt for-hire carrier, shall operate or cause to be operated in interstate commerce in this State any vehicle until he has filed evidence of required insurance with the Division and has been issued an identification stamp for such vehicle, which stamp must be attached to the approved uniform cab card and carried in the vehicle at all times. The identification stamp herein provided for shall be issued on an annual basis as of January 1st each year and shall be valid through February 1st the next succeeding year. When any person is discovered in this State, operating a vehicle in violation of this section, it shall be unlawful for anyone thereafter to operate said vehicle on the streets or highways of this State, except to remove it from the street or highway for purposes of parking or storing said vehicle until he shall pay to the Division a penalty of seventy-five dollars ($75.00). No court of the State shall entertain a suit of any kind brought for the purpose of preventing the collection of any penalty imposed in this section. Whenever a person shall have a valid defense to the enforcement of the collection of a penalty assessed or charged against him, such person shall pay such penalty to the proper officer, and notify such officer in writing that he pays the same under protest. Such payment shall be without prejudice to any defense or rights he may have in the premises, and he may, at any time within 30 days after such payment, demand the same in writing from the Commissioner of Motor Vehicles; and if same shall not be refunded within 90 days thereafter, may sue such official in the courts of the State for the amount so demanded. Such suit must be brought in the Superior Court of Wake County, or in the county in which the person paying the penalty resides. No restraining order or injunction shall issue from any court of the State to restrain or enjoin the collection of the penalty or to permit the operation of said vehicle without payment of the penalty prescribed herein.

"§ 20-383. *Inspectors and officers given enforcement authority.*—Only designated inspectors and officers of the Division shall have the authority to enforce the provisions of this Article and provisions of Chapter 62 applicable to motor transportation, and they are empowered to make

complaint for the issue of appropriate warrants, informations, presentments or other lawful process for the enforcement and prosecution of violations of the transportation laws against all offenders, whether they be regulated motor carriers or not, and to appear in court or before the North Carolina Utilities Commission and offer evidence at the trial pursuant to such processes.

"§ 20-384. *Safety regulations applicable to motor carrier and private carrier vehicles.*—The Division of Motor Vehicles may promulgate highway safety rules and regulations for all for-hire motor carrier vehicles and all private carrier vehicles engaged in interstate commerce and intrastate commerce over the highways of North Carolina whether common carriers, contract carriers, exempt carriers, or private carriers.

"Part 3. Fees and charges.

"§ 20-385. *Particular fees and charges fixed; payment.*—(a) The Divisions shall receive and collect the following fees and charges:

(1) One dollar ($1.00) for the registration with the Division of each motor vehicle to be put in operation by a motor carrier operating under the jurisdiction of the North Carolina Utilities Commission, and a fee of one dollar ($1.00) for the annual reregistration of each such motor vehicle.

(5) Ten dollars ($10.00) for each emergency permit issued by the Division in accordance with G.S. 20-382.

"§ 20-386. *Fees, charges and penalties; disposition.*—All fees and charges received by the Division under G.S. 20-385 shall be in addition to any other tax or fee provided by law and shall be placed in the Highway Fund.

"Part 4. Penalties and Actions.

"§ 20-387. *Motor carrier violating any provision of Article, rules or orders; penalty.*—Any motor carrier which violates any of the provisions of this Article or refuses to conform to or obey any rule, order or regulation of the Division shall, in addition to the other penalties prescribed in this Article forfeit and pay a sum up to one thousand dollars ($1,000) for each offense, to be recovered in an action to be instituted in

the Superior Court of Wake County, in the name of the State of North Carolina on the relation of the Division; and each day such motor carrier continues to violate any provision of this Article or continues to refuse to obey or perform any rule, order or regulation prescribed by the Division shall be a separate offense.

"§ 20-388. *Willful acts of employees deemed those of motor carrier.*—The willful act of any officer, agent, or employee of a motor carrier, acting within the scope of his official duties of employment, shall, for the purpose of this Article, be deemed to be the willful act of the motor carrier.

"§ 20-389. *Actions to recover penalties.*—Except as otherwise provided in this Article, an action for the recovery of any penalty under this Article shall be instituted in Wake County, and shall be instituted in the name of the State of North Carolina on the relation of the Division against the person incurring such penalty; or whenever such action is upon the complaint of any injured person, it shall be instituted in the name of the State of North Carolina on the relation of the Division upon the complaint of such injured person against the person incurring such penalty. Such action may be instituted and prosecuted by the Attorney General, the District Attorney of the Wake County Superior Court, or the injured person. Whereas, it is the intent of the General Assembly that the Basic Education Program be designed to graduate good citizens who have the skills demanded in the marketplace and the skills necessary to cope with and enjoy contemporary society; and

Whereas, it is further the intent that the Basic Education Program define a common core of knowledge and skills that each student should master prior to graduation from high school; and

This means that a variety of instructional approaches should be employed and that the content of the materials used should be meaningful and relevant. These approaches may include phonics, language-experience, linguistics, individualized reading, programmed and computer-assisted instruction, and basal readers; and

Whereas, it is the intent of the General Assembly that the Basic Education Program respect the rights of the individual and the family to privacy, the right of the people to the privilege of an education and the duty of the State to guard and maintain that right, and the duty of the State to promote the well-being of our children, which rights and duties are all guaranteed by our system of government and our laws; and

The cost of collecting this tax shall be determined by the Secretary of Transportation, subject to the approval of the State Budget Officer.

PART V.——GENERAL PROVISIONS

——SPECIAL FUNDS, FEDERAL FUNDS, AND DEPARTMENTAL RECEIPTS/AUTHORIZATION FOR EXPENDITURES

Sec. 10. There is appropriated out of the cash balances, federal receipts, and departmental receipts available to each department, sufficient amounts to carry on authorized activities included under each department's operations. All these cash balances, federal receipts, and departmental receipts shall be expended and reported in accordance with provisions of the Executive Budget Act, except as otherwise provided by statute. The Director of the Budget shall develop necessary budget controls, regulations, and systems to ensure that these funds and other State funds subject to the Executive Budget Act, may not be spent in a manner which would cause a deficit in expenditures.

Pursuant to G.S. 143-34.2, State departments, agencies, institutions, boards, or commissions may make application for, receive, or disburse any form of non-State aid. All non-State monies received shall be deposited with the State Treasurer unless otherwise provided by State law. These funds shall be expended in accordance with the terms and conditions of the fund award that are not contrary to the laws of North Carolina.

——INSURANCE AND FIDELITY BONDS

Sec. 11. All insurance and all official fidelity and surety bonds authorized for the several departments, institutions, and agencies shall be effected and placed by the Insurance Department, and the cost of placement shall be paid by the affected department, institution, or agency with the approval of the Insurance Commissioner.

——BUDGETING OF PILOT PROGRAMS

Sec. 12. (a) Any program designated by the General Assembly as experimental, model, or pilot shall be shown as a separate budget item and shall be considered as an expansion item until a succeeding General Assembly reapproves it.

Any new program funded in whole or in part through a special appropriations bill shall be designated as an experimental, model, or pilot program.

(b) The Governor shall submit to the General Assembly with his proposed budget a report of which items in the proposed budget are subject to the provisions of this section.

——AUTHORIZED TRANSFERS

Sec. 13. The Director of the Budget may transfer to General Fund budget codes from the General Fund salary adjustment appropriation, and may transfer to Highway Fund budget codes from the Highway Fund salary adjustment appropriation, amounts required to support approved salary adjustments made necessary by difficulties in recruiting and holding qualified employees in State government. The funds may be transferred only when the use of salary reserve funds in individual operating budgets is not feasible.

Sec. 14. G.S. 143-23(a1) and Sections 156 and 157 of this act do not apply to the General Assembly.

——SALARY RELATED CONTRIBUTIONS/EMPLOYERS

Sec. 15. Required employer salary-related contributions for employees whose salaries are paid from department, office, institution, or agency receipts shall be paid from the same source as the source of employee's salary. If an employee's salary is paid in part from the General Fund and in part from department, office, institution, or agency receipts, required employer salary-related contributions may be paid from the General Fund only to the extent of the proportionate part paid from the General Fund in support of the salary of the employee, and the remainder of the employer's requirements shall be paid from the source that supplies the remainder of the employee's salary. The requirements of this section as to source of payment are also applicable to payments on behalf of the employee for hospital-medical insurance, longevity, unemployment insurance, and workers' compensation.

——SHIFT PREMIUM PAY

Sec. 16. Shift premium pay shall be paid to all State employees in non-medically related positions through salary grade 69 and to all State employees in medically related positions through salary grade 73, subject to the provisions of this section. Shift premium pay for employees in medically related positions shall be limited to ten percent (10%) of salary or one dollar ($1.00) per hour, whichever is greater. The State Personnel Commission shall set the higher shift premium pay for employees in medically related positions only after finding that the higher pay is necessary to meet existing competition from private employers.

The State Personnel Commission may not adopt a shift premium pay schedule higher than those stated in this section unless the higher schedule is first approved by the General Assembly and funds are appropriated to implement the higher pay. The Commission may, however, request authorization to pay shift premium pay to employees in grades above those stated in this section when the Commission determines that there is a critical shortage of employees in a position because of competition from private employers who pay shift premium pay for that type work. Such a request shall be made to the General Assembly if it is in session; otherwise, the request shall be approved by the Director of the Budget with the advice of the Advisory Budget Commission.

The State Personnel Commission shall strictly enforce its regulation requiring that employees who receive shift premium pay be regularly

assigned to night or shift work. In enforcing the regulation the Commission shall strictly construe "regularly" so that shift premium pay shall not be paid to employees temporarily placed on a shift receiving such pay.

——EXPENDITURES OF FUNDS IN RESERVES LIMITED

Sec. 17. All funds appropriated by this act into reserves may be expended only for the purposes for which the reserves were established.

PART VI.

All scholarships provided pursuant to this section are subject to the provisions of Article 32A of Chapter 115C of the General Statutes except as otherwise provided in this section. The criteria for awarding scholarships shall be measures of academic performance, including grade point average, scores on standardized tests, class rank, and recommendations of guidance counselors. Insofar as possible, an equal number of scholarships shall be awarded in each of the State's congressional districts.

——COMPETENCY TESTING/MEASUREMENT

Sec. 20. Changes in testing programs shall build on the foundation of the Annual Testing Program, may not duplicate programs, and shall result in more objective information.

Achievement-type tests to evaluate students in grades 3, 6, and 8 in the basic areas not included in the Annual Testing Program shall be acquired in the most cost-efficient manner. This may be either by purchase of tests already available on the commercial market or by development of tests by the staff of the Department of Public Instruction, including those who administer the Annual Testing Program. The future

development of competency-type tests for use in North Carolina may include the use of commercially available materials and instruments, where available and appropriate, and duplication of commercially available materials may not occur.

Funds appropriated in the sum of nine hundred forty-six thousand five hundred dollars ($946,500) in Section 2 of this act for each year of the fiscal biennium for development of the competency-based testing programs may be used to create new personnel positions only if that is the most efficient way to acquire appropriate achievement-type tests. The funds appropriated may be used for external contractual services without the addition of new positions.

All assessments shall be fully tested in the field prior to being used to make individual student decisions. In the case of end-of-course tests, the State Board of Education may not impose passing scores. Information from these tests may be used, in part, by teachers and local officials in arriving at student grades and in making administrative recommendations.

For the 1985-86 school year, the State Board of Education shall notify the superintendent of each school administrative unit of the number of regular positions allotted to the unit based on the number of children with special needs in self-contained classes computed in the average daily membership of the unit. The superintendent shall account for the proper

utilization of these positions and shall report to the State Board of Education, which will then report its findings on the utilization of these positions to the Legislative Commission on Children with Special Needs and the Fiscal Research Division by November 1, 1985.

——PURCHASE OF BUSES IN LIEU OF CONTRACT TRANSPORTATION

Sec. 25. Funds appropriated to the Department of Public Education for the 1985-87 biennium for contract transportation to serve exceptional children who are unable because of their handicap to ride the regular school buses may be used by local boards of education for the purchase of buses and minibuses as well as for the purposes authorized in this act. These funds shall be expended in accordance with rules and regulations adopted by the State Board of Education.

——LIMIT FREE BUS TRANSPORTATION OF CHILDREN WITH SPECIAL NEEDS TO HANDICAPPED CHILDREN

Sec. 26. (a) G.S. 115C-108 is amended in the third sentence by inserting immediately after the word "transportation" the phrase "for handicapped children with special needs who are unable because of their handicap to ride the regular school buses".

h. Whether it is in compliance with federal funding requirements.

(4) Review the status of vocational and technical teacher training in North Carolina. This review shall include examining:

a. Where vocational and technical instructors are trained;
b. By whom they are trained; and
c. The supply of and demand for these instructors.

(5) Recommend the shape and structure of a more effective and efficient vocational and technical delivery system in North Carolina. This shall identify current policies, standards, and practices that should be continued and recommend needed changes to implement the improved system.

The Joint Legislative Commission on Governmental Operations may hire a consultant to assist it in this study in accordance with G.S. 120-79.

(b) To the extent not forbidden by federal law, of the funds available to the State Board of Education for vocational education, the State Budget Office shall allocate to the Joint Legislative Commission on Governmental Operations one hundred thousand dollars ($100,000) for fiscal year 1985-86 for the study mandated in subsection (a) of this section.

——STANDARDS FOR APPROVAL OF VOCATIONAL EDUCATION PROGRAMS

Sec. 28. Beginning with the plans and applications for the 1986-87 school year, the State Board of Education may not approve any local vocational education plans or applications unless:

(1) The programs are in accordance with the purposes of G.S. 115C-151;
(2) The vocational programs and courses are not duplicated within a local school administrative unit, unless the unit has data to justify the duplication or the unit has a plan to redirect the duplicative programs within three years;
(3) For all current job skill programs, there is a documented need, based on labor market data or follow-up data, or there is a plan to redirect the program within two years;
(4) New vocational programs show documented need based on student demand, or for new job skill programs, based on student and labor market demand; and
(5) All programs are responsive to technological advances, changing characteristics of the work force, and the academic, technical, and attitudinal development of students.

Local programs using the cooperative vocational education method shall be approved subject to students enrolled being placed in employment commensurate with the respective program criteria.

As used in this section, "labor market data" means data provided in the State Plan for Vocational Education, data provided through a local survey, or both.

——FUNDS TO REPLACE FEDERAL VOCATIONAL EDUCATION FUNDS

Sec. 29. It is the policy of the State of North Carolina to make every effort to encourage students ages 14-18 to complete their education. The General Assembly finds that this can be best accomplished by focusing on preventing 14 to 18 year olds from dropping out of school. Of the eight percent (8%) allotment of funds designated for State education programs by Section 202(b)(1) of the Job Training Partnership Act (29 U.S.C. § 1602(b)(1)), the Department of Natural Resources and Community Development shall use funds adequate to maintain or increase the current level of services to prevent students from dropping out of the public schools. These funds shall be evenly distributed statewide to the extent permitted by federal law.

Sec. 30. (a) Of the funds appropriated to the Department of Public Education in Section 2 of this act for the 1985-86 fiscal year, the sum of seven million three hundred thirty-four thousand seven hundred sixty-five dollars ($7,334,765) may be used to provide local school administrative units with the funds for vocational education in grades 7 through 12 they would have received from the federal government for the 1985-86 fiscal year if the federal government had retained its 1984-85 allocation formula. These funds include the following:

(1) Line item 6310 — three million nine hundred eighty-five thousand forty-five dollars ($3,985,045) for the 1985-86 fiscal year;

(2) Line item 6301 — seven hundred fifty-six thousand dollars ($756,000) for the 1985-86 fiscal year; and

(3) Line item 6324 — two million five hundred seventy-three thousand eight hundred sixty dollars ($2,573,860) for the 1985-86 fiscal year.

In addition, the State Board of Education may allot the funds made available to it under the Job Training Partnership Act to local school administrative units, consistent with the provisions of the Job Training Partnership Act, to replace funds they would have received if the federal government had retained its 1984-85 allocation formula.

(b) This section shall not apply if the federal government grants the State's request for a transition year for the funding formula under the Carl D. Perkins Vocational Education Act, Pub. L. No. 98-524(1984).

——ALLOTMENT OF DROPOUT/EXTENDED DAY AND VOCATIONAL EDUCATION NONMATCHING EXPANSION FUNDS

Sec. 31. Funds appropriated in Section 2 of this act as part of the budget for vocational education in the category of Dropout/Extended Day Funds (Line item 6391) shall be combined with the category of nonmatching expansion funds (Line item 6311). These funds shall be allotted on the basis of average daily membership in grades 7 through 12.

——DISPOSITION OF SERVICES, PRODUCTS, AND PROPERTIES GENERATED THROUGH VOCATIONAL EDUCATION

Sec. 32. G.S. 115C-159 is amended by adding after the second sentence the following:

"Such services, products, and properties generated through these instructional activities are exempt from the requirements of G.S. 115C-518; the local board shall adopt rules for the disposition of these services, products, and properties."

——EXTEND EMPLOYMENT OF SCIENCE AND MATH TEACHERS

Sec. 33. The funds appropriated to the Department of Public Education in Section 2 of this act to employ 700 science and mathematics teachers in grades 9 through 12 for six weeks during the summer shall be expended only to employ science and mathematics teachers who are teaching summer school or who are engaged in classroom-related activities. The controller of the State Board shall verify that these funds are expended only for that purpose, and shall report to the Joint Legislative Commission on Governmental Operations; and to the Fiscal Research Division, no later than 30 days prior to the 1986 Session of the 1985 General Assembly on the number of these teachers who taught summer school, the length of time each taught, and the number who did not teach.

——SUBSTITUTE TEACHER PAY

Sec. 34. (a) To attract the best available substitute teachers, substitute teacher pay shall be increased by the same percentage that full-time teachers receive whenever legislative cost-of-living salary increases are funded.

(b) This section shall become effective July 1, 1986.

——SALARY SUPPLEMENTS NOT ELIGIBLE FOR LEGISLATIVE SALARY INCREASES

Sec. 35. Salary supplements based on advanced educational degrees and vocational teacher salary supplements for work beyond the normal school program shall be considered a flat amount salary add-on and are not eligible for any percentage legislative salary increase granted for teachers and State employees.

——ELIGIBILITY TO SERVE ON STATE BOARD OF EDUCATION

Sec. 36. (a) G.S. 115C-10 is amended by inserting between the first and second sentences the following:

"No public school employee paid from State or local funds or his spouse, and no employee of the Department of Public Instruction or his spouse, may serve as an appointive member of the State Board of Education."

(b) This section applies only to appointments either for a full term or to fill a vacancy made after the effective date of this act.

——AUTHORITY TO APPOINT PUBLIC INSTRUCTION STAFF

Sec. 37. G.S. 115C-21(a)(1) is amended by changing the period at the end of the first sentence to a colon and by deleting the second sentence and substituting the following:

"Provided, however, all appointments of administrative and supervisory personnel to the staff of the Department of Public Instruction shall be under the control and management of the Superintendent of Public Instruction."

——CERTIFIED SCHOOL PERSONNEL EVALUATION/RESEARCH AND PILOT PROGRAM

Sec. 38. The State Board of Education shall develop and implement a certified school personnel evaluation pilot program. In this program, certified school personnel shall be evaluated by outside evaluators. Teachers shall be evaluated using the Performance and Appraisal Instrument and Process System developed by the State Board of Education. The State Board of Education shall develop a separate Performance and Appraisal Instrument and Process to evaluate principals and assistant principals. Each employee shall be given the results of his evaluation and shall be encouraged to use the results to improve the way he does his job.

Nine local school administrative units shall be selected by the State Board to participate in the pilot program from units that volunteer to participate. Units that do not wish to participate shall not be compelled to do so. In three units, all of the principals and assistant principals shall be evaluated, in three units, all of the teachers shall be evaluated, and in three units, all of the principals, assistant principals, and teachers shall be evaluated. The evaluators shall be selected and trained by the State Board of Education.

Program planning shall take place from July 1, 1985, through June 30, 1986. Program implementation shall take place from July 1, 1986, through June 30, 1990.

The State Board shall report on the implementation of the pilot program by February 1 of each year to the President of the Senate, the Speaker of the House of Representatives, the Fiscal Research Division, the chairmen of the Appropriations Base Budget, Appropriations Expansion Budget, Ways and Means, Appropriations Base Budget on Education, and Education Committees in the Senate, and the chairmen of the Appropriations Base Budget, Appropriations Expansion Budget, Appropriations Base Budget on Education, Appropriations Expansion Budget on Education and Education Committees in the House of Representatives. The report for the first year shall indicate which local school administrative units have volunteered and been selected to participate in the program, which employees will be evaluated in each of those units, and the projected cost of implementing the program in each of those units in ensuing years.

——SCHOOL CAREER DEVELOPMENT PILOT PROGRAM

Sec. 39. The funds appropriated to the Department of Public Education in Section 2 of this act to begin implementation of a career growth pilot program for teachers and administrators shall be provided for 16 pilot programs, two in each educational district, in 1985-86 and in 1986-87.

Sec. 40. Purpose and policy. The General Assembly finds that it is essential to attract and retain the best people in teaching and in school

administration. A system that is perceived to offer low wages, lifetime contracts, little real evaluation and no extra pay for outstanding performance cannot do that; therefore, it is the policy of the State of North Carolina to provide an adequate base salary for and to encourage differentiation of all teachers and school administrators.

In furtherance of this policy, the General Assembly hereby establishes a career development pilot program. This pilot program shall remain in operation through the 1988-89 school year so as to enable the State Board and the General Assembly to analyze all facets of a career development plan prior to statewide implementation. It is the intent of the General Assembly that this pilot program act as a means of developing a career ladder plan that could be implemented on a statewide basis in the future.

It is not the intent of the General Assembly that Sections 40 through 53 of this act be construed to prohibit or discourage a career development program for noncertificated employees of the public schools.

Sec. 41. Development and implementation of Plan by State Board. (a) The State Board of Education shall continue to develop, test, modify, and implement in a four-year pilot program, a Career Development Plan. The Plan shall cover instructional personnel, instructional support personnel, and administrators who require certification by the State Board as a condition of employment. The Plan implemented by the State Board shall be the plan submitted by the State Board to the General Assembly in compliance with Chapter 971 of the 1983 Session Laws (Regular Session 1984), modified only as necessary to conform with the provisions of this act. The Plan shall be implemented in the 16 local school administrative units selected by the State Board of Education in 1984-85.

(b) The State Board shall consult with local boards of various sizes throughout the State on a continuous and systematic basis on the continuing development, testing in pilot programs, modification and implementation of the Plan. The State Board shall also consult with any other public and private agencies, organizations, and professional associations it deems necessary.

(c) The State Board may adopt rules necessary to carry out the provisions of Sections 40 through 53 of this act.

Sec. 42. Elements of the Plan. (a) The Plan shall be designed to improve the quality of classroom instruction, to increase the attractiveness of teaching, and to encourage the recognition and retention of high quality teachers.

(b) The Plan shall be based on continuous, comprehensive evaluation of teacher performance as indicated by multiple sources of information. Classroom performance shall be a significant part of the evaluation process and evaluation shall be based on indicators associated with effective classroom practices and other criteria.

(c) The Plan shall, based on experience derived from pilot units, include at the appropriate time personnel policies that will result in an appropriate number of employees being placed in each level of differentiation in each local school administrative unit. This does not mean that there should be arbitrary caps or quotas. If, however, there is evidence that a local school administrative unit is improperly placing employees at each level or is improperly evaluating employees pursuant

to G.S. 115C-326, the State Board shall study the staffing pattern and the performance evaluations for that unit.

(d) The Plan shall specify a process for administration, periodic review, and evaluation. The criteria and procedures for advancement under the Plan shall be made public, and instruction shall be provided for teachers about these criteria and procedures prior to the implementation of the process.

(e) The Plan shall provide for a teacher to move to a lower level either by individual choice or based on unacceptable performance review. It shall contain an appeal process that provides prompt and impartial review.

(f) The Plan for instructional personnel and instructional support personnel shall be designed to give an employee increasing responsibility, recognition, and pay as the employee gains experience and professional ability. Levels of differentiation shall be based on an employee's initiative and desire to increase the employee's professional abilities and the individual's success in doing so. It shall provide for annual methods of evaluation using practicing educators, opportunities to correct deficiencies, and dismissal of employees who after ample opportunities cannot or will not perform.

(g) The Plan for administrators shall be designed to give each employee clear opportunities for advancement, recognition, and increased pay if the employee demonstrates high effectiveness as an instructional leader or school manager. Levels of differentiation shall be based on the employee's initiative and desire to increase the employee's professional abilities and the employee's success in doing so. The Plan for administrators shall include methods and instruments of evaluation that will determine what level of performance, effort, and ability and what accomplishments warrant different salary classifications, and at what point dismissal or reassignment of an administrator is warranted.

The Plan for administrators shall be the same as the Plan for instructional personnel and instructional support personnel except that the evaluation shall be the responsibility of the local superintendent or the superintendent's designee. However, trained evaluators shall assist the superintendent or the superintendent's designee with the evaluations. The salary differentiation steps for administrators shall track the salary differentiation steps for teachers as defined in this act.

Sec. 43. Levels of differentiation, salary, and evaluation requirements. (a) During the first and second years of employment, the employee shall be assigned "initial status" and shall be paid in accordance with the State base salary schedule. A mentor or a support team shall be assigned to the employee for assistance and professional development. The employee shall be formally evaluated at least twice each year by the principal or the principal's designee and at least twice each year by a trained evaluator.

(b) During the third year of employment, the employee who is fully certified shall be assigned "provisional status" and shall be paid on the State base salary schedule. The employee shall be formally evaluated at least twice by the principal or the principal's designee and at least twice by a trained evaluator.

If the employee has completed at least 30 hours of effective teacher training as provided in Section 47 of this act and if the employee's evaluations have been satisfactory, the principal shall recommend to the superintendent, and the superintendent shall review the evaluations and recommend to the board, the employee for reemployment in Career Status I at the end of the provisional year. If the employee has not completed the training or if the employee's evaluations have not been satisfactory, the principal shall recommend the employee for contract termination.

A "career teacher", as defined in G.S. 115C-325, not recommended for Career Status I may request a review by a three-member appeals panel chosen from a roster of trained evaluators. One member of the panel shall be chosen by the principal and approved by the superintendent, one shall be chosen by the employee, and one shall be chosen jointly by the principal and employee. The panel shall report its findings to the employing local board of education and the local board shall take final action on the matter.

(c) An employee shall have "Career Status I" if the employee was recommended for Career Status I as provided in subsection (b) of this section and the employee is reemployed by a local board of education. An employee in Career Status I is a "career teacher" as defined in G.S. 115C-325. The employee shall receive a salary of one step over the State base salary that would otherwise have applied to him. The employee shall be formally evaluated at least once a year by the principal or the principal's designee and may also be evaluated by a trained evaluator if the principal deems it appropriate and if a trained evaluator is available.

No earlier than the third year in Career Status I, an employee may apply for Career Status II. During the year the employee applies, the employee shall be evaluated at least twice by the principal and at least twice by a trained evaluator. The employee shall also prepare during that year and submit a portfolio that includes the employee's attendance records, indicators of professional growth, any unique assignments or leadership roles, valid certification, acceptable ratings on recent evaluations, additional duties and responsibilities and the time they required, the employee's relationship with the employee's peers and with parents, and the employee's years of experience. If the employee's evaluations have been well above standard or superior as defined in the performance appraisal system, the principal may, on the basis of the evaluations, the portfolio, and any interview, recommend to the superintendent, and the superintendent shall review the evaluation information and recommend to the local board, the employee for promotion to Career Status II. If the employee is not recommended for promotion to Career Status II, the employee shall remain in Career Status I.

An employee not recommended for Career Status II may request a review by a three-member appeals panel chosen from a roster of trained evaluators. One member of the panel shall be chosen by the principal and approved by the superintendent, one shall be chosen by the employee, and one shall be chosen jointly by the principal and employee. The panel shall report its findings to the employing local board of education and the local board shall take final action on the matter.

(d) An employee shall have "Career Status II" if the employee is recommended for promotion to Career Status II as provided in subsection (c) of this section and the employee is granted that status by the local board. The employee shall receive a salary of two steps over the State base salary that would otherwise have applied to him. The employee shall be formally evaluated at least once by the principal or the principal's designee during the year the employee is granted this status. Subsequently, the employee shall be formally evaluated once every two years by the principal or the principal's designee and may be evaluated more frequently, in the discretion of the principal.

A Career Status II employee whose evaluation indicates that the employee is not maintaining well above standard or superior performance shall be formally evaluated at least twice by the principal or the principal's designee and at least twice by a trained evaluator during the next year. If these additional evaluations indicate the employee is not maintaining well above standard or superior performance, the principal shall recommend that the employee be reclassified to Career Status I. If the employee is reclassified, the employee may receive only the salary appropriate for a teacher in Career Status I.

A Career Status II employee may move voluntarily to Career Status I. A Career Status II employee recommended for reclassification may request a review of the decision by a three-member appeals panel chosen from a roster of trained evaluators. One member of the panel shall be chosen by the principal and approved by the superintendent, one shall be chosen by the employee, and one shall be chosen jointly by the principal and employee. The panel shall report its findings to the employing local board of education and the local board shall take final action on the matter. An involuntary reclassification may not be considered a demotion for the purposes of G.S. 115C-325.

Sec. 44. Additional duties for Career Status II teachers. A Career Status II teacher may apply for additional responsibilities during the ten-month school year. Responsibilities for which the employee may apply and be selected shall be based on the needs of the local school administrative unit and may include being a mentor teacher, supervising student teachers, curriculum development, being a staff development leader/coordinator, and serving as department chairman or grade chairman. An employee shall receive an additional one-half percent of the employee's annual salary for each month during which the employee performs each additional responsibility.

A Career Status II teacher may also apply for employment during the summer in teaching, curriculum development, and staff development. The employee's salary and benefits during the summer shall be at the same rate as the employee's base salary during the previous ten-month school year.

Local units shall receive an allocation of summer months of employment for summer school teaching curriculum development, and staff development. The allocation shall be one month of employment for each ten State-allotted teachers.

Sec. 45. Evaluators. Between July 1, 1985, and July 1, 1986, the local board of education in each local unit shall select and train at least one

evaluator for each 96 employees to be evaluated. The State Board shall set standards for evaluators. The State Board shall also establish an appropriate training program for evaluators and administrators and assist each local unit in implementing the training program. These evaluators shall work with principals to carry out the provisions of this act.

Each evaluator shall be a practicing educator and shall be employed by the local board for which the evaluator is serving as an evaluator. Funds for evaluators shall be allotted by the State Board to pilot units on the basis of one month of employment for every eight teachers to be evaluated, with a minimum allotment of twelve months per unit. Evaluators shall be paid the same salary as supervisors on the State base salary schedule. The State Board shall adopt rules regarding the employment and use of evaluators.

Sec. 46. Local coordinator of career development. For the 1985-86 fiscal year, the State Board shall allot twelve months of professional staff time to each pilot local unit for a coordinator of career development. The coordinators' pay grade shall be set by the State Board within funds appropriated for this purpose.

Sec. 47. Effective teacher training. Each employee who elects to participate in the Plan shall participate in an effective teacher training program designed by the State Board. If an employee successfully completes the program, the employee shall receive a one-time stipend of five hundred dollars ($500.00). An employee who does not successfully complete the program may not receive any part of the stipend.

Sec. 48. Implementation of pilot programs. (a) Between July 1, 1985, and July 1, 1986, the sixteen local school administrative units shall prepare to implement their local career development plans. All of these local units shall use the State appraisal instrument and the evaluation process adopted by the State Board. In addition to using the State appraisal instrument and the evaluation process adopted by the State Board, they may also develop and implement an alternative evaluation program approved in advance by the State Board. The Charlotte-Mecklenburg School Administrative Unit may continue to implement the career development plan that it has already begun and shall receive a pro rata share of funds appropriated for implementation of pilot programs.

Implementation of the local plans shall begin July 1, 1986.

Sec. 49. Employees' option to participate in the Career Development Plan. An individual employed by a local board of education prior to the implementation in that local school administrative unit of a plan applicable to that employee may opt to participate in the Plan or to continue under the system of employment in effect prior to implementation of the Plan. If an employee opts to participate in the Plan, that employee may opt out of the Plan at any time: Provided, however, an employee may opt out of the Plan only once during the pilot.

A person employed by a local board of education after the implementation in that local school administrative unit of a plan applicable to him shall participate in the Plan and may not elect to be under a system of employment in effect prior to the time the person was employed.

Sec. 50. Report to the General Assembly. Beginning in 1986, the State Board shall report on February 1 of each year to the President of the Senate, the Speaker of the House of Representatives, and the chairmen of the Appropriations Base Budget Committee, the Appropriations Expansion Budget Committee, the Appropriations Base Budget Committee on Education, and the Appropriations Expansion Budget Committee on Education of the Senate and the House of Representatives, and the Fiscal Research Division on the continuing development and the implementation of the Career Development Plan.

The report shall include the recommendation of each local unit regarding criteria for the establishment of Career Status III. Career Status III might provide for a salary two steps above what an employee would otherwise have received.

Sec. 51. Salary under the Plan. (a) During the 1985-86 school year, the stipend set out in Section 47 of this act for successful completion of effective teacher training is the only supplemental salary payment an employee may receive pursuant to the provisions of Sections 40 through 53 of this act.

(b) Implementation.—The State Board shall implement the Basic Education Program within funds appropriated for the school years 1985-86 and 1986-87 as herein provided.

Local boards of education shall implement the Basic Education Program in 1985-87 with the following provisions:

(1) Finance Officer.—a. On January 1, 1986, the public schools will begin implementation of the central payroll system. This implementation may place an additional administrative burden on the local school administrative units; therefore, of the funds appropriated in Section 2 of this act to the Department of Public Education, the sum of one million five hundred ninety-seven thousand two hundred ninety-two dollars ($1,597,292) for the 1985-86 fiscal year and the sum of three million one hundred ninety-four thousand five hundred eighty-three dollars ($3,194,583) for the 1986-87 fiscal year shall be used to provide a school finance officer for each county in the State, beginning January 1, 1986. If a county contains more than one local school administrative unit, the funds allotted for a school finance officer in that county shall be determined on the basis of the total average daily membership in the county. The allotment shall be prorated on the basis of average daily membership to each school unit within a county; provided, that these funds may be combined in a manner agreed upon by all units in the county as the most effective use.

b. Between January 1, 1986, and July 1, 1986, the State Board shall allot funds for a school finance officer at one-half the annual rate of the

following salary schedule, which is based on the total average daily membership for each county:

ADM Range	*Salary*	*Number of Counties in ADM Range*
0-999	$15,000	2
1,000-4,999	20,000	37
5,000-9,999	25,000	23
10,000-14,999	30,000	15
15,000-19,999	35,000	12
20,000 and up	40,000	11
		100

c. Beginning July 1, 1986, each school finance officer who is paid with State funds shall meet standards hereinafter adopted by the State Board of Education.

d. The State Board of Education shall report to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division by April 1, 1986, on the school finance officers' current and proposed salary schedules, recommended qualifications, and proposed implementation in the school units.

(2) Transportation Workers.—a. Funds are appropriated to the Department of Public Education in Section 2 of this act to add 50 school bus drivers in 1985-86 and another 50 in 1986-87. These funds shall be allocated to county school administrative units based on the addition of authorized buses due to growth as determined by State Board of Education policy.

b. Funds are appropriated to the Department of Public Education in Section 2 of this act to add four mechanics each year of the fiscal biennium 1985-87 based on the number of buses and miles traveled, as provided in the State Board of Education's formula.

(3) Teachers.—a. Of the funds appropriated to the Department of Public Education in Section 2 of this act, the sum of thirty-two million nine hundred thirty-six thousand seven hundred seventy-three dollars ($32,936,773) for fiscal year 1985-86 and the sum of thirty-one million six hundred ninety-one thousand seven hundred ninety-four dollars ($31,691,794) for fiscal year 1986-87 shall be used to reduce class size to a unit-wide ratio of one teacher for every 26 students in average daily membership in grades 7 and 8 and one teacher for every 27 students in grade 9. To the extent that projections of average daily membership and average salaries exceed actual requirements, the State Board of Education may expend funds to reduce the ratio of one teacher for every 27 students in grade 9 to one teacher for every 26 students.

b. G.S. 115C-301(d) is rewritten to read:

"(d) Local boards of education shall maintain unit-wide average class sizes no higher than the average allotment ratio of teachers to students in each grade span funded by the General Assembly for each school year. At no time may the General Assembly appropriate funds for higher unit-wide class averages than those for which State funds were provided during the 1984-85 school year. No single class may have more than three

students more than the unit-wide average class size applicable to that grade level; however, the State Board of Education may set alternate class sizes in selected areas such as typewriting, music, and physical education so long as the effectiveness of the instructional program in these areas is not impaired. The maximum equivalent daily student load for teachers in grades 7 through 12 is 150.

The State Board may not permit temporary waivers from the unit-wide average class sizes, the maximum class sizes for each class, and the maximum daily loads for teachers set out in this section except under exceptional circumstances, where there are large fluctuations in student population and the situation cannot be handled within funds appropriated to accommodate changes in average daily membership. The situation requiring the waiver should be alleviated within 60 days. All waivers permitted under this paragraph shall be reported to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division by June 1 of each year.

The State Board shall adopt rules to implement this subsection."

c. Subdivision (3) of this subsection applies to all school years beginning with the 1985-86 school year.

(4) Instructional Aides.—Of the funds appropriated to the Department of Public Education in Section 2 of this act, funds shall be allocated for 12,607 instructional aides for kindergarten through grade 3 for the 1985-86 fiscal year and 12,662 instructional aides for kindergarten through grade 3 for the 1986-87 fiscal year to local school administrative units to meet a ratio of one aide for 26 pupils in average daily membership. To assure that there will be an aide in every class with a State-allotted teacher in kindergarten through grade 3 classes, additional funds for up to 60 more aides each year may be allotted from the average daily membership contingency fund, if required.

(5) Counselors.—Funds in the amount of thirteen million seven hundred fifteen thousand two hundred fifty-six dollars ($13,715,256) for the 1985-86 fiscal year and thirteen million seven hundred twenty thousand five hundred ninety-six dollars ($13,720,596) for the 1986-87 fiscal year are appropriated to the Department of Public Education in Section 2 of this act for dropout prevention in high schools, middle schools, and junior high schools. These funds shall be distributed to the local school administrative units with a minimum funding level equivalent to the cost of one full-time counselor position to each local unit for the 10-month school term; the remainder shall be allotted on average daily membership. Within funds available, these funds shall be used to provide an in-school suspension teacher to high schools, middle schools, and junior high schools; remaining funds shall be used to provide high schools, middle schools, and junior high schools with a teacher or counselor to identify students likely to drop out and to provide special alternative instructional programs for these high risk students. These funds may not be used to supplant dropout prevention programs funded from other State or federal sources other than the Job Training Partnership Act.

(6) Instructional Support.—Of funds appropriated in Section 2 of this act to the Department of Public Education, the sum of five million one hundred thirty-eight thousand eight hundred dollars ($5,138,800) for fiscal

year 1986-87 shall be allocated by the State Board of Education to local school administrative units on the basis of average daily membership for instructional support personnel.

(7) Assistant Principals.—Funds are appropriated to the Department of Public Education in Section 2 of this act to provide positions for 171 additional assistant principals for fiscal year 1985-86 and to continue 168 of those additional assistant principals for fiscal year 1986-87. Within funds available, the State Board of Education shall allot positions on a formula based on the number of full-time State-allotted teachers assigned to individual schools: one assistant principal for 25 to 49 teachers; two positions for 50 to 74 teachers; three positions for 75 to 99 teachers; and four for 100 or more teachers.

(8) Handicapped.—Of the funds appropriated to the Department of Public Education in Section 2 of this act, the sum of three hundred twenty-nine thousand two hundred forty-three dollars ($329,243) for fiscal year 1985-86 and eight hundred forty-seven thousand one hundred eleven dollars ($847,111) for fiscal year 1986-87 in expansion funds shall be used to serve additional handicapped pupils, as determined by the State Board of Education in the following areas:

(9) Prior Year Funding as an Option.—Of the funds appropriated in Section 2 of this act to the Department of Public Education, the sum of five million nine hundred forty thousand three hundred eighty-four dollars ($5,940,384) in fiscal year 1985-86 and six million four hundred twelve thousand eight hundred nine dollars ($6,412,809) in fiscal year 1986-87 is for the additional cost of funding school units on the basis of either prior year average daily membership or projected average daily membership to lessen the fiscal impact on school units that are either increasing or decreasing membership. Under policies developed by the State Board of Education, allotments of funds and positions will be made to school units to reflect the higher of the projected average daily membership or the prior year average daily membership.

(10) Average Daily Membership Contingency Fund.—Of the funds appropriated to the Department of Public Education in Section 2 of this act, two million dollars ($2,000,000) each year of the fiscal biennium is appropriated in a reserve for adjustments to the teacher allotment for class size adjustments and allotments for up to 60 instructional aides each year in kindergarten through grade 3 to meet legislated class size requirements.

the local school administrative units. It is the intent of the General Assembly that, where practical, the local school administrative units cooperate to provide joint summer school programs in an efficient and effective manner. The State Board of Education shall adopt rules for the allotment and use of summer remediation funds on an equitable basis based on the number of pupils who score at or below the 25th percentile on the annual tests in grades 3, 6, and 8. To the extent that remaining funds permit, pupils who fail promotion standards as described in the basic education program in grades 3, 6, and 8 may be served. In order to allow local boards of education to plan their remedial summer programs effectively, funds appropriated pursuant to this subdivision may be carried over to the succeeding fiscal year.

(12) Professional Development.—a. Each local school administrative unit shall develop and submit to the State Board of Education an overall plan and a budget for the use of funds at the local level for professional staff development. The State Board shall report to the Fiscal Research Division by April 1 of each year on the local plans. The budget shall specify the source and projected use of all funds for professional staff development.

b. Of the expansion funds appropriated to the Department of Public Education in Section 2 of this act, the sum of three million one hundred thousand dollars ($3,100,000) for fiscal year 1985-86 and five million three hundred forty-five thousand dollars ($5,345,000) for fiscal year 1986-87 shall be used for the following professional development purposes within rules established by the State Board of Education:

In the 1986-87 fiscal year, the State Board of Education shall allocate textbook funds equitably to local school administrative units on the basis of twenty dollars ($20.00) per pupil in average daily membership in grades 1 through 12.

b. The State Board of Education is urged to include basic textbook selections for handicapped children for each subject in each grade for handicapped children in the regular textbook adoption procedures.

In addition, local boards of education, notwithstanding existing laws and rules, may purchase textbooks in an amount not to exceed the amount of textbook funds generated by the handicapped children served by the administrative unit.

c. Funds appropriated to the Department of Public Education for the purchase of textbooks shall be permanent appropriations. Unobligated portions of these appropriations may revert to the General Fund at the direction of the Director of the Budget if he considers it necessary in order to maintain a balanced budget within any one fiscal year.

(14) Equipment.—a. Of the funds appropriated to the Department of Public Education in Section 2 of this act, the sum of two million five hundred seventy-three thousand eight hundred sixty dollars ($2,573,860) for the 1985-86 fiscal year and two million five hundred forty-four thousand one hundred ninety-five dollars ($2,544,195) for the fiscal year 1986-87 are allocated for vocational education equipment. The State Board shall report annually to the General Assembly on any changes it has made in the program in the preceding 12 months and any changes it is considering for the next 12 months.

The State Board shall implement the Basic Education Program within funds appropriated for that purpose by the General Assembly and by units of local government. It is the goal of the General Assembly that the Basic

Education Program be fully funded and completely operational in each local school administrative unit by July 1, 1993.

(a1) The Basic Education Program shall describe the education program to be offered to every child in the public schools. It shall provide every student in the State equal access to a Basic Education Program. PART IX.——HUMAN RESOURCES

——WILLIE M.

Sec. 85. (a) Legislative Findings. The General Assembly finds:

(1) That there is a need in North Carolina to provide appropriate treatment and education programs to children under the age of 18 who suffer from emotional, mental, or neurological handicaps accompanied by violent or assaultive behavior;

(2) That children meeting these criteria have been identified as a class in the case of Willie M., et. al. vs. Hunt, et. al.; and

(3) That these children have a need for a variety of services, in addition to those normally provided, that may include but are not

limited to residential treatment services, educational services, and independent living arrangements.

(b) Funds for Department of Human Resources. It is the intent of the General Assembly that funds appropriated in Section 2 of this act, to the Department of Human Resources for serving members of the Willie M. Class be expended only for programs serving members of the Willie M. Class identified in Willie M., et. al. vs. Hunt, et. al., including evaluations of potential class members. It is recognized that therapeutic or economic reasons may, at times, require certain of these services to serve a mixed clientele of Willie M. class members and other clients. To the maximum extent possible, however, these funds shall be expended solely for the benefit of Willie M. class members. The Department shall reallocate these funds among services to Willie M. class members during the year as it deems advisable in order to use the funds efficiently in providing appropriate services to Willie M. class children.

(c) Funds for Department of Public Education. Funds appropriated to the Department of Public Education in Section 2 of this act for members of the Willie M. Class, are to establish a supplemental reserve fund to serve only members of the class identified in Willie M., et. al. vs. Hunt, et. al. These funds shall be allocated by the State Board of Education to the local education agencies to serve those class members who were not included in the regular average daily membership and the census of children with special needs, and to provide the additional program costs which exceed the per pupil allocation from the State Public School Fund and other State and federal funds for children with special needs.

(d) The Department of Human Resources shall implement its prospective unit cost reimbursement system in fiscal year 1985-86 as specified in the Amended Willie M. Unit Cost Reimbursement Plan - May 1985. The Department shall ensure that unit cost rates reflect reasonable costs by conducting cost center service type rate comparisons and cost center line item budget reviews as may be necessary. The Department may not implement the plan in subsequent fiscal years until the operation of the plan in the full fiscal year 1984-85 and the first six months of 1985-86 has been evaluated and reviewed by the General Assembly.

The Department shall submit a report to the General Assembly on May 1, 1986, on the operation of the unit cost reimbursement system for the full 1984-85 fiscal year and the first six months of the 1985-86 fiscal year.

(e) Reporting Requirements. The Department of Human Resources and the Department of Public Education shall submit, by May 1, 1986, a joint report to the Governor and the General Assembly on the progress achieved in serving members of the Willie M. Class. The report shall include the following unduplicated data for each county: (i) the number of children nominated for the Willie M. Class; (ii) the number of children actually identified as members of the class in each county; (iii) the number of children served as members of the Class in each county; (iv) the number of children who remain unserved; (v) the types and locations of treatment and education services provided to class members; (vi) the cost of services,

by type, to members of the class; (vii) information on the impact of treatment and education services on members of the class.

(f) The Departments of Human Resources and Public Education shall provide periodic reports of expenditures on behalf of the Willie M. Class to the Joint Legislative Commission on Governmental Operations and to the Fiscal Research Division.

(g) In fulfilling the responsibilities vested in it by the Constitution of North Carolina, the General Assembly finds:

(1) That the responsible State agencies have made a bona fide good faith effort to comply fully with the requirements of the Court Orders in the case of Willie M., et. al. vs. Hunt, et. al., and that services and placements for Willie M. class members are very greatly improved.

(2) That the General Assembly has evaluated the known needs of the State and has endeavered to satisfy those needs in comparison to their social and economic priorities.

(3) That the funds appropriated will enable the development and implementation of placement and services for the class members in Willie M., et. al. vs. Hunt, et. al., within a reasonable period of time considered within the context of the needs of the class members, the other needs of the State and the resources available to the State.

(4) That additional expenditures of funds for these purposes at this time would result in an accelerated expenditure of and an unreasonable waste of State funds inasmuch as such expenditures could not reasonably be expected to actually secure a higher degree of treatment or education for the class members than can be accomplished with the funds appropriated.

(h) The General Assembly supports the efforts of the responsible officials and agencies of the State to meet the requirements of the court order in Willie M., et. al. vs. Hunt, et. al. However, in view of the fundings in subsection (g) above, the General Assembly expressly directs that no State funds shall be expended on the placement and services of class members in Willie M., et. al., or for any other thing or purpose arising out of this litigation, now or at any time in the biennium, except for those funds appropriated in Section 2 of this act to the Departments of Human Resources and Public Education for programs serving members of the Willie M. Class identified in Willie M., et. al. vs. Hunt, et. al., and except for such funds as may be elsewhere appropriated by the General Assembly specifically for such purposes.

(i) Notwithstanding any other provision of law, if the Department of Human Resources determines that a local program is not providing appropriate services to members of the class identified in Willie M., et. al. vs. Hunt, et. al., the Department may ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of such programs.

——MOST STATE EMPLOYEES/FIVE PERCENT SALARY INCREASE

Sec. 197. The salaries in effect on June 30, 1985, for all permanent State employees paid from the General Fund or the Highway Fund shall be increased, on July 1, 1985 unless otherwise provided by this Part, by an average of five percent (5%) rounded to conform to the steps in the salary ranges that the State Personnel Commission adopts. If the salary in effect on June 30, 1985, for an employee is not equal to a specific pay rate in the salary schedule effective on that date, his annual increase, effective July 1, 1985 unless otherwise provided by this Part shall be five percent (5%) with the annual salary adjusted so as to be divisible by twelve. The Director of the Budget may transfer from the salary increase reserve funds created in Sections 2 and 3 of this act for this purpose all funds necessary for the five percent (5%) average increase, including funds for the employer's retirement and Social Security contributions.

Except as otherwise provided in this act, the salaries of State officials and persons in exempt positions that are recommended by the Governor or the Governor and the Advisory Budget Commission and set by the General Assembly shall be increased an average of five percent (5%) commencing July 1, 1985. The Director of the Budget may transfer from the salary increase reserve funds created in Sections 2 and 3 of this act for this purpose all funds necessary for the five percent (5%) average

increase, including funds for the employer's retirement and Social Security contributions.

The Director of the Budget may allocate out of special operating funds or from other sources of the employing agency, except tax revenues, sufficient funds to allow a salary increase averaging five percent (5%), including funds for the employer's retirement and Social Security contributions, for the employees of the agency, provided that the employing agency elects to make available the necessary funds.

The Director of the Budget may adopt special rules to apply to salary increases for employees whose salaries are paid from interagency receipts where payments for the services of those employees originate from State appropriations, to the end that the effective purchasing power of the appropriations is not materially reduced as a result of these salary increases. The salary increase may average up to five percent (5%), and funds made available for it shall include amounts necessary for the increase and the employer's retirement and Social Security contributions. Any questions as to the applicability of the provisions of this paragraph shall be resolved by the Director of the Budget.

The salaries of all non-certified permanent public school employees paid from the State public school fund and from allocations to local school units for State Aid-Exceptional Children ADM appropriation, Health Education Coordinator grants, Community Schools Coordinator grants, Vocational Education State Aid Non-Matching Expansion ADM allocation, Vocational Education State Aid Extended Day ADM allocations, and State-matching funds for School Food Service Supervisors shall be increased by an average of five percent (5%) commencing, unless otherwise provided by this Part, July 1, 1985. The Director of the Budget may transfer from the salary increase reserve fund created in Section 2 of this act all funds necessary for the five percent (5%) salary increase for non-certified permanent public school employees, including funds for the employer's retirement and Social Security contributions.

Salaries for positions that are funded partially from the General Fund and partially from sources other than the General Fund shall be increased from the General Fund appropriation only to the extent of the proportionate part of the salaries paid from the General Fund.

The granting of the salary increases under this section does not affect the status of eligibility for salary increments for which employees may be eligible.

The salary range maximums for all employees under the State Personnel Act shall be increased to accommodate this salary increase so that every employee will continue to have the same relative position with respect to salary increases and future increments as he would have had if these salary increases had not been made.

The salary increases provided in this act to be effective July 1, 1985, do not apply to persons separated from State service due to resignation, dismissal, reduction in force, death, or retirement, whose last workday is prior to July 1, 1985.

Within regular Executive Budget Act procedures as limited by this act, all State agencies and departments may increase on an equitable basis the rate of pay of temporary State employees, subject to availability of

funds in the particular agency or department by pro rata amounts approximately equal to five percent (5%) commencing, unless otherwise provided by this Part, July 1, 1985.

——LEGISLATIVE EMPLOYEES/FIVE PERCENT SALARY INCREASE

The granting of this legislative percentage salary increase does not affect the status of employees' eligibility for other salary increments. Funds in the salary increase reserve fund created in Section 2 of this act shall provide the salary increase authorized by this section, including the employer's retirement and Social Security contributions. Nothing in this Part limits G.S. 120-32.

These funds shall be allocated to individuals in accordance with rules and regulations established by the State Board of Community Colleges and may not be used for any purpose other than for salary increases and necessary employer's contributions.

——HIGHER EDUCATION PERSONNEL/INCREASES IN LIEU OF MERIT

——ANNUAL INCREMENTS FOR 1985-86

Sec. 226. (a) The General Assembly recognizes that automatic and merit salary increments for State, community college and public school employees have been frozen since July 1, 1982. Although the General Assembly reaffirms its belief in a merit pay system, in an attempt to minimize the impact of this freeze, the General Assembly finds that all such employees should receive salary increments on the State's salary schedule in the 1985-86 fiscal year as adopted pursuant to Chapters 115C, 115D, 116, 120, and 126 of the General Statutes.

Therefore, notwithstanding the provisions of Section 19.1 of Chapter 1137, Session Laws of 1979 (Regular Session 1980) as amended by Chapter 1053, Session Laws of 1981, and notwithstanding G.S. 115C-12(9)a., G.S. 115C-12(16), G.S. 126-7, or any other provision of law, each employee of the State and State-funded employee of the public schools paid on the

basis of a State salary increment schedule shall receive increments in the 1985-86 fiscal year as follows:

(1) All State employees supported from the Highway Fund or the General Fund and those supported by receipts to the extent that receipts are available, except those covered by Section 203 of this act, shall receive two half-step increases but not more than two half-step increases on their respective State salary schedules in fiscal year 1985-86, payable on the same basis as was in effect prior to the freeze of automatic and merit salary increments, except such State employees for fiscal year 1985-86 only shall qualify for the additional half-step increments on a one hundred percent (100%) basis. In further recognition of the impact of the freeze on automatic and merit salary increments, an additional salary increment step shall be added to all applicable State salary schedules for such State employees effective July 1, 1985. Notwithstanding the foregoing, employees subject to the State Personnel Act shall receive the half-step increases allocated on the same basis as was in effect prior to the freeze, except that the increases at all steps are to be awarded on the quarterly basis in effect prior to the freeze.

(2) All State-funded superintendents, associate superintendents, assistant superintendents, supervisors, directors, coordinators, program administrators, principals, assistant principals, and classroom and vocational teachers in the public schools shall receive the following number of half-step increases on their respective State salary schedules in fiscal year 1985-86:

a. Employees who have worked continuously for at least one full year or one full school term but less than two full years or two full school terms for a local or State educational agency on June 30, 1985 - two half-step increases.

b. Employees who have worked continuously for at least two full years or two full school terms for a local or State educational agency on June 30, 1985 - four half-step increases.

In further recognition of the impact of the freeze on automatic salary increments, an additional salary increment step shall be added to the respective State salary schedules for these certified State-funded public school personnel, effective July 1, 1985.

(3) All State-funded non-certified public school employees shall be treated the same as all State-funded State employees as covered in the preceding subsection (1).

(b) The General Assembly hereby expresses its intent, that for fiscal year 1986-87, in order to avoid further freezes on automatic and merit salary increases for State, community college and public school employees supported by the State, automatic and merit salary increments shall be based upon half-step increases, provided General and Highway Fund revenues for 1986-87 are sufficient to fund half-step increases.

(c) Effective July 1, 1985, the Director of the Budget may transfer from the salary increase reserve funds in Sections 2 and 3 of this act, funds necessary to implement the provisions of this section.

——NONCERTIFIED PUBLIC SCHOOL EMPLOYEE MINIMUM SALARY

Sec. 227. For fiscal year 1985-86, the minimum salary of full-time noncertified public school personnel paid from State funds shall be seven hundred fifty-eight dollars ($758.00) per month. In no event may a noncertified employee paid from State funds receive an increase in salary pursuant to this act for 1985-86 over the salary the same employee received in 1984-85 that exceeds fifteen percent (15%) except in those situations where such an increase is required to bring the employee to the minimum pay of seven hundred fifty-eight dollars ($758.00) per month prescribed by this section. The Director of the Budget may transfer from the salary increase reserve fund in Section 2 of this act funds necessary to implement the provisions of this section.

——WESTERN N.C. AGRICULTURAL CENTER FUNDS

Sec. 5.10. The funds appropriated to the Department of Agriculture in Section 66 of Chapter 1116, 1983 Session Laws, Regular Session, 1984, may be used for the purchase or lease of land and expansions at the Western North Carolina Agricultural Center at Arden, North Carolina. These funds may not revert to the General Fund unless the General Assembly so authorizes.

——RESERVE FOR SOUTHEASTERN AGRICULTURE CENTER

Sec. 5.11. (a) Funds in the amounts of two hundred fifty thousand dollars ($250,000) for the 1979-80 fiscal year, three hundred thousand

dollars ($300,000) for the 1981-82 fiscal year, and two hundred thousand dollars ($200,000) for the 1983-84 fiscal year were appropriated to a Reserve for the Fayetteville State Office Building. Funds remaining in this Reserve on June 30, 1985, shall be transferred to a Reserve for the Southeastern Agriculture Center.

(b) This section is effective June 30, 1985.

——WATER AND SEWER FUNDING

Sec. 5.12. (a) State funds allocated to any water or sewer project with the funds appropriated in Section 4 of this act for water and sewer projects may not comprise more than fifty percent (50%) of the total project cost if federal funds are not available, or fifty (50%) of the nonfederal share if federal funds are available.

(b) A water or sewer project may be funded under this act if it is an eligible project under the North Carolina Clean Water Bond Act of 1977, but without regard to availability of federal funds.

(c) Of the funds appropriated in Section 4 of this act for water and sewer projects, an amount is allocated to each county based on the proportion the population of the county bears to the total population of the State according to the population estimates of the State and county as of July 1, 1984, as certified by the State Budget Officer as of July 15, 1985, and multiplying such proportion by the entire amount appropriated for water and sewer projects.

(d) Within the county allocation, the amounts are suballocated:

(1) to each incorporated city in the county in accordance with the proportion the population of the city (or if the city is located in more than one county, the population of the city within the county) bears to the total population of the county in accordance with the July 1, 1983, population estimates with boundaries as of July 1, 1984, of the city and county as certified by the State Budget Officer as of September 15, 1984, but including estimates for cities newly incorporated as of the effective date of this section; and

(2) to that county the remainder of the allocation not suballocated under subdivision (1).

(e) If the governing board of the city has not adopted, by April 1, 1986, a resolution indicating it will proceed with an eligible project, which resolution describes the project, gives its estimated cost, and states that the city will be able to pay the local share either by appropriation of funds or by seeking appropriate approval for the issuance of bonds or both, that city suballocation shall immediately be transferred to the county suballocation for that county; provided that the city may at an earlier date adopt a resolution that it will not proceed with any project, in which case the city suballocation shall be transferred to the county suballocation immediately, or the city may adopt a resolution transferring to the county any part of its suballocation.

(f) If a government unit operates a water or sewer system within the city limits, the city may transfer some or all of its allocation to that government unit, which shall be subject to the same procedures as the city under subsection (e) of this section.

(g) A county may at any time by resolution transfer some or all of its suballocation to a city, or to a government unit authorized to provide water or sewer services, which unit serves or will serve customers within that county.

(h) Any city, county, or government unit adopting a resolution under this section shall file a copy with the State Budget Office within 15 days of its adoption.

(i) If any city, county, or government unit that has a suballocation has not by December 31, 1986, committed some or all of its suballocation to a project by submitting it to an appropriate State agency for approval as provided by law for water or sewer projects, the amounts not committed may no longer be available to the city, county, or government unit.

(j) The allocations for fiscal years 1985-86 and 1986-87 shall be available as of July 1, 1985. The State Budget Office no later than July 20, 1985, shall notify each city and county of the amount of its suballocation for each fiscal year.

(k) State funds for a project are encumbered when the city, county, or government unit certifies to the State Budget Office that it has received regulatory approval for the project, or presents certification from the Department of Human Resources and the Department of Natural Resources and Community Development that no regulatory approval is required. The State Budget Office shall disburse State funds for the State share upon execution of contracts for the project by the city, county, or government unit, and these funds shall be considered to be available for appropriation by the city, county, or government unit for obligation under the Local Government Budget and Fiscal Control Act unless the local government is not subject to that act.

(l) As used in this section:

(1) "City" has the same meaning as in G.S. 153A-1(1); and

(2) "Government unit" means a sanitary district, water and sewer authority, metropolitan water district, metropolitan sewerage district, county water and sewer district, or other unit of government authorized to provide water or sewer services.

(m) The State Budget Office, and the Departments of Human Resources and Natural Resources and Community Development shall jointly submit a report that specifies projects funded under this section, the amount and sources of funding where non-State funds are used, the population served by the project, and the purpose and need addressed by the project. The report shall be submitted to the Joint Legislative Commission on Governmental Operations by January 15, 1986, and to the Fiscal Research Division, with supplemental reports on May 15, 1986, and February 15, 1987.

——SANDY CREEK WATERSHED FUNDING

Sec. 5.13. (b) This section shall become effective June 30, 1985.

——SCHOOL OF SCIENCE AND MATHEMATICS/PHYSICAL EDUCATION FIELD

Sec. 5.14. The North Carolina School of Science and Mathematics, during the fiscal year 1983-84, paid to the Durham County General Hospital one hundred fifty-eight thousand eleven dollars and sixty-one cents ($158,011.61) for steam power, which the Durham County General Hospital subsequently donated that same year to the Fund for the Advancement of Science and Mathematics Education in North Carolina, a Foundation of the North Carolina School of Science and Mathematics. The Foundation then used the one hundred fifty-eight thousand eleven dollars and sixty-one cents ($158,011.61), along with other private gifts, to finance the construction of a physical education field located on the grounds of the School of Science and Mathematics. Because this money was used to the exclusive benefit of the North Carolina School of Science and Mathematics, the General Assembly, retroactively, authorizes the use of these funds by the Foundation for the construction of a physical education field for the North Carolina School of Science and Mathematics.

——UNIVERSITY OF NORTH CAROLINA BOARD OF GOVERNORS AND OTHER LUMP SUM APPROPRIATIONS

Sec. 6. There is appropriated in Section 4 of this act a lump sum to the Board of Governors of The University of North Carolina. Expenditure of funds in this appropriation shall be in accordance with the provision of G.S. 116-11(9)a. and G.S. 116-11(9)b., and of this act, except where specifically excluded. Other lump sums designated as reserves appropriated in Section 4 of this act shall be used for specific capital improvement projects in accordance with the priority needs of the respective agencies and as approved by the Governor with the advice of the Advisory Budget Commission. Funds authorized in Section 4 of this act to the Office of State Budget and Management in the amount of thirty-four million dollars ($34,000,000) in each year of the biennium are for the repair and renovation of State facilities and may not be used for new building construction or additions to existing facilities.

——ENCUMBERED APPROPRIATIONS AND PROJECT RESERVE FUND

Sec. 7. When each capital improvement project appropriated by the 1985 General Assembly, other than those projects under The University of North Carolina Board of Governors, is placed under construction contract, direct appropriations shall be encumbered to include all costs for

construction, design, investigation, administration, movable equipment and a reasonable contingency. Unencumbered direct appropriations remaining in the project budget shall be placed in a project reserve fund credited to the Department of Administration. At the discretion of the Director of the Budget any balances in the project reserve fund shall revert to the original source.

——PROJECT COST INCREASE

Sec. 8. After consultation with the Advisory Budget Commission and upon the request of the administration of a State agency or institution, the Director of the Budget may when in his opinion it is in the best interest of the State to do so, increase the cost of a capital improvement project. The increase may be funded from gifts, federal or private grants, special fund receipts, excess patient receipts above those budgeted at North Carolina Memorial Hospital or direct capital improvement appropriations to that agency or institution for that biennium.

Sec. 9. Upon the request of the administration of any State agency or institution, the Governor, after consultation with the Advisory Budget Commission, may authorize the construction of a capital improvement project not specifically authorized by the General Assembly if such project is to be funded by gifts, federal or private grants, special fund receipts, excess patient receipts above those budgeted at North Carolina Memorial Hospital or self-liquidating indebtedness.

Sec. 10. Funds which become available by gifts, excess patient receipts collected above those budgeted by the North Carolina Memorial Hospital, federal or private grants, receipts becoming a part of special funds by act of the General Assembly or any other funds available to a State agency or institution may be utilized for advance planning through the working drawing phase of capital improvement projects upon approval of the Director of the Budget. The Director of the Budget may make allocations from the Advance Planning Revolving Fund for advance planning through the working drawing phase of capital improvement projects, except that this revolving fund may not be utilized by the Board of Governors of The University of North Carolina or the State Board of Community Colleges.

Sec. 7. G.S. 131C-16 is amended by replacing the present catch line with the following:

Sec. 9. Chapter 131C of the General Statutes is amended by adding a new section immediately following G.S. 131C-17 and immediately preceding G.S. 131C-18, to be numbered G.S. 131C-17.1, and to read as follows:

(b) A professional solicitor or professional fund-raising counsel is responsible and liable for the acts of his employees in the solicitation, either direct or indirect, of charitable contributions. For purposes of this subsection, a professional solicitor or professional fund-raising counsel is deemed to be the employer of all persons acting under his license."

Sec. 10. Chapter 131C of the General Statutes is amended by adding a new section immediately following G.S. 131C-17.1 if passed by the General Assembly, and immediately preceding G.S. 131C-18, to be numbered G.S. 131C-17.2, and to read as follows:

"§ 131C-17.2. *Excessive and unreasonable fund-raising fees prohibited.*—(a) No professional fund-raising counsel or professional solicitor who contracts to raise funds for a person established for a charitable purpose may charge such person established for a charitable purpose an excessive and unreasonable fund-raising fee for raising such funds.

(b) For purposes of this section a fund-raising fee of twenty percent (20%) or less of the gross receipts of all solicitations on behalf of a particular person established for a charitable purpose is deemed to be reasonable and nonexcessive.

(c) For purposes of this section a fund-raising fee greater than twenty percent (20%) but less than thirty-five percent (35%) of the gross receipts of all solicitations on behalf of a particular person established for a charitable purpose is excessive and unreasonable if the party challenging the fund-raising fee also proves that the solicitation does not involve the dissemination of information, discussion, or advocacy relating to public issues as directed by the person established for a charitable purpose which is to benefit from the solicitation.

(d) For purposes of this Act only, a fund-raising fee of thirty-five percent (35%) or more of the gross receipts of all solicitations on behalf of a particular person established for a charitable purpose may be excessive and unreasonable without further evidence of any other fact by the party challenging the fund-raising fee. The professional fund-raising counsel or professional solicitor may successfully defend the fund-raising fee by proving that the level of the fee charged was necessary:

(1) Because of the dissemination of information, discussion, or advocacy relating to public issues as directed by the person established for a charitable purpose which is to benefit from the solicitation; or

(2) Because otherwise ability of the person established for a charitable purpose which is to benefit from the solicitations to raise money or communicate its ideas, opinions, and positions to the public would be significantly diminished.

(e) Where the fund-raising fee charged by a professional fund-raising counsel or a professional solicitor is determined to be excessive and unreasonable, the fact finder making that determination shall then

determine a reasonable fee under the circumstances. The difference between the fee charged and the reasonable fee as determined by the fact finder shall be paid by professional fund-raising counsel or professional solicitor to the person established for a charitable purpose which initially was charged the excessive and unreasonable fee."

Sec. 11. G.S. 131C-18 is amended to read as follows:

"The Secretary of Human Resources shall have the power, and it shall be his duty, to investigate, from time to time, the activities of all persons soliciting charitable contributions in this State, which are or may in his opinion be subject to this Chapter, or which have or may have violated the provisions of this Chapter. Such investigation shall be with a view of ascertaining whether this Chapter is being or has been violated by any such person, and if so, in what respect, with the purpose of acquiring such information as may be necessary to enable him to grant or deny an application for licensure, to revoke a license, to seek an injunction against any person, or to take any other action pursuant to this Chapter."

Sec. 12. Chapter 131C of the General Statutes is amended by adding a new section immediately following G.S. 131C-21 and immediately preceding G.S. 131C-22, to be numbered G.S. 131C-21.1, and to read as follows:

"§ 131C-21.1. *Other remedies.*—(a) The solicitation of charitable contributions by a professional solicitor or professional fund-raising counsel or by an agent, employee, or servant thereof without making the disclosures required by G.S. 131C-16, and G.S. 131C-16.1 shall be considered an unfair or deceptive trade practice, as prohibited by G.S. 75-1.1, and any person solicited, to whom these disclosures were not made, and who made a charitable contribution in response to such solicitation shall have a right of action on account of such injury done under G.S. 75-16 and G.S. 75-16.1 against the offending professional solicitor or professional fund-raising counsel. There is no right of action under this section against a person established for a charitable purpose. In any action under this subsection, the measure of damages shall be the amount of the contribution made by the person solicited.

(b) The Attorney General may bring a civil action as provided in Article 1 of Chapter 75 in order to protect the public from the unfair trade practice or practices described in subsection (a). In prosecuting this civil action, the Attorney General may make use of any and all powers, remedies, and civil penalties provided under Article 1 of Chapter 75.

(c) The Secretary of Human Resources may on his own motion commence a hearing to determine whether a professional solicitor or professional fund-raising counsel has charged a person established for a charitable purpose a fund-raising fee which is excessive and unreasonable. If the Secretary or his designated hearing officer determines the fund-raising fee to be unreasonable and excessive, then it shall determine the extent of a reasonable and nonexcessive fee, and shall order the professional solicitor or professional fund-raising counsel to pay the difference to the person established for a charitable purpose who was charged the excessive and unreasonable fund-raising fee. The Secretary is hereby empowered to issue such orders in connection with these hearings.

These hearings shall be governed by the Administrative Procedure Act, Chapter 150A of the General Statutes.

(d) The Secretary of Human Resources may commence the proceedings provided for in subsection (c) where he is requested to do so in writing by the chief executive officer of any person established for a charitable purpose within 60 days after the last payment of money to the person established for a charitable purpose by the professional fund-raising counsel or professional solicitor."

Sec. 13. This act shall become effective 60 days after ratification.

Sec. 14. If any portion of this act is for any reason held to be unconstitutional or otherwise invalid such decision shall not affect the validity of the remainder of the act.

S.B. 213 **CHAPTER 498**

AN ACT TO AMEND THE CHARTER OF THE CITY OF RALEIGH RELATING TO DRIVEWAYS, SITE PLAN AND SUBDIVISION APPROVAL, ROAD OR DRAINAGE PROJECT FEES, AND OPEN SPACE PROJECT FEES.

Whereas, rapid growth through the influx of new residents and new construction impose increased capital costs on the City of Raleigh, and the amount of federal aid to cities to accommodate growth and development is being reduced; and

Whereas, unless new regulatory authority is granted to complement other existing land use control regulations, the very community service facilities which make Raleigh and its environs a desirable place to work and live will be overburdened; and

Whereas, it is the purpose of this act to better enable the City of Raleigh to accommodate orderly growth and development within its corporate limits and extraterritorial jurisdiction by providing it with new methods of regulating development to meet increased demands for community service facilities and to provide off-site community service facilities generated by new construction; and

Whereas, it is the further purpose of this act to place an equitable share of the cost of providing new community service facilities on all new inhabitants, occupants, and construction and not just developments regulated pursuant to Part 2, Article 19, Chapter 160A of the General Statutes; and

Whereas, privately owned community service facilities do not lessen the need for public facilities, and to allow private community service facilities to be used to reduce the facility fees herein authorized would destroy the predictability of revenues generated by the fee; and

Whereas, it is the intent of the General Assembly that the costs of expanded and additional community service facilities be borne by those associated with the development process or the inhabitants and occupants of new construction and development who make these additional costs

necessary rather than placing the brunt of these costs on existing occupants and inhabitants; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Section 22(63) of the Charter of the City of Raleigh, being Chapter 1184 of the Session Laws of 1949, is amended by inserting immediately before the first semicolon the following words: "or its extraterritorial jurisdiction".

Sec. 2. That Section 22 of the Charter of the City of Raleigh, being Chapter 1184, Session Laws of 1949, captioned "Express Powers Enumerated", and relating to that subject be and the same is amended by adding new subdivisions to read:

"(80) *Site Plans.* The City Council may as part of its zoning regulations require that a site plan be prepared, submitted, and approved prior to the issuance of a building permit for new construction, excluding renovation and repair of existing structures, and excluding accessory uses and their structures, unless such renovations and repairs and accessory uses shall cause an increase in the off-street parking requirement or a change in occupancy as occupancy is defined by the North Carolina State Building Code. Such local law shall specify the elements to be included in site plans submitted for approval in accordance with standards of the zoning code; such elements may include, where appropriate, those relating to off-street parking, driveway access, internal circulation, screening, signs, landscaping, architectural features, locations and dimensions of buildings, topography and grading, utilities, drainage structures, street and sidewalk improvements, loading and service areas, fire hydrants, and such other elements as may reasonably be related to the health, safety and general welfare of the community. Where appropriate, approval of site plans may be conditioned to include requirements that street and utility rights-of-way be dedicated to or reserved for the public, or street and utility improvements be made to the same extent as required by the local subdivision regulations. This provision shall not apply to additions of less than five percent (5%) of gross floor area on an annual basis unless such addition causes an increase in the off-street parking requirement or a change in occupancy as occupancy is defined by the North Carolina State Building Code. The City Council shall prescribe procedures for review and approval of such site plans to insure that development of property shall conform to applicable zoning or other relevant laws or regulations, with approvals by designated city staff, or the City Council. Appeals shall lie from the staff to the City Council. The City Council may require that site plans be in conformity with previously approved subdivision plans for the same property; further, in the event of conflict between a requirement for site plan approval and requirements for previously approved subdivision plans, the latter shall control.

Expenditures from such trust fund for any one road or drainage project shall not exceed fifty percent (50%) of the capital costs of such individual project. (4) Open Space Projects Fee. 'Open space projects fee' shall mean the charge imposed upon new construction pursuant to the grant of regulatory authority contained herein.

or similar structures and improvements, or renovation and repairs, which do not generate the need for additional or expanded open space projects upon completion of the new construction.

(b) Subject to the conditions hereinafter set forth, the City of Raleigh, following the adoption of an ordinance or ordinances, shall have the right, power, and authority to impose and collect a regulatory fee defined herein as an open space project fee on all new construction within its city limits and extraterritorial jurisdiction.

(c) Requirements and limitations.

(1) No open space project fee shall be enacted until the City Council has caused to be prepared a report containing: (i) a description of the anticipated capital costs to the City of each additional or expanded open space project; (ii) a description of the relevant characteristics of construction which give rise to additional or expanded open space projects; (iii) a plan for providing one or more open space projects has been prepared.

H.B. 258 **CHAPTER 499**

AN ACT TO PROVIDE FOR THE CONTINUATION OF THE UTILITY REVIEW COMMITTEE AS THE JOINT LEGISLATIVE UTILITY REVIEW COMMITTEE.

Whereas, the North Carolina General Assembly originally established the Utility Review Committee in 1975, for an initial term of five years, to evaluate the actions of the North Carolina Utilities Commission and analyze the operations of the several utility companies doing business in North Carolina and to make periodic reports and recommendations to the General Assembly; and

Whereas, in 1979 the General Assembly authorized the Utility Review Committee to continue its work for an additional five-year period, until June 30, 1985; and

Whereas, during the past 10 years the Utility Review Committee has faithfully discharged the duties assigned to it; and

Whereas, the complex nature of utility regulation makes it difficult for the members of the General Assembly to exercise responsible judgment unless adequately informed in such complex areas as the regulation and operation of public utilities, the relationship of State and federal law and regulation, and other complex issues related to ensuring adequate supplies of energy and other utility services to the individual and corporate citizens of the State at reasonable cost; and

Whereas, the Utility Review Committee can continue to serve to inform the members of the General Assembly on the regulation and operation of public utilities and other complex matters related to utility service in the State; Now, therefore,

The General Assembly of North Carolina enacts:

Section 1. Chapter 120 of the General Statutes is amended by adding a new Article to read as follows:

"Article 12A.
"Joint Legislative Utility Review Committee.

"§ 120-70.1. *Committee established.*—There is hereby established a permanent committee of the General Assembly to be known as the Joint Legislative Utility Review Committee, hereinafter called the Joint Committee, which shall exercise the powers and fulfill the duties described in this Article.

Three shall be appointed by the President of the Senate from the membership of the Senate and three shall be appointed by the Speaker of the House of Representatives from the membership of the House. Members will serve at the pleasure of their appointing officer and any vacancies occurring on the Joint Committee shall be filled by the presiding officer of the appropriate house. The initial membership of the Joint Committee shall consist of the membership of the Utility Review Committee on the effective date of this Article. A Senate cochairman and a House cochairman shall be elected by the Joint Committee from among its members. A quorum shall consist of four members.

"§ 120-70.3. *Powers and duties.*—The Joint Committee shall have the following powers and duties:

(1) To evaluate the actions of the North Carolina Utilities Commission, including the review of its interim and final orders, to the end that the members of the General Assembly may better judge whether these actions serve the best interest of the citizens of North Carolina, individual and corporate.

(2) To analyze the operations of the several utility companies doing business in North Carolina, including review of their programs, projects, sources and amounts of income, performance and accomplishments, and determination of whether expenditures were in all cases appropriate and necessary.

(3) To inquire into the role of the North Carolina Utilities Commission, the Public Staff, and the several utility companies in the development of alternate sources of energy.

(4) To inquire into the individual and collective effort of the utility companies to encourage the conservation of energy and thus reduce requirements for additional generating facilities.

(5) To review and evaluate changes in federal law and regulation, or changes brought about by court actions, as well as changes in technology affecting utilities, to determine whether the State's laws require modification as a result of those changes.

(6) To submit evaluations to the General Assembly, from time to time, of the performance of the North Carolina Utilities Commission, the Public Staff, and the various utilities operating in the State. A proposed draft of such evaluations shall be submitted to the North Carolina Utilities Commission, the Public Staff and the affected public utilities prior to submission to the General Assembly and the affected entity shall be given an opportunity to be heard before the Joint Committee prior to the completion of the evaluation and its submission to the General Assembly.

(7) To make reports and recommendations to the General Assembly, from time to time, on matters relating to the powers and duties set out in this section.

(8) To undertake such additional studies or evaluations as may, from time to time, be requested by the President of the Senate, the Speaker of the House of Representatives, the Legislative Research Commission, or either House of the General Assembly.

"§ 120-70.4. *Additional powers.*—The Joint Committee, while in the discharge of official duties, may exercise all the powers provided for under the provisions of G.S. 120-19 and 120-19.1 through 120-19.4. The Joint Committee may meet at any time upon the call of either chairman, whether or not the General Assembly is in session.

"§ 120-70.5. *Compensation and expenses of members.*—Members of the Joint Committee shall receive subsistence and travel expenses at the rates set forth in G.S. 120-3.1.

"§ 120-70.6. *Joint Committee staffing.*—The Joint Committee shall use clerical and professional employees of the General Assembly for its staff, who shall be made available to the Joint Committee by the Legislative Services Commission. The Joint Committee shall have the power to employ other professional staff, upon the determination of the necessity therefor by the Joint Committee; provided, however, that sufficient funds for such outside staff are available within the Joint Committee's budget. Travel and subsistence allowances for staff and employees of the Joint Committee shall be as fixed by G.S. 138-6 and G.S. 138-7 when such travel is approved by either chairman. Employees of the Joint Committee shall not be subject to the Executive Budget Act or to the State Personnel Act. Suitable office and meeting space, and appropriate equipment, shall be assigned to the Joint Committee by the Legislative Services Commission."

Sec. 2. Any unexpended funds budgeted to the Utility Review Committee may be expended by the Joint Legislative Utility Review Committee.

Sec. 3. Resolution 78, 1979 Session Laws and Section 61, Chapter 1127, 1981 Session Laws, are repealed.

Sec. 4. G.S. 62-15(a) is amended by inserting the words "Joint Legislative" before the words "Utility Review Committee".

Sec. 5. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 28th day of June, 1985.

The payment of the cost of care constitutes a valid expenditure of funds held by a fiduciary of a person admitted, including Clerks of Court, and a receipt for payment of such costs shall be a valid voucher in the fiduciary's settlement of his accounts of his trust.

(b) Immediately upon the determination of the cost, the person admitted or the person legally responsible for paying the cost shall be notified of the amount due and a statement shall be rendered on a monthly basis.

(c) If the person admitted or the person legally responsible for paying the cost is not able to pay the total cost due on a monthly basis, the Secretary may arrange for the payment of a portion of the cost monthly and extend the payments until the costs are paid or may arrange for any other method of payment.

(d) The institutions shall maintain a list of all unpaid accounts for audit by the State auditors.

(e) The Secretary may discharge from the institution persons admitted who have been found able to pay but who refuse to pay costs fixed against

them, unless the person was committed by an order of a court of competent jurisdiction."

Sec. 8. G.S. 143-120 is repealed.

Sec. 9. G.S. 143-121 is rewritten to read:

"§ 143-121. *Action to recover costs.*—(a) Immediately upon the fixing of the amount of actual cost, a cause of action shall accrue for the costs in favor of the State for the use of the institution in which the person admitted received care against the person admitted or person legally responsible for paying the costs.

(b) The State for the use of the institution may sue upon the cause of action in the courts of Wake County, in the courts of the county in which the institution is located, or in the courts of the county where the defendant resides.

(c) In any action to recover the cost of care, a verified and itemized statement of the account signed by the reimbursement director of the institution showing the period of time during which the person admitted was receiving care in the institution, the daily or monthly rate of charge fixed by the Secretary, the total amount due on the account, and the proper credits for any payments which may have been made on the account, shall be filed with the complaint and shall constitute a prima facie case. The State shall be entitled to a judgment in the case in the absence of allegation and proof on the part of the person admitted or person legally responsible for paying the costs that the verified and itemized statement is not correct because of:

(1) An error in the calculation of the amount due predicated upon the rate of charge fixed by the Secretary;

(2) An error as to the period of time during which the person admitted received care in the institution; or

(3) An error in not properly crediting the account with any payment which may have been made.

(d) The provisions of this Article directing the Secretary to determine which of the persons admitted are nonindigent and able to pay for their care, notify the person admitted or person legally responsible for the cost of his care of the amount due, to render a statement of the amount due monthly, to discharge persons admitted found able to pay but who refuse to pay and all of the other provisions relating to the manner in which the Secretary shall assess and collect costs are directory and not mandatory. The failure of the Secretary to perform any of these provisions shall not affect the right of the State to recover in any action brought for the cost of care against the person admitted, a person legally responsible for the cost of his care, or his estate if he has died."

Sec. 10. Chapter 143 of the General Statutes is amended by adding a new section to read:

"§ 143-121.1. *Ratification of past acts.*—The past acts of the Secretary, boards of directors of the institutions and the North Carolina Hospital Board of Control in fixing the rate to be paid by persons admitted are hereby in every respect ratified and validated, and on all claims and causes of action now pending or which hereafter may be made or begun for the payment of the past indebtedness for care, the rates fixed by the party authorized to fix rates at the time the care was provided shall prevail and

collections shall be made in accordance with those rates unless the Secretary enters into a contract compromising the account."

Sec. 11. G.S. 143-122, 143-123, 143-124, 143-125, 143-126, and 143-126.1 are rewritten to read:

"§ 143-122. *No limitation of action.*—No statute of limitation shall apply to or constitute a defense to any cause of action asserted by the State under this Article and all statutes containing limitations which might apply to these actions are hereby repealed as to all such causes of action for costs previously incurred and now remaining unpaid.

"§ 143-123. *Power to admit indigent persons.*—(a) This Article shall not be construed to limit the authority of the institutions to provide care to all indigent persons who are otherwise entitled to admission in any of the institutions.

(b) If at any time any person admitted and determined to be indigent shall succeed to or inherit, or acquire, in any manner, property or otherwise be reputed to be solvent, then the State shall have the full right and authority to collect and sue for the entire cost of care without hinderance of any statute of limitations.

"§ 143-124. *Suit by Attorney General.*—At the request of the institution, all actions and suits shall be prosecuted by the Attorney General. The institution shall have the right to select the venue of the action.

"§ 143-125. *Judgment; never barred.*—Any judgment obtained by the State under this Article shall never be barred by any statute of limitation but shall to the extent unpaid continue in force; and, at the request of the Attorney General or the director of the institution, the clerk shall issue an execution.

"§ 143-126. *Death of a person admitted; lien on estate.*—(a) In the event of the death of person admitted, leaving any cost of care unpaid, then the unpaid cost shall constitute a lien on all property, both real and personal of the decedent and shall be payable from the decedent's estate as a fourth class claim after the payment of taxes to the State or its subdivisions.

(b) Upon the death of person admitted, the Department shall file a verified statement of account containing the following:

(1) The name of the person admitted;
(2) The date of death of the person admitted;
(3) The inclusive dates of the provision of care;
(4) The name of the institution providing care; and
(5) The amount of the unpaid balance.

The statement shall be filed in the office of the clerk of superior court in the county of residence of the deceased person admitted and in the county or counties in which real property is located in which the decedent owns an interest. The statement shall be docketed and indexed by the clerk.

(c) From the time of docketing, the statement shall be and constitute due notice of a lien against all real property then owned in whole or in part by the decedent and lying in such county to the extent of the total amount of the unpaid balance for the decedent's care as evidenced by the verified statement of account. Payments made by a fiduciary including

those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(d) No action to enforce such lien may be brought more than three years from the date of death of the person admitted. The failure to bring such action or the failure of the Department to file such statement shall not be a complete bar against recovery but shall only extinguish the lien and priority established by it.

(e) Upon receipt of the unpaid balance by the institution or Department or upon agreement of compromise of such unpaid balance, the Department shall notify the clerks of superior court in the counties where the lien has been recorded that the unpaid balance has been paid, and the clerks shall cancel the lien of record.

"§ 143-126.1. *Lien on property for unpaid balance due institution.*—(a) There is hereby created a general lien on both the real and personal property of any person admitted who is receiving or who has received care in any of the institutions operated by the Department of Human Resources to the extent of the total amount of the unpaid balance shown on the verified statement of account for charges from and after July 1, 1967.

(b) Such general lien for the unpaid balance for care at the institutions shall apply to the property, both real and personal, of the person admitted whether held by him or his trustee or guardian.

(c) At the time deemed suitable in the discretion of the Department, there may be filed a verified statement of account containing the following:

(1) The name of the person admitted;
(2) The inclusive dates of the provision of care and a statement that care is continuing if applicable;
(3) The name of the institution providing care; and
(4) The amount of the unpaid balance.

The statement may be filed in the office of the clerk of superior court in the county of residence of the person admitted and in each county or counties where real property in which the patient owns an interest is found. The statement shall be docketed and indexed by the clerk.

(d) From the time of docketing, the statement shall be and constitute due notice of a lien against the real property then owned or thereafter acquired by the patient and lying in such county to the extent of the total amount of the unpaid balance for the person admitted's care as evidenced by the verified statement of account for charges from and after July 1, 1967. Payments made by a fiduciary, including those made by a clerk of superior court, in full or partial satisfaction of such lien, shall constitute a valid expenditure as provided in G.S. 143-119.

(e) The lien thus established shall take priority over all other liens subsequently acquired and shall continue from the date of filing until satisfied. No action to enforce such lien may be brought more than three years from the last date of filing of such lien nor more than three years after the death of any person admitted. The failure to bring such action or the failure of the Department to file said statement shall not be a complete bar against recovery but shall only extinguish the lien and priority established by it.

(f) Upon receipt of the full unpaid balance by the institution or Department or upon agreement of compromise of such unpaid balance, the Department shall notify the clerks of superior court in the counties where the lien has been docketed that the unpaid balance has been paid, and the clerks shall cancel the lien of record.

(g) Notwithstanding the foregoing provisions, no such lien shall be enforceable against any funds paid by the State to a person admitted after judgment or settlement of a claim for damages arising out of the negligent injury of such person at any of the institutions during the life of person admitted. Upon the death of the person admitted, any remaining proceeds of a judgment or settlement under this subsection in the hands of the deceased shall become a general asset of the estate and subject to any lien of the State."

Sec. 12. This act shall become effective October 1, 1985.

The General Assembly of North Carolina enacts:

Section 1. Chapter 160A of the General Statutes is amended by adding a new section to read:

"§ 160A-196. *Sewage tie-ons.*—Cities that (in whole or in part) are adjacent to, adjoining, intersected by or bounded by the Atlantic Ocean and Pamlico Sound may by ordinance regulate the tie-ons to sewage systems within their corporate limits."

Sec. 2. Tax. (a) Authorization. The Dare County Board of Commissioners may, by resolution, levy an excise tax on instruments conveying certain interests in real property in Dare County. The tax imposed may not exceed one dollar ($1.00) on each one hundred dollars ($100.00) or fraction thereof of the total consideration or value of the interest conveyed, including, in the case of a sale, the value of any lien or encumbrance remaining on the property at the time of sale. This tax is in addition to the tax levied by Article 8E of Chapter 105 of the General Statutes. The value of a lease subject to this tax shall be computed on the basis of the present value of the fixed lease payments and, if the lease payments are based in whole or in part on the lessee's receipts, the estimated amount of the lessee's receipts.

(b) Scope. A tax levied under this section applies to all instruments conveying an interest in real property in Dare County except an instrument:

(1) Conveying an interest in real property from the United States, the State, or a political subdivision of the State;

(2) Recording a lease for a term of 10 years or less, unless:

a. The lease gives the lessee an option to renew the lease for a period that, when added to the term of the lease, exceeds the 10-year limitation; or
b. The lease is for substantially the same property and is between the same parties as a lease previously recorded, and the term of the new lease, when added to that of the previous lease, exceeds the 10-year limitation; or
c. The lease requires or permits the property to be transferred to the lessee for less than the fair market value of the property;

(3) Securing indebtedness; or
(4) Recording a transfer in which no consideration was paid or is due the transferor by the transferee.

In addition, this tax does not apply to conveyances of an interest in real property by operation of law, by will, or by intestacy.

(c) Collection. A tax levied under this section is payable by the transferor of the interest to the Dare County Tax Collector. This tax must be paid at the tax collector's office before the instrument conveying the interest is recorded. The tax collector shall stamp or otherwise mark each instrument subject to the tax to indicate that the tax has been paid. The Dare County Register of Deeds may not accept for recordation an instrument subject to a tax levied under this section unless the instrument bears the tax collector's mark indicating that the tax has been paid.

(d) Appeal. A person who is liable for a tax levied under this section who disputes the amount of tax due shall pay the tax stated by the tax collector to be due, but may appeal the payment of the tax to the Land Transfer Tax Appeals Board by filing a written notice of appeal with the tax collector within 30 days after paying the tax. Upon receipt of a notice of appeal, the tax collector shall forward a copy of the notice of appeal to the chairman of the Land Transfer Tax Appeals Board. A notice of appeal shall state the reason for the appeal and the amount of tax the appellant contends is due.

The Land Transfer Tax Appeals Board is established to determine appeals of taxes imposed under this section. The Board shall consist of seven members, two of whom shall be appointed by the Dare County Board of Commissioners, one of whom shall be appointed by the governing body of Kill Devil Hills, one of whom shall be appointed by the governing body of Kitty Hawk, one of whom shall be appointed by the governing body of Manteo, one of whom shall be appointed by the governing body of Nags Head, and one of whom shall be appointed by the governing body of Southern Shores. The county commissioners shall designate a chairman of the Board from the membership of the Board. The expenses of the Board are an administrative expense and shall be paid from the proceeds of the tax.

Members of the Board shall serve staggered four-year terms, with the term of one of the members appointed by the board of commissioners and the terms of the members appointed by the governing bodies of Nags Head and Southern Shores ending on June 30 of one four-year period, and the terms of the remaining members ending on June 30 of the four-year period ending the second year following the year in which the terms of the other three members ended. Members shall serve until their successors are

appointed. A vacancy shall be filled by the appointing authority of the member who created the vacancy.

The Land Transfer Tax Appeals Board shall meet at the call of the chairman and shall meet as often as needed to hear appeals. All appeals to the Board shall be heard by the Board within 45 days of the date the tax collector receives a notice of appeal. The Board shall issue a written decision within 20 days after hearing an appeal and shall send a copy of the decision to the appellant and to the tax collector. If the decision states that an appellant paid more tax than was due, the tax collector shall immediately refund to the appellant the amount of the overpayment. The appellant and the tax collector may appeal the decision of the Board in an action brought in the superior court of the county. An appeal to the superior court shall be heard *de novo.*

(e) Use and Distribution of Tax Revenue. For the first 12 fiscal years in which a tax levied under this section is in effect, all proceeds of the tax shall be retained by the county and shall be placed in a special Capital Reserve Fund in the general fund of the county. Revenue in this Fund may be used by the county only for capital expenditures for the following: courts, jails and detention facilities, emergency medical services, libraries, recreation, education, administration, water, sewage, health, and social services.

Beginning with the 13th fiscal year in which a tax levied under this section is in effect, the county shall distribute one-third (⅓) of the net proceeds of the tax on a quarterly basis to the Towns of Nags Head, Kill Devil Hills, Kitty Hawk, Southern Shores, and Manteo in Dare County in proportion to the amount of ad valorem taxes levied by each town for the preceding fiscal year. Revenue distributed to a town may be used only for capital expenditures. The remaining two-thirds (⅔) of the net proceeds shall be retained by the county and placed in the special Capital Reserve Fund established under this subsection, to be used only for the purposes listed above. As used in this subsection, "net proceeds" means gross proceeds less the cost to the county of administering and collecting the tax.

(f) Penalties. A person who knowingly fails to pay a tax levied under this section, who knowingly aids another to fail to pay a tax levied under this section, or who, to avoid paying part or all of the tax due under this section, knowingly misstates the total consideration for an interest conveyed is guilty of a misdemeanor and is punishable by imprisonment for up to two years and a fine of not less than one hundred dollars ($100.00) nor more than one thousand dollars ($1,000).

(g) Taxes Recoverable by Action. If a transferor fails to pay a tax imposed by this section within 30 days of the tax collector's demand that he pay the tax, the tax may be recovered by Dare County in an action brought in the superior court of the county. In an action to recover a tax imposed under this section, costs of court shall include a fee to the county of twenty-five dollars ($25.00) for the expense of collection.

(h) Effective Date; Application. A tax levied under this section shall become effective on the first day of a month, as designated in the resolution levying the tax, and may not become effective for at least 30 days after the adoption of the resolution. A tax levied under this section

applies to instruments that are executed on or after the effective date of the levy, except instruments executed on or after that date that convey an interest in real property pursuant to a recorded written contract made before the effective date.

(i) Repeal. A tax levied by this section may be repealed by a resolution adopted by the Dare County Board of Commissioners. Repeal of a tax levied under this section shall become effective on the first day of a month and shall apply to instruments recorded on or after the effective date of the repeal. Repeal of a tax levied under this section does not affect a liability for this tax that attached before the effective date of the repeal.

Sec. 3. Notwithstanding subsection (d) of Section 2 of this act, the initial term of one of the members to the Land Transfer Tax Appeals Board appointed by Dare County Board of Commissioners and the initial terms of the members appointed by the governing bodies of Nags Head and Southern Shores shall end on June 30 of the second year after their term begins.

a. If payments begin before age 62, the dollar limitation shall be adjusted, in accordance with regulations prescribed by the Secretary of the Treasury or his delegate, to be the equivalent of the dollar limitation set forth in this paragraph on the basis of reasonable actuarial assumptions with the interest rate assumption being five percent (5%). Provided, that such adjustment shall not produce a dollar limitation of less than seventy-five thousand dollars ($75,000) for any benefits beginning at or after age 55; or, if the pension begins before age 55, such adjustment shall not produce a dollar limitation of less than the equivalent of a benefit of seventy-five thousand dollars ($75,000) beginning at age 55.

b. If payments begin after age 65, the dollar limitation shall be adjusted, in accordance with regulations prescribed by the Secretary of the Treasury or his delegate, to be the equivalent of the dollar limitation set forth in this paragraph on the basis of reasonable actuarial assumptions, with the interest rate assumption being five percent (5%).

c. If a pension is payable in a form other than a single life annuity, the pension shall be converted to a single life annuity for purposes of applying the limits of this paragraph. The amount of the single life annuity determined for this purpose shall be the actuarial equivalent of such pension, and shall be determined in accordance with regulations prescribed by the Secretary of the Treasury or his delegate on the basis of reasonable actuarial assumptions, with the interest rate assumption being five percent (5%).

If a Member has less than 10 years of service, the limitation otherwise applicable under this paragraph shall be computed by multiplying the limitation by a fraction, the numerator of which is the Member's years of service and the denominator of which is 10.

If a Member of the Pension Fund is also a Member under a defined contribution plan sponsored by the City, the 'annual additions' to his Individual Account under such defined contribution plan will be reduced to the extent necessary to prevent the sum of the 'defined benefit plan fraction' and the 'defined contribution plan fraction', computed as of the close of the limitation year, from exceeding 1.0.

For purposes of determining this limitation, the 'defined benefit plan fraction' is a fraction, the numerator of which is the Member's projected Normal Retirement Benefit under this Pension Fund payable in the form of a straight life annuity and expressed as an annual pension (determined as of the close of the limitation year), and the denominator of which is the lesser of (i) the product of 1.25 times the dollar limitation in effect under Section 415(b)(1)(A) of the Internal Revenue Code of 1954 for such year, or (ii) the product of 1.4 times one hundred percent (100%) of his average compensation for the three consecutive limitation years during which he was an active Member in the Pension Fund and had the greatest compensation from the City.

For purposes of determining this limitation, the 'defined contribution plan fraction' is a fraction, the numerator of which is the sum of the 'annual additions' to the Member's Individual Account under the defined contribution plan for the current limitation year and for all prior limitation years, and the denominator of which is the sum of the lesser of the following amounts determined for the current limitation year and for all prior limitation years: (i) the product of 1.25 times the dollar limitation in effect under Section 415(c)(1)(A) of the Internal Revenue Code of 1954 for such year, or (ii) the product of 1.4 times twenty-five percent (25%) of compensation for such year. The words 'annual additions' are defined in Section 415(c)(2) of the Internal Revenue Code of 1954.

Notwithstanding anything in this section to the contrary:

d. If for the last limitation year beginning prior to January 1, 1983, the sum of the 'defined benefit plan fraction' and the 'defined contribution plan fraction' shall exceed 1.0, the numerator of the 'defined contribution plan fraction' shall be decreased to the extent necessary to reduce the sum of said fractions to 1.0.

e. In lieu of using the 'defined contribution plan fraction', if the Pension Fund has been in effect for one or more limitation years ending prior to January 1, 1983, the Pension Board may in computing the denominator of said 'defined contribution plan fraction' elect to apply a 'transition fraction' for each limitation year ending after December 31, 1982; and in such event, the amount to be taken into account as the denominator of the 'defined contribution plan fraction' for all limitation years ending before January 1, 1983, shall be an amount equal to the product of the sum of the maximum 'annual additions' allowable by law for each limitation year through the limitation year ending in 1982 multiplied by the 'transition fraction' instead of the denominator determined in accordance with the provisions of the preceding paragraph. The 'transition fraction' is a fraction, the numerator of which is the lesser of (i) fifty-one thousand eight hundred seventy-five dollars ($51,875) or (ii) the product of 1.4 times twenty-five percent (25%) of the compensation of the Member for the limitation year ending in 1981; and the denominator of which is the lesser of (i) forty-one thousand five hundred dollars ($41,500) or (ii) twenty-five percent (25%) of the compensation of the Member for the limitation year ending in 1981.

For purposes of applying the rules of this paragraph, the following provisions shall apply: (i) all defined benefit plans of the City shall be considered as a single plan, and all defined contribution plans of the City shall be considered as a single plan; and (ii) all entities, whether or not incorporated, required to be aggregated under the provisions of Section 414(b), (c), or (m) of the Internal Revenue Code of 1954 shall be considered to be a single employer.

If the City maintains more than one defined benefit plan, Section 415(b)(1)(B) of the Internal Revenue Code of 1954 which limits the annual benefit to which a Member is entitled to one hundred percent (100%) of his average compensation for his high three years, shall be applied separately with respect to each such plan, but in applying such limitation to the aggregate of such defined benefit plans, the high three years of compensation taken into account shall be the period of consecutive limitation years during which an individual had the greatest aggregate compensation from the City."

Sec. 2. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 3. None of the provisions of this act shall create a liability for the Wilmington Firemen's Pension Fund unless sufficient current assets are available in the Fund to pay fully for the liability.

Sec. 4. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1985.

H.B. 582 **CHAPTER 533**

AN ACT TO GIVE THE CITY OF WILMINGTON THE AUTHORITY TO INCREASE THE PENSIONS BEING RECEIVED UNDER THE POLICE PENSION FUND.

The General Assembly of North Carolina enacts:

Section 1. Section 11 of Chapter 55 of the Private Laws of 1915, as amended, is amended to add new paragraphs at the end to read:

"The Council of the City of Wilmington may, by ordinance, direct the Pension Board to increase the pensions being received by pensioners and surviving spouses under the terms of the Pension Fund to take into account in full or in part cost-of-living increases since retirement. Provided that the cost of such increases shall, before action is taken by the Council, be determined by a qualified actuary, and that said cost be paid for on an actuarially sound basis.

A Member's pension from this Pension Fund, payable in the form of a single life annuity and expressed as an annual pension, shall not exceed the lesser of ninety thousand dollars ($90,000), or one hundred percent (100%) of his average compensation for the three consecutive limitation years, a 'year' being the 12-month period beginning July 1st and ending June 30th, during which he was an active Member and had the greatest aggregate compensation from the City, except that such limitation shall not apply where the aggregate pension payable to the Member under this Pension Fund and under all other defined benefit plans of the City do not

exceed ten thousand dollars ($10,000) during the current limitation year or any prior limitation year, and the Member has not at any time participated in a defined contribution plan maintained by the City. The dollar limitation provided in this paragraph shall be adjusted effective as of January 1st of each calendar year for cost-of-living increases in accordance with the regulations promulgated under Section 415 of the Internal Revenue Code of 1954, and the adjusted dollar limitation shall apply to the limitation year ending with or within that calendar year.

For purposes of this paragraph, 'compensation' shall mean the total wages, salary, and other remuneration paid by the City to a Member for personal services actually rendered in the course of employment as described in Treasury Regulation Section 1.415-2(d).

The following adjustments shall be made in the limitations set forth in this subdivision:

a. If payments begin before age 62, the dollar limitation shall be adjusted, in accordance with regulations prescribed by the Secretary of the Treasury or his delegate, to be the equivalent of the dollar limitation set forth in this paragraph on the basis of reasonable actuarial assumptions with the interest rate assumption being five percent (5%). Provided, that such adjustment shall not produce a dollar limitation of less than seventy-five thousand dollars ($75,000) for any benefits beginning at or after age 55; or, if the pension begins before age 55, such adjustment shall not produce a dollar limitation of less than the equivalent of a benefit of seventy-five thousand dollars ($75,000) beginning at age 55.

b. If payments begin after age 65, the dollar limitation shall be adjusted, in accordance with regulations prescribed by the Secretary of the Treasury or his delegate, to be the equivalent of the dollar limitation set forth in this paragraph on the basis of reasonable actuarial assumptions, with the interest rate assumption being five percent (5%).

c. If a pension is payable in a form other than a single life annuity, the pension shall be converted to a single life annuity for purposes of applying the limits of this paragraph. The amount of the single life annuity determined for this purpose shall be the actuarial equivalent of such pension, and shall be determined in accordance with regulations prescribed by the Secretary of the Treasury or his delegate on the basis of reasonable actuarial assumptions, with the interest rate assumption being five percent (5%).

If a Member has less than 10 years of service, the limitation otherwise applicable under this paragraph shall be computed by multiplying the limitation by a fraction, the numerator of which is the Member's years of service and the denominator of which is 10.

If a Member of the Pension Fund is also a Member under a defined contribution plan sponsored by the City, the 'annual additions' to his Individual Account under such defined contribution plan will be reduced to the extent necessary to prevent the sum of the 'defined benefit plan fraction' and the 'defined contribution plan fraction', computed as of the close of the limitation year, from exceeding 1.0.

For purposes of determining this limitation, the 'defined benefit plan fraction' is a fraction, the numerator of which is the Member's projected Normal Retirement Benefit under this Pension Fund payable in the form of a straight life annuity and expressed as an annual pension (determined as of the close of the limitation year), and the denominator of which is the lesser of (i) the product of 1.25 times the dollar limitation in effect under Section 415(b)(1)(A) of the Internal Revenue Code of 1954 for such year, or (ii) the product of 1.4 times one hundred percent (100%) of his average compensation for the three consecutive limitation years during which he was an active Member in the Pension Fund and had the greatest compensation from the City.

For purposes of determining this limitation, the 'defined contribution plan fraction' is a fraction, the numerator of which is the sum of the 'annual additions' to the Member's Individual Account under the defined contribution plan for the current limitation year and for all prior limitation years, and the denominator of which is the sum of the lesser of the following amounts determined for the current limitation year and for all prior limitation years: (i) the product of 1.25 times the dollar limitation in effect under Section 415(c)(1)(A) of the Internal Revenue Code of 1954 for such year, or (ii) the product of 1.4 times twenty-five percent (25%) of compensation for such year. The words 'annual additions' are defined in Section 415(c)(2) of the Internal Revenue Code of 1954.

Notwithstanding anything in this section to the contrary:

d. If for the last limitation year beginning prior to January 1, 1983, the sum of the 'defined benefit plan fraction' and the 'defined contribution plan fraction' shall exceed 1.0, the numerator of the 'defined contribution plan fraction' shall be decreased to the extent necessary to reduce the sum of said fractions to 1.0.

e. In lieu of using the 'defined contribution plan fraction', if the Pension Fund has been in effect for one or more limitation years ending prior to January 1, 1983, the Pension Board may in computing the denominator of said 'defined contribution plan fraction' elect to apply a 'transition fraction' for each limitation year ending after December 31, 1982; and in such event, the amount to be taken into account as the denominator of the 'defined contribution plan fraction' for all limitation years ending before January 1, 1983, shall be an amount equal to the product of the sum of the maximum 'annual additions' allowable by law for each limitation year through the limitation year ending in 1982 multiplied by the 'transition fraction' instead of the denominator determined in accordance with the provisions of the preceding paragraph. The 'transition fraction' is a fraction, the numerator of which is the lesser of (i) fifty-one thousand eight hundred seventy-five dollars ($51,875) or (ii) the product of 1.4 times twenty-five percent (25%) of the compensation of the Member for the limitation year ending in 1981; and the denominator of which is the lesser of (i) forty-one thousand five hundred dollars ($41,500) or (ii) twenty-five percent (25%) of the compensation of the Member for the limitation year ending in 1981.

For purposes of applying the rules of this paragraph, the following provisions shall apply: (i) all defined benefit plans of the City shall be considered as a single plan, and all defined contribution plans of the City shall be considered as a single plan; and (ii) all entities, whether or not incorporated, required to be aggregated under the provisions of Section 414(b), (c), or (m) of the Internal Revenue Code of 1954 shall be considered to be a single employer.

If the City maintains more than one defined benefit plan, Section 415(b)(1)(B) of the Internal Revenue Code of 1954 which limits the annual benefit to which a Member is entitled to one hundred percent (100%) of his average compensation for his high three years, shall be applied separately with respect to each such plan, but in applying such limitation to the aggregate of such defined benefit plans, the high three years of compensation taken into account shall be the period of consecutive limitation years during which an individual had the greatest aggregate compensation from the City."

Sec. 2. All laws and clauses of laws in conflict with this act are hereby repealed.

Sec. 3. None of the provisions of this act shall create a liability for the Wilmington Police Pension Fund unless sufficient current assets are available in the Fund to pay fully for the liability.

Sec. 4. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1985.

H.B. 677 **CHAPTER 536**

AN ACT TO ALLOW THE TOWNS OF KILL DEVIL HILLS, KITTY HAWK, MANTEO, NAGS HEAD, AND SOUTHERN SHORES TO IMPOSE FACILITY FEES.

The General Assembly of North Carolina enacts:

Section 1. Purpose. It is the purpose of this act to place an equitable share of the cost of providing new community service facilities upon all new inhabitants and upon those associated with the development process.

Sec. 2. Definitions. The following definitions apply in this act, unless the context clearly requires otherwise:

(1) "Capital costs" means costs spent for developing community service facilities; such costs are limited to Capital Outlay items listed in the "Uniform Local Government Accounting Systems" procedural manual prepared by the North Carolina Local Government Commission.

(2) "Community service facilities" means the following public facilities or improvements provided or established by the local government or in conjunction with other units of government: streets and drainage projects, open space and water access projects, emergency refuge shelters, and fire department capital improvements.

(3) "Developer" means an individual, corporation, partnership, organization, association, firm, political subdivision, or other legal entity constructing or creating new construction.

(4) "Facility fee" means the charge imposed upon new construction pursuant to the grant of regulatory authority contained herein.

(5) "New construction" means any new development, construction, or installation that results in real property improvement or that requires any building permit, certification, or other action permitting real property improvement. The term includes the installation of a mobile home or factory-built or modular housing. The term does not include fences, billboards, poles, pipelines, transmission lines, advertising signs, or similar structures and improvements that do not generate the need for additional or expanded community facilities upon completion of the additions or improvements.

Sec. 3. Subject to the conditions hereinafter set forth, a town that adopts an ordinance or ordinances shall have the right, power, and authority to impose and collect a regulatory fee defined herein as a facility fee on all new construction within its town limits and extraterritorial jurisdiction.

Sec. 4. (a) No facility fee shall be imposed until the town governing board has caused to be prepared a report containing:

(1) A description of the anticipated capital costs to the town of each additional or expanded community service facility generated by new construction;

(2) A description of the relevant characteristics of construction that give rise to additional or expanded community service facilities such as population, trip generation, stormwater runoff, and flow characteristics; and

(3) A plan for providing one or more of the community service facilities has been prepared.

(b) Before adopting or amending any facility fee ordinance authorized by this act, the town governing board shall hold a public hearing on it. A notice of the public hearing shall be given so as to conform with G.S. 160A-364, as it may be amended from time to time. No facility fee ordinance shall be adopted or amended without first giving the planning board a reasonable opportunity to make comments and recommendations to the town governing board.

(c) The amount of each facility fee imposed and collected shall be based upon reasonable and uniform considerations of capital costs to be incurred by the town as a result of new construction. The facility fee must bear a direct relationship to additional or expanded public capital costs of the community service facilities to be rendered for the inhabitants, occupants of the new construction, or those associated with the development process.

(d) The amount of each facility fee shall be based on quantified needs and specific classifications and rates, which shall be uniformly applied to all members of a class; however, the fees may differ within service areas and zones depending on the special needs and costs for community service facilities in those areas or zones. To the extent that the developer installs, according to municipal plans and specifications, and dedicates capital assets for which the fee was intended and which immediately become the property of the government and are not otherwise reimbursed by the government, the facility fee shall be reduced by the documented actual cash value not to exceed the fee chargeable for the specific facility. The facility fee shall be imposed only for those community service facilities that the town provides independently or that it provides in conjunction with other units of government, and it may not exceed the public cost of providing the additional community service facility.

(e) Monies for each particular facility for which a facility fee is collected shall be placed in a separate trust fund. All such revenues shall be spent for the capital facilities for which they were collected, and such benefits shall not be exclusive. Separate service areas and zones with separate trust funds may be established to satisfy this requirement. Facility fees shall be spent for those community service facilities the town alone provides within six years after collection of the fees, and shall be spent for those community service facilities the town provides in conjunction with other units of government within 10 years of collection of the fees.

Sec. 5. A cause of action as to the validity of any facility fee adopted under this act shall be brought within 90 days after its collection.

Sec. 6. The town is authorized to enact ordinances, resolutions, rules and regulations that are necessary or expedient to carry this act into execution and effect.

Sec. 7. The powers conferred in this act shall be supplementary to all other powers and procedures authorized by any other general or local law. Assessments, charges, fees, or rates authorized by any other general or local law are not affected by this act.

Sec. 8. This act applies to the Towns of Kill Devil Hills, Kitty Hawk, Manteo, Nags Head, and Southern Shores only.

Sec. 9. This act is effective upon ratification.

In the General Assembly read three times and ratified, this the 1st day of July, 1985.

(2) Ineligibility pursuant to the preceding paragraph based on a single disciplinary suspension shall not be imposed for any claims week beginning after the tenth consecutive calendar day of the suspension. If at the time a claim is filed for such a week the individual is still so suspended, the individual shall be deemed to have been discharged from his work because of all the acts or omissions that caused his suspension and the issue of whether that discharge was for disqualifying reasons under G.S. 96-14 shall then be adjudicated pursuant to G.S. 96-15.

b. That, at a reasonable time prior to leaving, the individual gave the employer notice of the disability or health condition.

Where an employer notifies an employee that such employee will be separated on some definite future date for lack of available work, the impending separation does not constitute good cause for quitting that employment, provided that if the individual quits because of the impending separation and shows to the satisfaction of the Commission that it was impracticable or unduly burdensome for the individual to work until the announced separation date, the period of disqualification imposed under this subsection (l) shall be reduced to the greater of four weeks or the period running from the beginning of the week during which application for benefits was made until the end of the week of the announced separation date.

The hearings may be conducted by conference telephone call or other similar means provided that if any party files with the Commission prior written objection to the telephone procedure, that party will be afforded an opportunity for an in-person hearing at such place in the State as the Commission by regulation shall provide."

G.S. 96-15(f) is amended in the last sentence by inserting immediately after the word "appealed" the following: "and, one or more of the parties objects, under such regulations as the Commission may prescribe, to being provided a copy of the tape recording of the hearing. Any other provisions of this Chapter notwithstanding, any party receiving the transcript shall pay to the Commission such reasonable fee for the transcript as the Commission may by regulation provide. The fee so prescribed by the Commission shall not exceed the lesser of twenty-five cents (25¢) per page or thirty-five dollars ($35.00) per transcript. The petition for review shall explicitly state what exceptions are taken to the decision or procedure of the Commission and what relief the petitioner seeks. Within 10 days after the petition is filed with the court, the petitioner shall serve copies of the petition by personal service or by certified mail, return receipt requested, upon the Commission and upon all parties of record to the Commission proceedings. Names and addresses of the parties shall be furnished to the petitioner by the Commission upon request. The Commission shall be deemed to be a party to any judicial action involving any of its decisions and may be represented in the judicial action by any qualified attorney who has been designated by it for that purpose. Upon motion of the Commission, the court shall dismiss any review for which the petition is untimely filed, untimely or improperly served, or for which it otherwise fails to comply with the requirements of this subsection. Any party to the Commission proceeding may become a party to the review proceeding by notifying the court within 10 days after receipt of the copy of the petition. Any person aggrieved may petition to become a party by filing a motion to intervene as provided in G.S. 1A-1, Rule 24.

Within 45 days after receipt of the copy of the petition for review or within such additional time as the court may allow, the Commission shall transmit to the reviewing court the original or a certified copy of the entire record of the proceedings under review. With the permission of the court the record may be shortened by stipulation of all parties to the review proceedings. Any party unreasonably refusing to stipulate to limit the record may be taxed by the court for such additional cost as is occasioned by the refusal. The court may require or permit subsequent corrections or additions to the record when deemed desirable.

(i) Review Proceedings. If a timely petition for review has been filed and served as provided in G.S. 96-15(h), the court may make party defendant any other party it deems necessary or proper to a just and fair determination of the case. The Commission may, in its discretion, certify to the reviewing court questions of law involved in any decision by it. In any judicial proceeding under this section, the findings of fact by the Commission, if there is evidence to support them and in the absence of fraud, shall be conclusive, and the jurisdiction of the court shall be confined to questions of law. Such actions and the questions so certified shall be heard in a summary manner and shall be given precedence over all civil cases. An appeal may be taken from the judgment of the superior court, as provided in civil cases. The Commission shall have the right to appeal to the appellate division from a decision or judgment of the superior court and for such purpose shall be deemed to be an aggrieved party. No bond shall be required of the Commission upon appeal. Upon the final determination of the case or proceeding, the Commission shall enter an order in accordance with the determination. When an appeal has been entered to any judgment, order, or decision of the court below, no

benefits shall be paid pending a final determination of the cause, except in those cases in which the final decision of the Commission allowed benefits."

Except as otherwise provided in this Chapter, no individual claiming benefits in any administrative proceeding under this Chapter shall be charged fees of any kind by the Commission or its representative, and in any court proceeding under this Chapter each party shall bear its own costs and legal fees."

Said Fund shall be used in the manner provided in this Article for the payment of claims where the aggrieved person has suffered a direct monetary loss by reason of certain acts committed by any person licensed under this Chapter.

(b) Nothing contained in this Article shall limit the authority of the Board to take disciplinary action against any licensee under this Chapter, nor shall the repayment in full of all obligations to the Fund by any licensee nullify or modify the effect of any other disciplinary proceeding brought under this Chapter.

(c) In addition to the fees provided for elsewhere in this Chapter, the Board shall charge the following fees which shall be deposited into the Fund:

(1) On July 1, 1985, the Board shall charge every licensee on that date a fee of fifty dollars ($50.00);

(3) The Board is authorized to charge each licensee an additional amount, not to exceed fifty dollars ($50.00), on July 1 of any year in which the balance of the Fund is less than one hundred thousand dollars ($100,000).

(d) The State Treasurer shall invest and reinvest the monies in the Fund in a manner provided by law, provided that sufficient liquidity shall be maintained to satisfy claims authorized by the Board. (b) An aggrieved party may petition the Board for a hearing to determine whether or not a licensee defaulted upon an obligation owed to the aggrieved party by the licensee; whether, if such an obligation is found, it arose within the licensee's scope of employment while providing alarm systems services; and if so, the amount of damages suffered by the aggrieved party. Said hearing shall be governed by the procedures of Chapter 150A of the General Statutes.

(c) Claims filed under this Chapter may only be brought for obligations incurred on or after July 1, 1985.

Authorized payments which cannot be made due to a lack of funds will be paid as funds become available, beginning with those payments which have been unsatisfied for the longest period of time.

(e) Hearings held pursuant to this Article shall be separate and apart from any hearings authorized pursuant to Article 1 of this Chapter. However, there is no prohibition against, if the Board so desires, holding hearings pursuant to Article 1 and Article 2 at the same location on the same date, or in front of the same hearing officer provided that in so doing no provisions of Chapter 150A of the General Statutes are violated.

"§ 74D-32. *Order directing payment out of Fund.*—If the Board finds, after a hearing pursuant to G.S. 74D-31, that the Fund, as guarantor, should make a payment to an aggrieved party, the Board shall enter an order directed to the State Treasurer authorizing payment from the Fund of whatever sum the Board shall find to be payable in accordance with the limitations contained in this Article.

"§ 74D-33. *Maximum liability; pro rata distribution.*—(a) Payments from the Fund shall be subject to the following limitations:

(1) The Fund shall not be liable for more than five thousand dollars ($5,000) per obligation regardless of the number of persons aggrieved; and

(2) The liability of the Fund shall not exceed in the aggregate ten thousand dollars ($10,000) for any one licensee within a single calendar year.

(b) If the maximum liability of the Fund is insufficient to pay in full the valid claims of all aggrieved persons whose claims related to the same obligation or to the same licensee, the amount for which the Fund is liable shall be distributed among the claimants in a ratio that their respective claims bear to the total of such valid claims or in such manner as the Board deems equitable. Upon action of the Board or parties, the Board may require all claimants and prospective claimants to be joined in one action to the end that the respective rights of all such claimants to the Fund may be equitably adjudicated and settled."

S.B. 272 **CHAPTER 571**

AN ACT TO PROTECT HANDICAPPED PERSONS.

The General Assembly of North Carolina enacts:

Section 1. The General Statutes are amended by adding a new Chapter 168A to read:

"Chapter 168A.
"Handicapped Persons Protection Act.

"§ 168A-1. *Title.*—This Chapter may be cited as the North Carolina Handicapped Persons Protection Act.

"§ 168A-2. *Statement of purpose.*—(a) The purpose of this Chapter is to encourage and enable all handicapped people to participate fully to the maximum extent of their abilities in the social and economic life of the State, to engage in remunerative employment, to use available public accommodations and public services, and to otherwise pursue their rights and privileges as inhabitants of this State.

(b) The General Assembly finds that: the practice of discrimination based upon a handicapping condition is contrary to the public interest and to the principles of freedom and equality of opportunity; the practice of discrimination on the basis of a handicapping condition threatens the rights and proper privileges of the inhabitants of this State; and such discrimination results in a failure to realize the productive capacity of individuals to their fullest extent.

"§ 168A-3. *Definitions.*—As used in this Chapter, unless the context otherwise requires, the term:

(1) 'Discriminatory practice' means any practice prohibited by this Chapter.

(2) 'Employer' means any person employing fifteen or more full-time employees within the State, but excluding a person whose only employees are hired to work as domestic or farm workers at that person's home or farm.

(3) 'Employment agency' means a person regularly undertaking with or without compensation to procure for employees opportunities to work for an employer and includes an agent of such a person.

(4) 'Handicapped person' means any person who (1) has a physical or mental impairment which substantially limits one or more major life activities; (2) has a record of such an impairment; or (3) is regarded as having such an impairment. As used in this subdivision, the term:

a. 'Physical or mental impairment' means (i) any physiological disorder or abnormal condition, cosmetic disfigurement, or anatomical loss, caused by bodily injury, birth defect or illness, affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or (ii) any mental disorder, such as mental retardation, organic brain syndrome, mental illness, specific learning disabilities, and other developmental disabilities, but (iii) excludes (A) sexual preferences; (B) active alcoholism or drug addiction or abuse; and (C) any disorder, condition or disfigurement which is temporary in nature leaving no residual impairment.

b. 'Major life activities' means functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, and learning.

c. 'Has a record of such an impairment' means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits major life activities.

d. 'Is regarded as having an impairment' means (i) has a physical or mental impairment that does not substantially limit major life activities but that is treated as constituting such a limitation; (ii) has a physical or mental impairment that substantially limits major life activities because of the attitudes of others; or (iii) has none of the impairments defined in paragraph a. of this subdivision but is treated as having such an impairment.

(5) 'Handicapping condition' means any condition or characteristic that renders a person a handicapped person.

(6) 'Labor organization' means an organization of any kind, an agency or employee representation committee, a group association, or a plan, in which employees participate and which exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours, or other terms or conditions of employment.

(7) 'Person' includes any individual, partnership, association, corporation, labor organization, legal representative, trustee, receiver, and the State and its departments, agencies, and political subdivisions.

(8) 'Place of public accommodations' includes, but is not limited to, any place, facility, store, other establishment, hotel, or motel, which supplies

goods or services on the premises to the public or which solicits or accepts the patronage or trade of any person.

(9) 'Qualified handicapped person' means:

a. With regard to employment, a handicapped person who can satisfactorily perform the duties of the job in question, with or without reasonable accommodation, (i) provided that the handicapped person shall not be held to standards of performance different from other employees similarly employed, and (ii) further provided that the handicapping condition does not create an unreasonable risk to the safety or health of the handicapped person, other employees, the employer's customers, or the public;

b. With regard to places of public accommodation a handicapped person who can benefit from the goods or services provided by the place of public accommodation; and

c. With regard to public services and public transportation a handicapped person who meets prerequisites for participation that are uniformly applied to all participants, such as income or residence, and that do not have the effect of discriminating against the handicapped.

(10) 'Reasonable accommodation' means:

a. With regard to employment, making reasonable physical changes in the workplace, including, but not limited to, making facilities accessible, modifying equipment and providing mechanical aids to assist in operating equipment, or making reasonable changes in the duties of the job in question that would accommodate the known handicapping conditions of the handicapped person seeking the job in question by enabling him or her to satisfactorily perform the duties of that job; provided that 'reasonable accommodation' does not require that an employer:

1. hire one or more employees, other than the handicapped person, for the purpose, in whole or in part, of enabling the handicapped person to be employed; or
2. reassign duties of the job in question to other employees without assigning to the handicapped employee duties that would compensate for those reassigned; or
3. reassign duties of the job in question to one or more other employees where such reassignment would increase the skill, effort or responsibility required of such other employee or employees from that required prior to the change in duties; or
4. alter, modify, change or deviate from bona fide seniority policies or practices; or
5. provide accommodations of a personal nature, including, but not limited to, eyeglasses, hearing aids, or prostheses, except under the same terms and conditions as such items are provided to the employer's employees generally; or
6. make physical changes to accommodate a handicapped person where:

I. for a new employee the cost of such changes would exceed five percent (5%) of the annual salary or annualized hourly wage for the job in question; or

II. for an existing employee the cost of the changes would bring the total cost of physical changes made to accommodate the employee's handicapping conditions since the beginning of the employee's employment with the employer to greater than five percent (5%) of the employee's current salary or current annualized hourly wage; or

7. make any changes that would impose on the employer an undue hardship, provided that the costs of less than five percent (5%) of an employee's salary or annualized wage as determined in subsection (6) above shall be presumed not to be an undue hardship.

b. With regard to a place of public accommodations, making reasonable efforts to accommodate the handicapping conditions of a handicapped person, including, but not limited to, making facilities accessible to and usable by handicapped persons, redesigning equipment, provide mechanical aids or other assistance, or using alternative accessible locations, provided that reasonable accommodation does not require efforts which would impose an undue hardship on the entity involved.

"§ 168A-4. *Reasonable accommodation duties.*—(a) A qualified handicapped person requesting a reasonable accommodation must apprise the employer, employment agency, labor organization, or place of public accommodation of his or her handicapping condition, submit any necessary medical documentation, make suggestions for such possible accommodations as are known to such handicapped person, and cooperate in any ensuing discussion and evaluation aimed at determining possible or feasible accommodations.

(b) Once a qualified handicapped person has requested an accommodation, or if a potential accommodation is obvious in the circumstances, an employer, employment agency, labor organization or place of public accommodation shall investigate whether there are reasonable accommodations that can be made and make reasonable accommodations as defined in G.S. 168A-3(10).

"§ 168A-5. *Discrimination in employment; exemptions.*—(a) Discriminatory practices. It is a discriminatory practice for:

(1) An employer to fail to hire or consider for employment or promotion, to discharge, or otherwise to discriminate against a qualified handicapped person on the basis of a handicapping condition with respect to compensation or the terms, conditions, or privileges of employment;

(2) An employment agency to fail or refuse to refer for employment, or otherwise to discriminate against a qualified handicapped person on the basis of a handicapping condition;

(3) A person controlling an apprenticeship, on-the-job, or other training or retraining program, to discriminate against a qualified handicapped person on the basis of a handicapping condition in admission to, or employment in, a program established to provide apprenticeship or other training; or

(4) An employer or employment agency to require an applicant to identify himself as handicapped prior to a conditional offer of

employment; however, any employer may invite an applicant to identify himself as handicapped in order to act affirmatively on his behalf.

(5) An employer, labor organization, or employment agency to fail to meet the duties imposed on them by G.S. 168A-4(b).

(b) Exemptions. It is not a discriminatory action for an employer, employment agency, or labor organization:

(1) To make an employment decision on the basis of State and federal laws or regulations imposing physical, health, mental or psychological job requirements;

(2) To fail to hire, transfer or promote, or to discharge a handicapped person who has a history of drug abuse or who is unlawfully using drugs where the job in question is in an establishment that manufactures, distributes, dispenses, conducts research, stores, sells or otherwise handles controlled substances regulated by the North Carolina Controlled Substances Act, G.S. 90-86 *et seq.;*

(3) To fail to hire, transfer, or promote, or to discharge a handicapped person because the person has a communicable disease which would disqualify a non-handicapped person from similar employment;

(4) To fail to make reasonable accommodations where the handicapped person has not fulfilled the duties imposed by G.S. 168A-4;

(5) To inquire whether a person has the ability to perform the duties of the job in question;

(6) To require or request a person to undergo a medical examination, which may include a medical history, for the purpose of determining the person's ability or capacity to safely and satisfactorily perform the duties of available jobs for which the person is otherwise qualified, or to aid in determining possible accommodations for a handicapping condition, provided (i) that an offer of employment has been made on the condition that the person meets the physical and mental requirements of the job with or without reasonable accommodation; and (ii) that the examination, unless limited to determining the extent to which a person's handicapping condition would interfere with his or her ability or capacity to safely and satisfactorily perform the duties of the job in question or the possible accommodations for a handicapping condition, is required of all persons conditionally offered employment for the same position regardless of handicapping condition;

(7) To obtain medical information or to require or request a medical examination where such information or examination is for the purpose of establishing an employee health record;

(8) To administer pre-employment tests, provided that the tests (i) measure only job-related abilities, (ii) are required of all applicants for the same position unless such tests are limited to determining the extent to which a person's handicapping condition would interfere with his or her ability to safely and satisfactorily perform the duties of the job in question or the

possible accommodations for the job in question, and (iii) accurately measure the applicant's aptitude, achievement level, or whatever factors they purport to measure rather than reflecting the handicapped person's impaired sensory, manual or speaking skills except when those skills are requirements of the job in question, provided that an employer shall not be liable for improper testing which was administered by a State agency acting as an employment agency.

"§ 168A-6. *Discrimination in public accommodations.*—It is a discriminatory practice for a person to deny a qualified handicapped person the full and equal enjoyment of the goods, services, facilities, privileges, advantages, and accommodations of a place of public accommodation on the basis of a handicapping condition. In the area of structural modifications, this section may be satisfied by compliance with the North Carolina Building Code.

"§ 168A-7. *Discrimination in public service.*—It is a discriminatory practice for a State department, institution, or agency, or any political subdivision of the State or any person that contracts with the above for the delivery of public services including but not limited to education, health, social services, recreation, and rehabilitation, to refuse to provide reasonable aids and adaptations necessary for a known qualified handicapped person to use or benefit from existing public services operated by such entity; provided that the aids and adaptations do not impose an undue hardship on the entity involved.

"§ 168A-8. *Discrimination in public transportation.*—It is a discriminatory practice for any transportation system providing transportation to the general public to fail to ensure access to and the benefits of public transportation to a qualified handicapped person; however, public transportation systems may use alternative methods to provide transportation for handicapped persons, as long as handicapped persons are offered transportation that, in relation to the transportation offered to other persons, is:

(1) In a similar geographic area of operation;
(2) For fares not greater in price;
(3) With similar or no restrictions as to trip purpose;
(4) With reasonable response time; and
(5) With similar hours of operations.

Nothing in this section shall apply to privately owned, local transit or transportation systems existing on October 1, 1985, or to interstate air carriers complying with federal regulations promulgated by the Civil Aeronautics Board and administered by the United States Department of Transportation.

"§ 168A-9. *Affirmative defenses.*—Any employer may assert affirmative defenses in any action brought under this Chapter. This section shall not create any inference that an employment action which is not listed as an affirmative defense is therefore, by implication, a discriminatory practice, so long as the employment action is not otherwise prohibited by this Chapter. The following is a non-exclusive list of affirmative defenses:

(a) The qualified handicapped person's failure to comply with or meet the employer's work rules and policies or performance standards, provided that such person is not held to rules or standards different from other non-handicapped employees similarly employed;

(b) The qualified handicapped person's excessive, willful or habitual tardiness or absence, provided that the standard used by the employer in determining whether such tardiness or absence is excessive is the same as that applied by the employer to non-handicapped employees similarly employed; or

(c) A bona fide seniority or merit system, or a system which measures earnings by quantity or quality of work or production, or differences in location of employment.

"§ 168A-10. *Retaliation prohibited.*—No employer shall discharge, expel, refuse to hire, or otherwise discriminate against any person or applicant for employment, nor shall any employment agency discriminate against any person, nor shall a labor organization discriminate against any member or applicant for membership because such person has opposed any practice made a discriminatory practice by this Chapter or because he has testified, assisted or participated in any manner in proceedings under this Chapter.

"§ 168A-11. *Civil action.*—(a) A handicapped person aggrieved by a discriminatory practice prohibited by G.S. 168A-5 through 168A-8, or a person aggrieved by conduct prohibited by G.S. 168A-10, may bring a civil action to enforce rights granted or protected by this Chapter against any person described in G.S. 168A-5 through 168A-8 or in G.S. 168A-10 who is alleged to have committed such practices or engaged in such conduct. The action shall be commenced in superior court in the county where the alleged discriminatory practice or prohibited conduct occurred or where the plaintiff or defendant resides. Such action shall be tried to the court without a jury.

(b) Any relief granted by the court shall be limited to declaratory and injunctive relief, including orders to hire or reinstate an aggrieved person or admit such person to a labor organization. In a civil action brought to enforce provisions of this Chapter relating to employment, the court may award back pay. Any such back pay liability shall not accrue from a date more than two years prior to the filing of an action under this Chapter. Interim earnings or amounts earnable with reasonable diligence by the aggrieved person shall operate to reduce the back pay otherwise allowable.

(c) No court shall have jurisdiction over an action filed under this Chapter where the plaintiff has commenced federal judicial or administrative proceedings under Section 503 or Section 504 of the Vocational Rehabilitation Act of 1973, 29 U.S.C. ++ 793 and 794, as amended, or federal regulations promulgated thereunder, involving or arising out of the facts and circumstances involved in the alleged discriminatory practice under this Chapter. If such proceedings are commenced after a civil action has been commenced under this Chapter, the State court's jurisdiction over the civil action shall end and the action shall be forthwith dismissed.

(d) In any civil action brought under this Chapter, the court, in its discretion, may award reasonable attorney's fees to the substantially prevailing party as part of costs.

"§ 168A-12. *Statute of limitations.*—A civil action brought pursuant to this Chapter shall be commenced within 180 days after the date on which the aggrieved person became aware or, with reasonable diligence, should have become aware of the alleged discriminatory practice or prohibited conduct."

Sec. 2. G.S. 126-16 is amended in the first sentence by deleting the words "physical disability" and substituting the phrase "handicapping condition as defined in G.S. 168A-3".

Sec. 3. G.S. 168-6 is repealed.

Sec. 4. This act shall become effective October 1, 1985.

In the General Assembly read three times and ratified, this the 3rd day of July, 1985.

S.B. 288 **CHAPTER 572**

AN ACT TO ESTABLISH CLEARER AND STRONGER STANDARDS FOR AGREEMENTS BETWEEN DOMESTIC INSURERS AND REINSURERS.

The General Assembly of North Carolina enacts:

Section 1. Article 6 of General Statutes Chapter 58 is amended by adding three new sections to read:

"§ 58-72.1. *Credit allowed a domestic ceding insurer.*—(a) As used in this section, in G.S. 58-72.2, and in G.S. 58-72.3:

(1) 'Insurer' includes an underwriting member of an insurance exchange.
(2) 'Liability' includes all reserves.
(3) 'Same standards of solvency' means, at a minimum, the capital and surplus requirements applicable to a domestic insurer transacting the same lines of insurance or reinsurance.

(b) Credit for reinsurance shall be allowed a domestic ceding insurer as either an asset or a deduction from liability on account of reinsurance ceded only when:

(1) The reinsurance is ceded to an assuming insurer that is licensed to transact insurance or reinsurance or otherwise accredited as a reinsurer in this State; or licensed in at least one state that employs standards regarding credit for reinsurance substantially similar to those applicable under this subsection and the assuming insurer conforms to the same standards of solvency that would be required of the insurer if it were licensed in this State; or
(2) The reinsurance is ceded to an assuming insurer that maintains a trust fund in a United States bank or trust company for the payment of the valid claims of its United States policyholders and ceding insurers and their assigns and successors in interest. To enable the Commissioner to determine the sufficiency of the trust fund, the assuming insurer shall annually report to the

Commissioner information substantially the same as that required to be reported by licensed insurers on the National Association of Insurance Commissioners annual statement form. In the case of a single assuming insurer, the trust shall consist of a trusteed account representing the assuming insurer's liabilities attributable to business written in the United States and, in addition, shall include a trusteed surplus of not less than twenty million dollars ($20,000,000). In the case of a group of individual unincorporated underwriters, the trust shall consist of a trusteed account representing the group's liabilities attributable to business written in the United States and, in addition, shall include a trusteed surplus of not less than one hundred million dollars ($100,000,000); and the group shall make available to the Commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants. This trust shall be established in a form approved by the Commissioner in a United States bank or trust company that is a member of the Federal Reserve System. The trust instrument shall provide that contested claims shall be valid and enforceable upon the final order of any court of competent jurisdiction in the United States. The trust shall vest legal title to its assets in the trustees of the trust for its United States policyholders and ceding insurers and their assigns and successors in interest. The trust and the assuming insurer shall be subject to examination as determined by the Commissioner. The trust described in this subdivision must remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust.

No later than February 28 of each year the trustees of the trust shall report to the Commissioner in writing, set forth the balance of the trust, and list the trust's investments at the preceding year's end; and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the following December 31; or

(3) The reinsurance is ceded to an assuming insurer not meeting the requirements of subdivisions (1) or (2) of this subsection, but only with respect to the insurance of risks located in jurisdictions other than the United States where such reinsurance is required by applicable law or regulation of that jurisdiction; and

(4) The reinsurance is documented by a policy, certificate, treaty, or other form of agreement that is properly executed by an authorized officer of the assuming insurer. In the event that the reinsurance is ceded through an underwriting manager or agent, the manager or agent shall provide to the domestic ceding insurer evidence of his authority to assume reinsurance for and on behalf of the assuming insurer. The evidence shall consist of either an acceptable letter of authority executed by an authorized officer of the assuming insurer or a copy of the actual agency agreement between the underwriting manager or agent and the assuming

insurer; and the evidence shall be specific as to the classes of business within the authority and as to the term of the authority.

(c) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this State, the credit permitted by subdivisions (b)(1) and (b)(2) of this section shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(1) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, will submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, will comply with all requirements necessary to give that court jurisdiction, and will abide by the final decision of that court, or of any appellate court in the event of an appeal; and

(2) That the assuming insurer will designate the Commissioner as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding company.

This subsection shall not conflict with the obligation of parties to a reinsurance agreement to arbitrate their disputes, if such an obligation is created in the agreement.

"§ 58-72.2. *Reduction from liability for reinsurance ceded to an assuming insurer.*—A reduction from liability for reinsurance ceded to an assuming insurer that does not meet the requirements of G.S. 58-72.1 shall be allowed in an amount that does not exceed the liabilities carried by the ceding insurer for funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations under the contract, if that security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; and, in the case of a trust, held in a United States bank or trust company that is a member of the Federal Reserve System. This security may be in the form of:

(1) Cash;

(2) Securities that are listed by the Securities Valuation Office of the National Association of Insurance Commissioners and that are qualified as admitted assets;

(3) Clean, irrevocable, unconditional letters of credit, issued or confirmed by a bank or trust company that is a member of the Federal Reserve System; or

(4) Any other form of security that is acceptable to the Commissioner.

"§ 58-72.3. *Insolvency of ceding insurer; exceptions.*—No credit shall be allowed, as an admitted asset or as a deduction from liability, to any ceding insurer for reinsurance, unless the reinsurance is payable by the assuming insurer, on the basis of claims allowed against the ceding insurer under the contract or contracts reinsured without diminution because of the insolvency of the ceding insurer, directly to the ceding insurer or to its domiciliary receiver except (1) where the contract specifically provides for another payee of the reinsurance in the event of the insolvency of the ceding insurer or (2) where the assuming insurer, with the consent of the

direct insured or insureds, has assumed the policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under the policies and in substitution for the obligations of the ceding insurer to the payees."

Sec. 2. G.S. 58-39.3 is repealed.

Sec. 3. G.S. 58-155.11(b) is amended in the second line by inserting after "contracts" the following:

", including reinsurance contracts or treaties".

Sec. 4. G.S. 58-155.1(b) is amended in the fifth line by changing the comma after "section" to a period and by striking the rest of the subsection.

Sec. 5. This act shall become effective October 1, 1985.

In the General Assembly read three times and ratified, this the 3rd day of July, 1985.

Sec. 2. This act does not revive any interests rendered ineffective under the provisions of G.S. 1-42.1 through G.S. 1-42.8 and G.S. 1-42.9. Nor does this act extend the time established in Chapter 502 of the 1983 Session Laws for preserving and keeping effective any fee simple interest in oil, gas, or minerals founded upon any reservation or exception contained in an instrument conveying the surface estate in fee simple that was executed or recorded at least 30 years or more prior to September 1, 1983, if the board of county commissioners where the land lies published the notice required by Chapter 502 of the 1983 Session Laws.

The General Assembly of North Carolina enacts:

Section 1. G.S. 48-23 is amended by inserting between subdivisions (2) and (3) a new subdivision (2a) to read:

"(2a) Notwithstanding subdivisions (1) and (2), a biological grandparent is entitled to visitation rights with the adopted child as provided in G.S. 50-13.2(b1), 50-13.2A, and 50-13.5(j)."

"§ 50-13.2A. *Action for visitation of an adopted grandchild.*—A biological grandparent may institute an action or proceeding for visitation rights with a child adopted by a stepparent or a relative of the child where a substantial relationship exists between the grandparent and the child. Under no circumstances shall a biological grandparent of a child adopted by adoptive parents, neither of whom is related to the child and where parental rights of both biological parents have been terminated, be entitled to visitation rights. A court may award visitation rights if it determines that visitation is in the best interest of the child. S.B. 578 **CHAPTER 576**

AN ACT TO AMEND G.S. 143-138(h).

The General Assembly of North Carolina enacts:

Section 1. G.S. 143-138(h) is rewritten to read:

"(h) Violations. Any person who shall be adjudged to have violated this Article or the North Carolina State Building Code, except for violations of occupancy limits established by either, shall be guilty of a misdemeanor and shall upon conviction be liable to a fine, not to exceed fifty dollars ($50.00), for each offense. Each 30 days that such violation continues shall constitute a separate and distinct offense. Violation of occupancy limits established pursuant to the North Carolina State Building Code shall be a misdemeanor subject to a one hundred dollar ($100.00) fine for a first offense, a two hundred fifty dollar ($250.00) fine for a second offense, and a five hundred dollar ($500.00) fine and up to 30 days imprisonment for a third and any subsequent offenses. "Mental Health, Mental Retardation,
and Substance Abuse Act of 1985.
"Article 1.
"General Provisions.

"§ 122C-1. *Short title.*—This Chapter may be cited as the Mental Health, Mental Retardation, and Substance Abuse Act of 1985.

"§ 122C-2. *Policy.*—The policy of the State is to assist individuals with mental illness, mental retardation, and substance abuse problems in ways consistent with the dignity, rights, and responsibilities of all North Carolina citizens. Within available resources it is the obligation of State and local government to provide services to eliminate, reduce, or prevent the disabling effects of mental illness, mental retardation, and substance abuse through a service delivery system designed to meet the needs of clients in the least restrictive available setting, if the least restrictive setting is therapeutically most appropriate, and to maximize their quality of life.

State and to local governments shall develop and maintain a unified system of services centered in area programs. The public service system will strive to provide a continuum of services for clients while considering the availability of services in the private sector.

The furnishing of services to implement the policy of this section requires the cooperation and financial assistance of counties, the State, and the federal government.

"§ 122C-3. *Definitions.*—As used in this Chapter, unless another meaning is specified or the context clearly requires otherwise, the following terms have the meanings specified:

With the consent of the client or his legally responsible person, the professionals responsible for the plans shall contact appropriate agencies at the client's destination or in his home community before formulating the recommendations. A copy of the plan shall be furnished to the client or to his legally responsible person and, with the consent of the client, to the client's next of kin.

In recognization of the minor's status as a developing individual, the minor shall be provided opportunities to enable him to mature physically, emotionally, intellectually, socially, and vocationally. In view of the physical, emotional, and intellectual immaturity of the minor, the 24-hour facility shall provide appropriate structure, supervision and control consistent with the rights given to the minor pursuant to this Article. The facility shall also, where

practical, make reasonable efforts to ensure that each minor client receives treatment apart and separate from adult clients unless the treatment needs of the minor client dictate otherwise.

Each minor client who is receiving treatment or habilitation from a 24-hour facility has the right to:

(1) Communicate and consult with his parents or guardian or the agency or individual having legal custody of him;

A written statement shall be placed in the client's record that indicates the detailed reason for the restriction. The restriction shall be reasonable and related to the client's treatment or habilitation needs. A restriction is effective for a period not to exceed 30 days. An evaluation of each restriction shall be conducted by the qualified professional at least every seven days, at which time the restriction may be removed. Each evaluation of a

restriction shall be documented in the client's record. Restrictions on rights may be renewed only by a written statement entered by the qualified professional in the client's record that states the reason for the renewal of the restriction. In the case of an adult client who has not been adjudicated incompetent, in each instance of an initial restriction or renewal of a restriction of rights, an individual designated by the client shall, upon the consent of the client, be notified of the restriction and of the reason for it. In the case of a minor client or an incompetent adult client, the legally responsible person shall be notified of each instance of an initial restriction or renewal of a restriction of rights and of the reason for it. Notification of the designated individual or legally responsible person shall be documented in writing in the client's record.

(f) The Commission may adopt rules to implement subsection (e) of this section.

(g) With regard to clients being held to determine capacity to proceed pursuant to G.S. 15A-1002 or clients in a facility for substance abuse, and notwithstanding the prior provisions of this section, the Commission may adopt rules restricting the rights set forth under (b)(2) and (d)(3) of this section if restrictions are necessary and reasonable in order to protect the health, safety, and welfare of the client involved or other clients.

(h) The rights stated in subdivisions (b)(2), (b)(4), (b)(5), (b)(10), (d)(3), (d)(5) and (d)(8) may be modified in a general hospital by that hospital to be the same as for other patients in that hospital; provided that any restriction of a specific client's rights shall be done in accordance with the provisions of subsection (e) of this section.

"§ 122C-63. *Assurance for continuity of care for individuals with mental retardation.*—(a) Any individual with mental retardation admitted for residential care or treatment for other than respite or emergency care to any residential facility operated under the authority of this Chapter and supported all or in part by State appropriated funds has the right to residential placement in an alternative facility if the client is in need of placement and if the original facility can no longer provide the necessary care or treatment.

(b) The operator of a residential facility providing residential care or treatment, for other than respite or emergency care, for individuals with mental retardation shall notify the area authority serving the client's county of residence of his intent to close a facility or to discharge a client who may be in need of continuing care at least 60 days prior to the closing or discharge.

The operator's notification to the area authority of intent to close a facility or to discharge a client who may be in need of continuing care constitutes the operator's acknowledgement of the obligation to continue to serve the client until:

(1) The area authority determines that the client is not in need of continuing care;
(2) The client is moved to an alternative residential placement; or
(3) Sixty days have elapsed;

whichever occurs first.

In cases in which the safety of the client who may be in need of continuing care, of other clients, of the staff of the residential facility, or

of the general public, is concerned, this 60-day notification period may be waived by securing an emergency placement in a more secure and safe facility. The operator of the residential facility shall notify the area authority that an emergency placement has been arranged within 24 hours of the placement. The area authority and the Secretary shall retain their respective responsibilities upon receipt of this notice.

(c) An individual who may be in need of continuing care may be discharged from a residential facility without further claim for continuing care against the area authority or the State if:

(1) After the parent or guardian, if the client is a minor or an adjudicated incompetent adult, or the client, if an adult not adjudicated incompetent, has entered into a contract with the operator upon the client's admission to the original residential facility the parent, guardian, or client who entered into the contract refuses to carry out the contract, or

(2) After an alternative placement for a client in need of continuing care is located, the parent or guardian who admitted the client to the residential facility, if the client is a minor or an adjudicated incompetent adult, or the client if an adult not adjudicated incompetent, refuses the alternative placement.

(d) Decisions made by the area authority regarding the need for continued placement or regarding the availability of an alternative placement of a client may be appealed pursuant to the appeals process of the area authority and subsequently to the Secretary or the Commission under their rules. If the appeal process extends beyond the operator's 60-day obligation to continue to serve the client, the Secretary shall arrange a temporary placement in a State facility for the mentally retarded pending the outcome of the appeal.

(e) The area authority that serves the county of residence of the client is responsible for assessing the need for continuity of care and for the coordination of the placement among available public and private facilities whenever the authority is notified that a client may be in need of continuing care. If an alternative placement is not available beyond the operator's 60-day obligation to continue to serve the client, the Secretary shall arrange for a temporary placement in a State facility for the mentally retarded. The area authority shall retain responsibility for coordination of placement during a temporary placement in a State facility.

(f) The Secretary is responsible for coordinative and financial assistance to the area authority in the performing of its duties to coordinate placement so as to assure continuity of care and for assuring a continuity of care placement beyond the operator's 60-day obligation period.

(g) The area authority's financial responsibility, through local and allocated State resources, is limited to:

(1) Costs relating to the identification and coordination of alternative placements;

(2) If the original facility is an area facility, maintenance of the client in the original facility for up to 60 days; and

(3) Release of allocated categorical State funds used to support the care or treatment of the specific client at the time of alternative placement if the Secretary requires the release.

(h) In accordance with G.S. 143B-147(a)(1) the Commission shall develop programmatic rules to implement this section, and, in accordance with G.S. 122C-112(a)(6), the Secretary shall adopt budgetary rules to implement this section.

"§ 122C-64. *Human rights committees.*—Human rights committees responsible for protecting the rights of clients shall be established at each State facility and may be established for area authorities. The Commission shall adopt rules for the establishment of committees. These rules shall include the composition and duties of the committees and procedures for appointment of the members by the Secretary for State facilities and by the area board for area authorities.

"§ 122C-65. *Offenses relating to clients.*—(a) For the protection of clients receiving treatment or habilitation in a 24-hour facility, it is unlawful for any individual who is not a mentally retarded client in a facility:

(1) To assist, advise, or solicit, or to offer to assist, advise, or solicit a client of a facility to leave without authority;

(2) To transport or to offer to transport a client of a facility to or from any place without the facility's authority;

(3) To receive or to offer to receive a minor client of a facility into any place, structure, building, or conveyance for the purpose of engaging in any act that would constitute a sex offense, or to solicit a minor client of a facility to engage in any act that would constitute a sex offense;

(4) To hide an individual who has left a facility without authority; or

(5) To engage in, or offer to engage in an act with a client of a facility that would constitute a sex offense.

(b) Violation of this section is a misdemeanor and is punishable as provided in G.S. 14-3.

"§ 122C-66. *Protection from abuse and exploitation; reporting.*—(a) An employee of or a volunteer at a facility who, other than as a part of generally accepted medical or therapeutic procedure, knowingly causes pain or injury to a client or borrows or takes personal property from a client is guilty of a misdemeanor and is punishable as provided in G.S. 14-3. Any employee or volunteer who uses reasonable force to carry out the provisions of G.S. 122C-60 or to protect himself or others from a violent client does not violate this subsection.

(b) An employee of a facility who witnesses or has knowledge of a violation of subsection (a) or of an accidental injury to a client shall report the violation or accidental injury to authorized personnel designated by the facility. No employee making a report may be threatened or harassed by any other employee or volunteer on account of the report. Violation of this subsection is a misdemeanor punishable by a fine, not to exceed five hundred dollars ($500.00).

(c) The identity of an individual who makes a report under this section or who cooperates in an ensuing investigation may not be disclosed

without his consent, except to persons authorized by the facility or by State or federal law to investigate or prosecute these incidents, or in a grievance or personnel hearing or civil or criminal action in which a reporting individual is testifying, or when disclosure is legally compelled or authorized by judicial discovery. This subsection shall not be interpreted to require the disclosure of the identity of an individual where it is otherwise prohibited by law.

(d) An employee who makes a report in good faith under this section is immune from any civil liability that might otherwise occur for the report. In any case involving liability, making of a report under this section is *prima facie* evidence that the maker acted in good faith.

(e) The duty imposed by this section is in addition to any duty imposed by G.S. 7A-543 or G.S. 108A-102.

(f) The facility shall investigate or provide for the investigation of all reports made under the provisions of this section.

"§ 122C-67. *Other rules regarding abuse, exploitation, neglect not prohibited.*—G.S. 122C-66 does not prohibit the Commission from adopting rules for State and area facilities and does not prohibit other facilities from issuing policies regarding other forms of prohibited abuse, exploitation, or neglect.

"§ 122C-116. *Status of area authority.*—An area authority is a local political subdivision of the State except that a single county area authority is considered a department of the county in which it is located for the purposes of Chapter 159 of the General Statutes.

In order to accomplish this objective, an area authority desiring designation as a single portal area shall present to the Secretary a single portal of entry and exit plan approved by the area board. The decision as to whether to choose to submit a plan is in the discretion of the area authority after weighing the policy goal stated in this subsection and in G.S. 122C-101.

(b) In order for a single portal area to be designated, the single portal of entry and exit plan shall be subject to approval by the Secretary. Once an area is designated by the Secretary as a single portal area, any changes to the plan shall be subject to approval by the Secretary. However, an approved plan and designation as a single portal area shall remain in force pending approval of any changes.

"Part 4. Area Facilities.

"§ 122C-141. *Provision of services.*—(a) The area authority may provide services directly and may contract with other public or private agencies, institutions, or resources for the provision of services.

(b) All area authority services provided directly or under contract shall meet the requirements of applicable State statutes and the rules of the Commission and the Secretary. The Secretary may also monitor contracted services to assure that rules and State statutes are met.

(b) When the area authority contracts for services, it may provide funds to purchase liability insurance, to provide legal representation, and to pay any claim with respect to liability for acts, omissions, or decisions by members of the boards or employees of the persons with whom the area authority contracts. These acts, omissions, and decisions shall be ones that arise out of the performance of the contract and may not result from actual fraud, corruption, or actual malice on the part of the board members or employees.

"§ 122C-143. *Plans and budgets required by the Secretary.*—(a) Subject to the rules of the Secretary, area authorities shall develop and submit plans and budgets, including annual plans and budgets that provide for the delivery of services to residents of the catchment area.

(b) The annual plan and budget shall include an inventory of existing services, a description of the needs of catchment area residents, and major actions to be completed by the area authority to meet the identified needs.

It shall also include strategies consistent with Parts 7 and 8 of Article 5 of this Chapter for maximum utilization of area facilities.

(c) The annual plan and budget shall include a plan for contracting with those State facilities designated to serve residents of the catchment area.

(d) The annual plan and budget shall show the planned spending of all local, State, and federal funds for each service according to the source of the funds.

(e) In addition to annual plans and budgets, the Secretary may require area authorities to develop with State facilities joint long-range plans that identify needs and resources to address those needs in the least restrictive setting, if the least restrictive setting is therapeutically most appropriate, and that provide a method for coordination of services.

(f) Plans and budgets and subsequent changes are subject to approval by the Secretary. If the Secretary disapproves a plan and budget or subsequent changes, the Secretary may delay payments and with written notification of cause may reduce or deny payment of funds. If the Secretary later approves the plan and budget or subsequent changes, restoration of funds is within the discretion of the Secretary.

"§ 122C-144. *Reports.*—(a) Periodically as specified by the Secretary by rule, each area authority shall provide the Secretary and the board or boards of county commissioners with:

(1) A budget report that indicates receipts and expenditures for the total area authority according to a reporting format prescribed by the Secretary. This format shall conform as nearly as practical to the recommended budget format of the Local Government Commission under the provisions of the Local Government Budget and Fiscal Control Act, Article 3 of Chapter 159 of the General Statutes; and

(2) An audit report prepared by an independent certified public accountant, which report may be made by the county independent certified public accountant as a part of the county's normal annual audit if satisfactory to the Secretary.

(b) The Secretary may require reports of activities and services of the area authority, but the reports may not identify individual clients of the area authority unless specifically required by State statute, federal statute or regulation, or unless valid consent for the release has been given by the client or legally responsible person.

(c) Reports required of the area authority by the Secretary shall be reviewed by the Secretary biennially, and only those reports considered necessary by the Secretary shall thereafter be required.

(d) If an area authority fails to file required reports within the time limit set by the Secretary, the Secretary may:

(1) delay payments; and

(2) with written notification of cause and subject to an appeal as provided by G.S. 122C-145, may reduce or deny payment of funds.

"§ 122C-145. *Appeal by area authorities.*—(a) The area authority may appeal to the Commission any action regarding rules under the jurisdiction of the Commission or rules under the joint jurisdiction of the Commission and the Secretary.

(b) The area authority may appeal to the Secretary any action regarding rules under the jurisdiction of the Secretary.

(c) Appeals shall be conducted according to rules adopted by the Commission and Secretary and in accordance with Chapter 150A of the General Statutes.

"§ 122C-146. *Fee for service.*—The area authority and its contractual agencies shall prepare fee schedules for services and shall make every reasonable effort to collect appropriate reimbursement for costs in providing these services from individuals able to pay, including insurance and third-party payment. However, no individual may be refused services because of an inability to pay. All funds collected from fees from area authority operated services shall be used for the fiscal operation or capital improvements of the area authority's programs. The collection of fees by an area authority may not be used as justification for reduction or replacement of the budgeted commitment of local tax revenue.

"§ 122C-147. *Allocation of funds to area authorities.*—(a) All State and federal funds appropriated within the Department's budget for area mental health, mental retardation, and substance abuse services shall be allocated to area authorities in accordance with the annual plan and budget adopted by the area authority and approved by the Secretary. An area authority may receive and allocate non-State resources for capital purchases, capital improvements, and equipment acquisitions if the expenditures are made in the support of the annual plan. The final share of State and federal funds shall be allocated on the basis of actual expenditures and reported in a way prescribed by the Secretary. Unspent State and federal funds shall be remitted to the Department within 60 days after the date that a certified audit is rendered as required by the Local Government Commission. If an audit is not submitted to the State within five days of the due date for the audit as approved by the Local Government Commission, Department funds for the area authority may be withheld by the Secretary until the audit is submitted.

(b) Unless otherwise specified by the Secretary, State appropriations to area authorities shall be used exclusively for the operating costs of the area authority; provided however:

(1) The Secretary may specify that designated State funds may be used by area authorities (i) for the purchase, alteration, improvement, or rehabilitation of real estate to be used as a residential facility or (ii) in contracting with a private, nonprofit corporation that operates residential facilities for the mentally ill, mentally retarded, or substance abusers and according to the terms of the contract between the area authority and the private, nonprofit corporation, for the purchase, alteration, improvement, rehabilitation of real estate or, to make a lump sum down payment or periodic payments on a real property mortgage in the name of the private, nonprofit corporation.

(2) Upon cessation of the use of the residential facility by the area authority, if operated by the area authority, or upon termination, default, or nonrenewal of the contract if operated by a contractual agency, the Department shall be reimbursed in accordance with

rules adopted by the Secretary for the Department's participation in the purchase of the residential facility.

(c) All real property purchased for use by the area authority shall be provided by local or federal funds unless otherwise allowed under subsection (b) of this section. The title to this real property and the authority to acquire it is held by the county where the property is located. The authority to hold title to real property and the authority to acquire it may be held by the area authority with the consent of the board or boards of commissioners of all the counties which comprise the area authority. The consent to this variation shall be by resolution of the affected board or boards of county commissioners and may have any necessary or proper conditions, including provisions for distribution of the proceeds in the event of disposition of the property by the area authority.

(d) The area authority may lease real property.

(e) Equipment necessary for the operation of the area authority may be obtained with local, State, federal, or donated funds, or a combination of these.

(f) The area authority may acquire or lease personal property, including by lease-purchase agreement. Title to personal property may be held by the area authority.

(g) All area authority funds shall be spent in accordance with the rules of the Secretary. Failure to comply with the rules is grounds for the Secretary to stop participation in the funding of the particular program. The Secretary may withdraw funds from a specific program of services not being administered in accordance with an approved plan and budget after written notice and subject to an appeal as provided by G.S. 122C-145 and Chapter 150A of the General Statutes.

(h) Notwithstanding subsection (b) of this section and in addition to the purposes listed in that subsection, the funds allocated by the Secretary for services for members of the class identified in Willie M., et al. vs. Hunt, et al. (C-C-79-294, Western District) may be used for the purchase, alteration, improvement, or rehabilitation of real property owned or to be owned by a nonprofit corporation and used or to be used as a facility.

(i) Notwithstanding subsection (c) of this section and in addition to the purposes listed in that subsection, funds allocated by the Secretary for services for members of the class identified in Willie M., et al. vs. Hunt, et al. (C-C-79-294, Western District) may be used for the purchase, alteration, improvement, or rehabilitation of real property used by an area authority as long as the title to the real property is vested in the county where the property is located or is vested in another governmental entity. If the property ceases to be used in accordance with the annual plan, the unamortized part of funds spent under this subsection for the purchase, alteration, improvement, or rehabilitation of real property shall be returned to the Department, in accordance with the rules of the Secretary.

(j) Notwithstanding subsection (c) of this section the area authority, with the approval of the Secretary, may use local funds for the alteration, improvement, and rehabilitation of real property owned by a nonprofit corporation under contract with the area authority and used or to be used as a residential facility. Prior to the use of county appropriated funds for this purpose, the area authority must obtain consent of the board or

boards of commissioners of all the counties which comprise the area authority. The consent shall be by resolution of the affected board or boards of county commissioners and may have any necessary or proper conditions, including provisions for distribution of the proceeds in the event of disposition of the property.

"§ 122C-148. *Allocations to be made annually; base grant; additional allocations.*—Subject to the provisions of this Article, allocations shall be made annually by the Secretary to area authorities for the provision of community-based services. Provided sufficient funds are appropriated, the allocations shall be made in the form of a base grant computed on the basis of one thousand two hundred dollars ($1,200) per 1,000 population within the catchment area. Additional allocations may be made to area authorities on the conditions and formula bases provided by G.S. 122C-147 through G.S. 122C-151.

"§ 122C-149. *Allocation of matching funds to area authorities.*—(a) State appropriated matching funds shall be distributed subject to rules of the Secretary which set a formula based on the relative fiscal capacity of the county to fund mental health, mental retardation, and substance abuse services. The rules shall be reviewed biennially by the Secretary. Area authority funds used for matching State funds shall include fees from services including Medicare and the local and federal share of Medicaid receipts, fees from agencies under contract, gifts and donations, and county and municipal funds. Except as specifically provided, area financial participation to match State allocations may not include State or federal funds.

(b) Area authorities may not use funds received under G.S. 20-179.2(f) or G.S. 90-96.01(a)(4) to match funds under this section.

"§ 122C-150. *Direct grants for services.*—In addition to the allocations provided in G.S. 122C-148 and G.S. 122C-149, the Department shall make direct grants to area authorities from State and federal funds appropriated for special programs. The grants shall be for the treatment of individuals by area facilities rather than in State facilities and shall be administered as provided in G.S. 122C-147.

"§ 122C-151. *Responsibilities of those receiving appropriations.*—All resources allocated to and received by any area authority and used for programs of mental health, mental retardation, substance abuse or other related fields are subject to the conditions specified in this Article and to the rules of the Commission and the Secretary.

"§ 122C-152. *Liability insurance and waiver of immunity as to torts of agents, employees, and board members.*—(a) An area authority, by securing liability insurance as provided in this section, may waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent, employee, or board member of the area authority when acting within the scope of his authority or within the course of his duties or employment. Governmental immunity is waived by the act of obtaining this insurance, but it is waived only to the extent that the area authority is indemnified by insurance for the negligence or tort.

(b) Any contract of insurance purchased pursuant to this section shall be issued by a company or corporation licensed and authorized to execute

insurance contracts in this State and shall by its terms adequately insure the area authority against any and all liability for any damages by reason of death or injury to a person or property proximately caused by the negligent acts or torts of the agents, employees, and board members of the area authority when acting within the course of their duties or employment. The area board shall determine the extent of the liability and what agents, employees by class, and board members are covered by any insurance purchased pursuant to this subsection. Any company or corporation that enters into a contract of insurance as described in this section with the authority, by this act waives any defense based upon the governmental immunity of the area authority.

(c) Any persons sustaining damages, or, in the case of death, his personal representative, may sue an area authority insured under this section for the recovery of damages in any court of competent jurisdiction in this State, but only in a county located within the geographic limits of the authority. It is no defense to any action that the negligence or tort complained of was in pursuance of a governmental or discretionary function of the area authority if, and to the extent that, the authority has insurance coverage as provided by this section.

(d) Except as expressly provided by subsection (c) of this section, nothing in this section deprives any area authority of any defense whatsoever to any action for damages or to restrict, limit, or otherwise affect any defense which the area authority may have at common law or by virtue of any statute. Nothing in this section relieves any person sustaining damages nor any personal representative of any decedent from any duty to give notice of a claim to the area authority or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

(e) The area authority may incur liability pursuant to this section only with respect to a claim arising after the authority has procured liablity insurance pursuant to this section and during the time when the insurance is in force.

(f) No part of the pleadings that relate to or allege facts as to a defendant's insurance against liability may be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. This liability does not attach unless the plaintiff waives the right to have all issues of law or fact relating to insurance in the action determined by a jury. These issues shall be heard and determined by the judge, and the jury shall be absent during any motions, arguments, testimony, or announcement of findings of fact or conclusions of law with respect to insurance.

"§ 122C-153. *Defense of agents, employees, and board members.*—(a) Upon request made by or in behalf of any agent, employee, or board member or former agent, employee, or board member of the area authority, any area authority may provide for the defense of any civil or criminal action or proceeding brought against him either in his official or in his individual capacity, or both, on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as an agent, employee, or board member. The defense may be provided by the local board by employing counsel or

by purchasing insurance that requires that the insurer provide the defense. Nothing in this section requires any area authority to provide for the defense of any action or proceeding of any nature.

(b) An area authority may budget funds for the purpose of paying all or part of the claim made or any civil judgment entered against any of its agents, employees, or board members or former agents, employees, or board members when a claim is made or judgment is rendered as damages on account of any act done or omission made, or any act allegedly done or omission allegedly made, in the scope and course of his duty as an agent, employee, or board member of the area authority. Nothing in this section shall authorize any area authority to budget funds for the purpose of paying any claim made or civil judgment against any of its agents, employees, or board members, or former agents, employees, or board members, if the authority finds that the agent, employee, or board member acted or failed to act because of actual fraud, corruption, or actual malice on his part. Any authority may budget for and purchase insurance coverage for payment of claims or judgments pursuant to this section. Nothing in this section requires any authority to pay any claim or judgment referred to, and the purchase of insurance coverage for payment of the claim or judgment may not be considered an assumption of any liability not covered by the insurance contract and may not be deemed an assumption of liability or payment of any claim or judgment in excess of the limits of coverage in the insurance contract.

(c) Subsection (b) of this section does not authorize an authority to pay all or part of a claim made or civil judgment entered or to provide a defense to a criminal charge unless (i) notice of the claim or litigation is given to the area authority before the time that the claim is settled or civil judgment is entered; and (ii) the area authority has adopted, and made available for public inspection, uniform standards under which claims made, civil judgments entered, or criminal charges against agents, employees, or board members or former agents, employees, or board members shall be defended or paid.

(d) The board or boards of county commissioners that establish the area authority and the Secretary may allocate funds not otherwise restricted by law, in addition to the funds allocated for the operation of the program, for the purpose of paying legal defense, judgments, and settlements under this section.

"§ 122C-154. *Personnel.*—Employees under the direct supervision of the area authority are employees of the area authority. For the purpose of personnel administration, Chapter 126 of the General Statutes applies unless otherwise provided in this Article.

"§ 122C-155. *Supervision of services.*—Unless otherwise specified, client services are the responsibility of a qualified professional. Direct medical and psychiatric services shall be provided by a qualified psychiatrist or a physician with adequate training and experience acceptable to the Secretary.

"§ 122C-156. *Salary plan for employees of the area authority.*—(a) The area authority shall establish a salary plan which shall set the salaries for employees of the area authority. The salary plan shall be in compliance with Chapter 126 of the General Statutes. In a multi-county area, the

salary plan shall not exceed the highest paying salary plan of any county in that area. In a single-county area, the salary plan shall not exceed the county's salary plan. The salary plan limitations set forth in this section may be exceeded only if the area authority and the board or boards of county commissioners, as the case may be, jointly agree to exceed these limitations.

(b) An area authority may purchase life insurance or health insurance or both for the benefit of all or any class of authority officers or employees as a part of its compensation. An area authority may provide other fringe benefits for authority officers and employees.

(c) An area authority that is providing health insurance under subsection (b) of this section may provide health insurance for all or any class of former officers and employees of the area authority who are receiving benefits under Article 3 of Chapter 128 of the General Statutes. Health insurance may be paid entirely by the area authority, partly by the area authority and former officer or employee, or entirely by the former officer or employee, at the option of the area board.

"§ 122C-157. *Establishment of a professional reimbursement policy.*—The area authority shall adopt and enforce a professional reimbursement policy. This policy shall (i)require that fees for the provision of services received directly under the supervision of the area authority shall be paid to the area authority,(ii) prohibit employees of the area authority from providing services on a private basis which require the use of the resources and facilities of the area authority, and (iii) provide that employees may not accept dual compensation and dual employment unless they have the written permission of the area authority.

"§ 122C-158. *Privacy of personnel records.*—(a) Notwithstanding the provisions of G.S. 132-6 or any other State statute concerning access to public records, personnel files of employees or applicants for employment maintained by an area authority are subject to inspection and may be disclosed only as provided by this section. For purposes of this section, an employee's personnel file consists of any information in any form gathered by the area authority with respect to that employee, including his application, selection or nonselection, performance, promotions, demotions, transfers, suspensions and other disciplinary actions, evaluation forms, leave, salary, and termination of employment. As used in this section, 'employee' includes former employees of the area authority.

(b) The following information with respect to each employee is a matter of public record: name; age; date of original employment or appointment to the area authority; current position title; current salary; date and amount of most recent increase or decrease in salary; date of the most recent promotion, demotion, transfer, suspension, separation, or other change in position classification; and the office to which the employee is currently assigned. The area authority shall determine in what form and by whom this information will be maintained. Any person may have access to this information for the purpose of inspection, examination, and copying during regular business hours, subject only to rules for the safekeeping of public records as the area authority may have adopted. Any person denied access to this information may apply to the appropriate

division of the General Court of Justice for an order compelling disclosure, and the court shall have jurisdiction to issue these orders.

(c) All information contained in an employee's personnel file, other than the information made public by subsection (b) of this section, is confidential and is open to inspection only in the following instances:

(1) The employee or an authorized agent may examine portions of his personnel file except (i) letters of reference solicited before employment, and (ii) information concerning a medical disability, mental or physical, that a prudent physician would not divulge to a patient.

(2) A licensed physician designated in writing by the employee may examine the employee's medical record.

(3) An area authority employee having supervisory authority over the employee may examine all material in the employee's personnel file.

(4) By order of a court of competent jurisdiction, any person may examine the part of an employee's personnel file that is ordered by the court.

(5) An official of an agency of the State or federal government, or any political subdivision of the State, may inspect any part of a personnel file pursuant to G.S. 122C-25(b) or G.S. 122C-192(a) or when the inspection is considered by the official having custody of the records to be inspected to be necessary and essential to the pursuance of a proper function of the inspecting agency. No information may be divulged for the purpose of assisting in a criminal prosecution of the employee or for the purpose of assisting in an investigation of the employee's tax liability. However, the official having custody of the records may release the name, address, and telephone number from a personnel file for the purpose of assisting in a criminal investigation.

(6) An employee may sign a written release, to be placed with the employee's personnel file, that permits the person with custody of the file to provide, either in person, by telephone or by mail, information specified in the release to prospective employers, educational institutions, or other persons specified in the release.

(7) The area authority may tell any person of the employment or nonemployment, promotion, demotion, suspension, or other disciplinary action, reinstatement, transfer, or termination of an employee and the reasons for that personnel action. Before releasing the information, the area authority shall determine in writing that the release is essential to maintaining public confidence in the administration of services or to maintaining the level and quality of services. This written determination shall be retained as a record for public inspection and shall become part of the employee's personnel file.

(d) Even if considered part of an employee's personnel file, the following information need not be disclosed to an employee nor to any other person:

(1) Testing or examination material used solely to determine individual qualifications for appointment, employment, or

promotion in the area authority service, when disclosure would compromise the objectivity or the fairness of the testing or examination process.

(2) Investigative reports or memoranda and other information concerning the investigation of possible criminal action of an employee, until the investigation is completed and no criminal action taken, or until the criminal action is concluded.

(3) Information that might identify an undercover law enforcement officer or a law enforcement informer.

(4) Notes, preliminary drafts, and internal communications concerning an employee. In the event these materials are used for any official personnel decision, then the employee or an authorized agent has a right to inspect these materials.

(e) The area authority may permit access, subject to limitations it may impose, to selected personnel files by a professional representative of a training, research, or academic institution if that representative certifies that he will not release information identifying the employees whose files are opened and that the information will be used solely for statistical, research, or teaching purposes. This certification shall be retained by the area authority as long as each personnel file so examined is retained.

(f) The area authority that maintains personnel files containing information other than the information mentioned in subsection (b) of this section shall establish procedures whereby an employee who objects to material in the employee's file on grounds that it is inaccurate or misleading may seek to have the material removed from the file or may place in the file a statement relating to the material.

(g) Permitting access, other than that authorized by this section, to a personnel file of an employee of an area authority is a misdemeanor and is punishable by a fine, not to exceed five hundred dollars ($500.00).

(h) Anyone who, knowing that he is not authorized to do so, examines, removes, or copies information in a personnel file of an employee of an area authority is guilty of a misdemeanor and is punishable by a fine, not to exceed five hundred dollars ($500.00).

(b) Each area authority and State facility shall comply with the rules of the Commission regarding quality assurance activities, including: program evaluation; utilization and peer review; and staff qualifications, privileging, supervision, education, and training. These rules may not nullify compliance otherwise required by Chapter 126 of the General Statutes.

(c) Each area authority and State facility shall develop internal processes to monitor and evaluate the level of quality obtained by all its programs and services including the activities prescribed in the rules of the Commission.

(d) The Secretary shall develop rules for a review process to monitor area facilities and State facilities for compliance with the required quality assurance activities as well as other rules of the Commission and the Secretary.

"Article 5.
"Procedures for Admission and Discharge of Clients.
"Part 1. General Provisions.

"§ 122C-201. *Declaration of policy.*—It is State policy to encourage voluntary admissions to facilities. It is further State policy that no individual shall be involuntarily committed to a 24-hour facility unless he is mentally ill or a substance abuser and dangerous to himself or others, or unless he is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others. All admissions and commitments shall be accomplished under conditions that protect the dignity and constitutional rights of the individual.

It is further State policy that, except as provided in G.S. 122C-212(b), individuals who have been voluntarily admitted shall be discharged upon application and that involuntarily committed individuals shall be discharged as soon as a less restrictive mode of treatment is appropriate.

"§ 122C-202. *Applicability of Article.*—This Article applies to all facilities unless expressly provided otherwise. Specific provisions that are delineated by the disability of the client, whether mentally ill, mentally retarded, or substance abuser, also apply to all facilities for that client's disability. Provisions that refer to a specific facility or type of facility apply only to the designated facility or facilities.

"§ 122C-202.1. *Hospital privileges.*—Nothing in this Article related to admission, commitment, or treatment shall be deemed to mandate hospitals to grant or deny to any individuals privileges to practice in hospitals.

"§ 122C-203. *Admission or commitment and incompetency proceedings to have no effect on one another.*—The admission or commitment to a facility of an alleged mentally ill individual, an alleged substance abuser, or an alleged mentally retarded individual under the provisions of this Article shall in no way affect incompetency proceedings as set forth in Chapters 33 or 35 of the General Statutes and incompetency proceedings under those Chapters shall have no effect upon admission or commitment proceedings under this Article.

"§ 122C-204. *Civil liability for corruptly attempting admission or commitment.*—Nothing in this Article relieves from liability in any suit

instituted in the courts of this State any individual who unlawfully, maliciously, and corruptly attempts to admit or commit any individual to any facility under this Article.

"§ 122C-205. *Return of clients to 24-hour facilities.*—(a) When a client of a 24-hour facility who:

(1) Has been involuntarily committed;
(2) Is being detained pending a judicial hearing;
(3) Has been voluntarily admitted but is a minor or incompetent adult;
(4) Has been placed on conditional release from the facility; or
(5) Is a competent adult who has been voluntarily admitted and who, in the opinion of the responsible professional at the facility involved is currently dangerous to himself or others escapes or breaches the condition of his release, if applicable, the responsible professional shall immediately notify the appropriate law enforcement officer of the county of residence of the client, the appropriate law enforcement officer of the county where the facility is located, and, if applicable, shall have recorded in the client's record the condition of release that has been breached. If there are reasonable grounds to believe that the client is in any county other than his county of residence, the responsible professional shall also notify the appropriate law enforcement officer of that county. Upon receipt of notice, the law enforcement officer shall take the client into custody and have the client returned to the facility from which the client has escaped or has been conditionally released. Transportation of the client back to the facility shall be provided in the same manner as described in G.S. 122C-251. Law enforcement officers notified of a client's escape or breach of conditional release shall be notified of his return.

(b) The responsible professional shall also notify:

(1) The next of kin or legally responsible person;
(2) The clerk of superior court of the county of residence of the client;
(3) The area authority of the county of residence, if appropriate; and
